China in the 21st

**Century - Paperback -
Jeffrey N ...**

The Chinese Century is a neologism suggesting that the 21st century will be geopolitically dominated by the People's Republic of China, similar to how "the American Century" refers to the 20th century and "Pax Britannica" refers to the 19th. The phrase is used particularly in the assertion that the economy of China will overtake the economy of the United States as the largest national economy in the world, a position it held from 1500 to 1830 A.D. China created Shanghai Cooperation Organisation

china in the 21st century
As the start of the 21st century, China has become major global force— confident and booming economically (as if you didn't already know). The country's transformation has been blinding and unprecedented—with worldwide impact since it's taken place in context of globalization.

*China in the 21st Century:
What Everyone Needs to
Know ...*

China in the 21st century In November 2002, the 16th Communist Party Congress elected Hu Jintao, who in 1992 was designated by Deng Xiaoping as the "core" of the fourth generation leaders, the new General Secretary. A new Politburo and Politburo Standing Committee was also elected in November.

A 21st-century version of that doctrine is being crafted in Beijing and applied to East Asia. U.S. declining. The rise of China is half of the global picture.
