The Power of Godliness is a key work to understand Mormon conceptions of priesthood, authority, and gender. With in-depth research and never previously used documents, Jonathan A. Stapley explores the rituals of ordination, temple "sealings," baby blessings, healing, and cunning-folk traditions. In doing so, he demonstrates that Mormon liturgy includes a much larger and more complex set of ritualized acts of worship than the specific rites of initiation, instruction, and sealing that take place within the temple walls. By exploring Mormonism's liturgy more broadly, The Power of Godliness shows both the nuances of Mormon belief and practice, and how the Mormon ordering of heaven and earth is not a mere philosophical or theological exercise. Stapley examines Mormonism's liturgical history to reveal a complete religious world, incorporating women, men, and children all participating in the construction of the Mormon universe. This book opens new possibilities for understanding the lived experiences of women and men in the Mormon past and present, and investigates what work these rituals and ritualized acts actually performed in the communities that carried them out. By tracing the development of the rituals and the work they accomplish, The Power of Godliness sheds important new light on the Mormon universe, its complex priesthoods, authorities, and powers.

He currently writes and publishes books on Christian living from the Reformed Calvinist perspective. Gerard Berghoef is the retired President of Widdicomb Furniture Company and a long time elder in the Christian Reformed Church.
The Power of Godliness UNC Press Books
This handbook explores contemporary Mormonism within a global context. The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today. They explain where and how the Church of Jesus Christ of Latter-day Saints has penetrated national and cultural boundaries in Latin America, Oceania, Europe, Asia, and Africa, as well as in North America beyond the borders of Mormon Utah. They also address numerous concerns within a multinational, multicultural church: What does it mean to be a Latter-day Saint in different world regions? What is the faith's appeal to converts in these places? What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national, cultural, and ethnic identities? How are leaders dealing with such issues as the status of women in a patriarchal church, the treatment of LGBTQ members, increasing disaffiliation of young people, and decreasing growth

rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa?

Taylor G. Petrey's trenchant history takes a landmark step forward in documenting and theorizing about Latter-day Saints (LDS) teachings on gender, sexual difference, and marriage. Drawing on deep archival research, Petrey situates LDS doctrines in gender theory and American religious history since World War II. His challenging conclusion is that Mormonism is conflicted between ontologies of gender essentialism and gender fluidity, illustrating a broader tension in the history of sexuality in modernity itself. As Petrey details, LDS leaders have embraced the idea of fixed identities representing a natural and divine order, but their teachings also acknowledge that sexual difference is persistently contingent and unstable. While queer theorists have built an ethics and politics based on celebrating such sexual fluidity, LDS leaders view it as a source of anxiety and a tool for the shaping of a heterosexual social order. Through public preaching and teaching, the deployment of psychological approaches to "cure" homosexuality, and political activism against equal rights for women and same-sex marriage, Mormon leaders hoped to manage sexuality and faith for those who have strayed from heteronormativity.

Handbook on the Book of Acts Church
Historian's Press

A practical guide that helps churches identify their strengths and weaknesses and discover what action to take in order to develop the health of their church. It focuses on the quality of the church's life rather than just the numbers attending.

Lutheran Handbook The Church of Jesus
Christ of Latter-day Saints

A field-tested, pragmatic, and resourceful guide to the daunting and logistically complex management of local church. Pastors generally feel equipped to deal with biblical studies, theological questions, preaching responsibilities, and pastoral care. But when it comes to budgets, insurance, fire safety, and church management many find themselves at

a loss. Often lay leaders within the congregation flounder with these tasks as well. Here, finally, is the ultimate reference guide for the practical management of the parish. Originally created as a sourcebook for the authors' week-long course on church management and administration at the Claremont School of Theology, the manual in draft version has been field-tested by hundreds of pastors and lay leaders. Not simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, various financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. Whether pastors are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.

Craft Handbook for Children's Church

David Van Leeuwen

First published in 1971, Rules for Radicals is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American

democratic tradition.

From USCCB Publishing, this revision of the General Instruction of the Roman Missal (GIRM) seeks to promote more conscious, active, and full participation of the faithful in the mystery of the Eucharist. While the Missale Romanum contains the rite and prayers for Mass, the GIRM provides specific detail about each element of the Order of Mass as well as other information related to the Mass.
