Chocky is a science fiction novel by British writer John Wyndham. It was first published as a novelette in the March 1963 issue of *Amazing Stories* and later developed into a novel in 1968, published by Michael Joseph. The BBC produced a radio adaption by John Tydeman in 1967.

Chocky John Wyndham

In Chocky, pioneering science-fiction master John Wyndham confronts an enigma as strange as anything found in his classic works *The Day of the Triffids* or *The Chrysalids*—the mind of a child. It's not terribly unusual for a boy to have an imaginary friend, but Matthew's parents have to agree that his—nicknamed Chocky—is anything but ordinary.

...

John Wyndham's late novel Chocky, published in 1968, just one year before his death (although it was based on a novelette published five years earlier), ponders this latter question. The narrator is David Gore, who lives an ordinary life in London with his wife Mary and their daughter, Polly, and their twelve-year-old adopted son, Matthew.

These are big problems but Chocky is mainly a moving and tender story revolving around a family's undying love for their adopted son and their desire to protect, but also to understand what is happening to him. John Wyndham is a master storyteller and some of the most frightening things happen when our cosy lives are threatened.
