The queen is convinced magic fairies are real and are out to do her son harm. That doesn't stop the young prince from having ladies delivered for his pleasure. When a beautiful maiden is brought to him one

evening, he's completely intrigued: by her beauty, by her demeanor and by the fact that she'll only give her name as Cinders. In this steamy retelling of the Cinderella story, Cinders & Ash find love, romance and a fairy tale happy ending. Disowned Harper Collins Isabelle Adriani, writer, journalist and actress continues her now twenty- year study of fairy tales. Her initial degree including a thesis on the DNA of Fairy Tales was followed by

PhD research in the same field. Intrigued by the ever-loved story of Cinderella (more than 300 versions of the story have spread all around the world) she now takes us 2650 years back in time in a marvelous narrative exploration of the first, real Cinderella in history, Rhodopis the rosy-cheeked, a Greek slave girl who married a Pharaoh and all because of a shoe. Ultimately, the Cinderella story is not that of an individual person, but rather of a spirit that lives within all of us, no matter what our culture is or which part of the world we come from. From the earliest versions, the odds are stacked

against Cinderella - the name derives from cinder or ash - who is born low class and sold into slavery. Nonetheless, she is transformed into an independent, empowered, self-made woman. Her story unites us all in the knowledge that, despite our individual and societal limitations, color, language, space and time, we can and should continue to fight for justice and equality. A better life. A better world.

Everything you've been told is wrong. Oh, not everything, I suppose. Yes, I turned a pumpkin into a coach and mice into horses. The stroke of midnight, the glass slippers, and

the prince searching for a girl whose foot fit the shoe & hose were all part of the story. And yet, the prince didn't just fall in love with Cinderella because she looked good at the ball. Pigeon feathers and pollywogs! Could you respect him if he did? I most certainly could not. No, no, there was vastly more that happened before the night of the ball, and a great deal of international intrigue after. Cinderella: Gus and Jaq

\*\* There is no fairy-godmother or magic in the story although there is some imagery we would expect to see in a Cinderella adjacent story - my apologies to those who thought there would be magic based on the title.\*\* Mr. Thomas Bennet married the love of his life: Miss Fanny Gardiner. She gave him

three children, Jane, Elizabeth and Tommy. 2 years after Tommy, Fanny was taken from her loving family birthing a second son, who was stillborn. Another branch of the Bennet family, cousins to the Longbourn Bennets, are titled, the Earl and Countess of Holder, who live in Staffordshire with their 5 children. The two families are extremely close and after Fanny dies Bennet's cousins, at his request, keep and raise Tommy. In his grief Thomas Bennet doesn't think he can raise a 2-year-old at the same time as his two daughters. He also feels Tommy needs a mother figure in his life. Martha Bingley is the widow of an honourable tradesman, Mr. Arthur Bingley, who had died of a heart attack.

Bingley senior was a minor partner of Edward Gardiner in Gardiner and Associates. They had three children, Charles, Louisa, and Caroline. Unlike canon, the Bingleys are not very wealthy, and the girls have small dowries of £ 2,000 each. Bennet is introduced to Martha at his brother-in-law's house. The Bingleys live in a leased house a few houses down from the Gardiners on Gracechurch street. Martha has always dreamed of climbing up the social ladder, raising her family above their roots in trade, so she compromises Bennet as he is a landed gentleman with an estate. Being an honourable man, and against advice of friends and family, he marries her. Our 'prince' in the story is of course

---

none other than His Grace Fitzwilliam Darcy, Duke of Derbyshire, Earl of Lambton. Like canon his parents have already passed away. Dear old Lady Catherine de Bourgh will do anything to make her sickly daughter with a nasty disposition a Duchess. At some point the Duke purchases Netherfield to be closer to London so his sister, Lady Georgiana, will have her preferred music master close by. Bennet never reveals the existence of his son, or his relations, who are peers of the realm, to his new wife, who he dislikes intensely. The neighbours, none of whom like the new Mrs. Bennet or her children, keep the Bennet's secrets without question. Bennet allows his new wife to

believe the entail on Longbourn is away from the female line giving her the impression that on his death, she and her three spawn will be evicted from the estate by a distant unnamed cousin. Sometime after sending Jane to live with his cousins, for reasons which will be revealed in the story, with Lizzy refusing to leave her father's side, Bennet has an accident which kills him. When no heir presents himself to throw her and her children, still at Longbourn, into the hedgerows, the stepmother feels more secure at the estate. Several of the usual suspects are present as well as some other characters. This is a story of hope and survival and the eventual triumph of good over evil.
