## Romance

Gavin has been toying with mortals' lust and desire for longer than he can remember. He's ditched the wings and silly bow and arrows in exchange for something more powerful: a dating app he designed called Cupid's Arrow. Valentine's is Gavin's favorite night of the year, and Cupid's Arrow is hosting a singles event at the hottest bar in town. Gavin is ready to sit back and watch the fun-until she walks in. Chloe has given her friend an hour at this singles party before she walks out. The naughty candy hearts and gimmicky drinks amuse her,

as does each person's attempt at charming their way into her bed, but Chloe isn't swayed-until a man who calls himself Cupid joins her at the bar. Sweet Girl is an adult, short one-night smutty Valentine's Day novella. Aware BoD – Books on Demand Piper Chesterfield lives a glamorous life traveling the world and reviewing the finest hotels. "In looking at the celebrations of Christmas, at different periods and in

different places, I have observed that, whatever views men hold respecting Christ, they all agree that His Advent is to be hailed with joy, and the nearer the forms of festivity have approximated to the teaching of Him who is celebrated the more real has been the joy of those who have taken part in the celebrations. My aim is neither critical nor apologetic, but historical and pictorial: it is not to say what might or ought to have been, but to set forth from extant records what has actually

---

taken place: to give an account of the origin and hallowed associations of Christmas, and to depict, by pen and pencil, the important historical events and interesting festivities of Christmastide. With materials collected from different parts of the world, and from writings both ancient and modern, I have endeavored to give in the present work a chronological account of the celebrations and observances of Christmas. Molly O'Gara is a Martian misfit. Born on Mars to Ag farmer parents, she was adopted as a baby by a high-ranking Royal family after her parents were killed. As

an “Ag,” by rights Molly should have exceptional skill with plants, so the fact that she instead has a “brown thumb” is a big source of embarrassment. Because she's not truly Royal, she also has none of the prestige that goes with that group, except for that of being appointed official Handmaid to Sovereign Emileia, leader of all Martian people on Mars and Earth. Though holding such a position is a great honor for a lowly Ag, now that she and Emileia, better known as M, are back

on Earth, there is little for Molly to do in that capacity. That is, until a new boy shows up at Jewel High. Tristan, another Royal, is absurdly handsome but also totally obnoxious—and seems to have made it his mission in life to steal M, the Sovereign, away from her bonded soulmate, Rigel. So now Molly's mission as Handmaid is to keep Tristan as far away from M as possible—even if that means spending way more time in his company than she'd like. As expected, that kind of
