A look at why we are interested in what we see in art. Are we born with aesthetic preferences that are shaped by cultural influences? Is our natural attraction to Beauty another weapon in our arsenal of species' survival? This book examines many so-called rules of composition in the visual arts to find natural reasons for their existence. It is designed to aide the visual artist and those who appreciate their work by bringing attention to subtle cues of attraction cultivated by our ancient and immediate ancestors. It calls upon recent work in neuroaesthetics and other scientific disciplines to back up its speculative claims, and asks the reader to contribute opinions of their own on the books' website at naturallycomposed.com. There are many examples of photos in the book, and the reader is again asked to insert their own examples to enforce or refute the claims.

The child's diary that awakened the conscience of the world When Zlata's Diary was first published at the height of the Bosnian conflict, it became an international bestseller and was compared to The Diary of Anne Frank, both for the freshness of its voice and the grimness of the world it describes. It begins as the day-to-day record of the life of a typical eleven-year-old girl, preoccupied by piano lessons and birthday parties. But as war engulfs Sarajevo, Zlata Filipovic becomes a witness to food shortages and the deaths of friends and learns to wait out bombardments in a neighbor's cellar. Yet throughout she remains courageous and observant. The result is a book that has the power to move and instruct readers a world away.

Kate Langbroek's deliciously funny, irreverent and inspiring memoir about moving to Bologna with her family to seek la dolce vita is a glorious reminder of what we can learn from the Italians about living life to the full – and what really matters when the world goes to hell in a handbasket. 'I wasn't looking to fall in love. It just happened. There were moments, encounters as fleeting as feelings. Sometimes – tellingly – they emerged from chaos.' When Kate Langbroek first dreamed of moving to Italy, she imagined a magnificent sun-drenched pastiche of long lunches and wandering through cobbled laneways clutching a loaf of crusty bread and a bottle of wine, Sophia Loren-style, while handsome men called out 'Ciao Bella!' In the stark light of day the dream Kate shared with her husband Peter after an idyllic holiday in Italy seemed like madness. They didn't speak Italian. They knew no one in Italy. They had four children. Kate also had the best job in the world on a top-rating radio show with her longtime friend, Dave Hughes. But the siren song of Italy was irresistible. This would be the adventure of a lifetime, a precious opportunity to spend more time with their children – Lewis, Sunday, Artie and Jannie – and it came from a deep well inside to seize life after they almost lost Lewis to leukaemia. Ciao Bella! is about having a dream and living it as Kate shares the sublime joys and utter chaos of adapting to a new life in Bologna, what you discover about yourself when you are a stranger in a strange land, and how she fell in love. With a country. Deliciously funny, irreverent, inspiring and often deeply moving, Ciao Bella! is Kate's love letter to Italy and her family. It is also a glorious reminder of what Italians can teach us about living life to the full – and what really matters when the world goes to hell in a handbasket.

Capture the flavors of Italy with over 150 recipes for preserves, pickles, sauces, liqueurs, and more in this “engagingly informative” guide (Elizabeth Minchilli, author of *Eating Rome*). The notion of preserving shouldn't be limited to American jams and jellies, and in this book, Domenica Marchetti puts the focus on the ever-alluring flavors and ingredients of Italy. There, abundant produce and other Mediterranean ingredients lend themselves particularly well to canning, bottling, and other preserving methods. Think of marinated artichokes in olive oil, classic giardiniera, or, of course, the late-summer tradition of putting up tomato sauce. But in this book we get so much more, from Marchetti's travels across the regions of Italy to the recipes handed down through her family: sweet and sour peppers, Marsala-spiked apricot jam, lemon-infused olive oil, and her grandmother's amarene, sour cherries preserved in alcohol. Beyond canning and pickling, the book also includes recipes for making cheese, curing meats, infusing liqueurs, and even a few confections, plus recipes for finished dishes so you can savor each treasured jar all year long. “Pack artichokes, peppers and mushrooms in oil. Make deliciously spicy pickles from melon. Even limoncello, mostarda and confections like torrone can come straight from your kitchen... The techniques may have been passed down by generations of nonnas, but they knew what they were doing.”—Florence Fabricant, *The New York Times* “Marchetti elevates preserved food from the role of condiment to center stage.”—Publishers Weekly
