CIBSE - Membership

A symposium held at the Chartered Institute of Building Services Engineers (CIBSE) on 25 July 2018. Historic principles of environmental design has received renewed interest amongst practitioners, teachers and academic researchers. This interest is driven by the belief that these principles could provide valuable lessons for modern practice.

Weather Data Center - ASHRAE

As the recent emission scandal from a major car manufacturer demonstrated, fuel-consumption data from the car industry is highly questionable. No matter what the conditions, or how I drive, I can't achieve even 50% of the mileage my car is supposed to do. But what about the products and equipment we buy for our heating and hot-water systems?

Christmas and New Year Office Hours The CIBSE office will be closed from the afternoon of 24 December 2019 and will reopen at 9am on Thursday 2 January 2020. Please note this means any orders for hard copy publications won't be processed now until the New Year. You can, however, continue to order PDF versions of CIBSE publications.

sustainability - University of Kent

The advance in battery storage technology means the role it can play in developing a smarter energy system is becoming a commercial reality. Lithium-ion batteries have fallen in price, so storage has become an increasingly attractive method of reducing energy bills and dependence on the National Grid.
