What can we hope for at the end of the world? What can we trust in when community has broken our hearts? What would it mean to pursue justice without violence? How can we love in the absence of faith? In a heartbreaking yet hopeful collection of personal essays and prose poems, blending the confessional, political, and literary, Kai Cheng Thom dives deep into the questions that haunt social movements today. With the author's characteristic eloquence and honesty, I Hope We Choose Love proposes heartfelt solutions on the topics of violence, complicity, family, vengeance, and forgiveness. Taking its cues from contemporary thought leaders in the transformative justice movement such as adrienne maree brown and Leah Lakshmi Piepzna-Samarasinha, this provocative book is a call for nuance in a time of political polarization, for healing in a time of justice, and for love in an apocalypse.

From the USA TODAY bestselling author of Sweet Thing and Nowhere But Here comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

Rueben P. Job, author of Three Simple Rules, brings us a new insight on how to live a Christ-like life and explores the three most basic and profound questions at the center of our faith—questions that all major religions try to answer and around which there seems to be much confusion: Who is God? Who am I? Who are we together? In three brief and engaging chapters, readers will explore these questions and gain new understanding of the answers: Know that God is greater than you can imagine Believe that you are God's beloved child Be the love of Christ in the world They will also discover the greatness and goodness of God, the value of every beloved child of God, and the impact we can have in the world when we live as Jesus lived. Each chapter concludes with a simple spiritual practice to help readers remember and respond to what they have read, followed by a prayer. Now it is time for you to know, believe and become the answers. In its first paragraphs, Three Simple Questions triggered my hunger for hope. I hung on each word thereafter. By the time I finished my reading, I was filled to overflowing. I was drawn deeper by the notion of a God too small. Prayer as the place where we receive our identity was profound. I cheered with the truth that God loves all. I was intrigued by the imagery of my being a "holy chalice." The three daily practices are refreshing and engaging. In short, the read filled me with grace.

On December 14, 2012, Scarlett Lewis experienced something that no parent should ever have to endure: she lost her son Jesse in an act of unimaginable violence. The day started just like any other, but when a gunman opened fire at Sandy Hook Elementary School, Scarlett's life changed forever. However, this isn't a story about a massacre. It's a story about love and survival. It's about how to face the impossible, how to find courage when you think you have none, and how to choose love instead of anger, fear, or hatred. Following Jesse's death, Scarlett went on an unexpected journey, inspired by a simple three-word message he had scrawled on their kitchen chalkboard shortly before he died: Nurture Helin Love (Nurturing Healing Love). It was as if he knew just what his family would need in order to go on after this horrible tragedy. Bolstered by his words, Scarlett took her first step toward a new life. And with each step, it became clearer how true Jesse's message was. She learned that love was indeed the essential element necessary to move forward and that taking the path of love is a choice. We can live in anger and resentment, or we can choose love and forgiveness. With her decision made, she found some peace and began to believe that choosing love was the key to creating a healthy, safe, and happy world. She began the Jesse Lewis Choose Love Foundation to develop programs to teach children about the power each of us has to change our thoughts and choose a life without fear and hate. Nurturing Healing Love is Scarlett's story of how choosing love is changing her life—and how it could change our world. A portion of the proceeds from sales of this book will be donated to the Jesse Lewis Choose Love Foundation. Stormie Omartian's bestselling books on the power of prayer have touched millions of lives. Recent books have taken a closer look at the leading of the Holy Spirit and the call to be a prayer warrior for God. Now Stormie takes a fresh look at another powerful aspect of knowing our Creator...His amazing and great love for us. We reflect God most clearly when we are motivated by the power of love in all we say and do. But first we have to understand the depth of God's love for us and receive it. Then we must learn how to effectively express our love for Him. "One of the many ways we can show our love to God is to deliberately choose to show love to others and in every situation," says Stormie. "We can only accomplish this with the guidance and enablement of the Holy Spirit. When we do that, God blesses us and transforms our lives in ways we cannot even imagine. And we will have a sense of God's pleasure toward us that is far more valuable than anything else we may desire. This book is about making that sometimes difficult choice and the rewards that follow." Transform your heart, your relationships, and your future as you press into God's love and let the power of His life and character move through you.

IT'S THE THOUGHT THAT COUNTS When pharmaceutical scientist David R. Hamilton, Ph.D., observed the results of tests on new drugs, he noticed that patients receiving control placebo pills reported the same level of improvement as those receiving the actual drug. Seeing this result repeat itself time and time again, he became fascinated by the mind-body connection and started to research the work of scientists, mystics, and healers in this field. The result is this groundbreaking book, in which Hamilton explains how the mind and emotions can influence the well-being of your body and even the structure of your DNA. You'll learn about: the physical impact of meditation, why sending healing thoughts to a person in need is so beneficial, the power of love and its impact on body cells, and all the many ways in which your thoughts affect you. .
