Chinese Century - Wikipedia
The 21st century. In the
Middle East, Africa and
elsewhere, growing instability
led to a number of resource
wars. Perversely, the hunt for
fossil fuels continued, with
even the Arctic becoming a
political and economic
battleground as nations
sought to claim the last
remaining deposits.

China in the 21st Century - Paperback - Jeffrey N ...

The Chinese Century is a neologism suggesting that the 21st century will be geopolitically dominated by the People's Republic of China, similar to how "the American Century" refers to the 20th century and "Pax Britannica" refers to the 19th. The phrase is used particularly in the assertion that the economy of China will overtake the economy of the United States as the largest national economy in the world, a position it held from 1500 to 1830 A.D. China created Shanghai Cooperation Organisation
[China in the 21st Century by Jeffrey N. Wasserstrom](#)
Thousands of years ago, China was an imperial nation

with grand ambitions of regional—and even world—domination. Though it was racked by war and economic catastrophe throughout the 20th century, the opening decades of the 21st century are seeing new attention paid to China as an economic and political superpower in the making.
