** There is no fairy-godmother or magic in the story although there is some imagery we would expect to see in a Cinderella adjacent story - my apologies to those who thought there would be magic based on the title.**
Mr. Thomas Bennet married the love of

his life: Miss Fanny Gardiner. She gave him three children, Jane, Elizabeth and Tommy. 2 years after Tommy, Fanny was taken from her loving family birthing a second son, who was stillborn. Another branch of the Bennet family, cousins to the Longbourn Bennets, are titled, the Earl and Countess of Holder, who live in Staffordshire with their 5 children. The two families are extremely close and after Fanny dies Bennet's cousins, at his request, keep and raise Tommy. In his grief Thomas Bennet doesn't think he can raise a 2-year-old at the same time as his two daughters. He also feels Tommy

needs a mother figure in his life. Martha Bingley is the widow of an honourable tradesman, Mr. Arthur Bingley, who had died of a heart attack. Bingley senior was a minor partner of Edward Gardiner in Associates. They had three children, Charles, Louisa, and Caroline. Unlike canon, the Bingleys are not very wealthy, and the girls have small dowries of £2,000 each. Bennet is introduced to Martha at his brother-in-law's house. The Bingleys live in a leased house a few houses down from the Gardiners on Gracechurch street. Martha has always

dreamed of climbing up the social ladder, raising her family above their roots in trade, so she compromises Bennet as he is a landed gentleman with an estate. Being an honourable man, and against advice of friends and family, he marries her. Our 'prince' in the story is of course none other than His Grace Fitzwilliam Darcy, Duke of Derbyshire, Earl of Lambton. Like canon his parents have already passed away. Dear old Lady Catherine de Bourgh will do anything to make her sickly daughter with a nasty disposition a Duchess. At some point the Duke

purchases Netherfield to be closer to London so his sister, Lady Georgiana, will have her preferred music master close by. Bennet never reveals the existence of his son, or his relations, who are peers of the realm, to his new wife, who he dislikes intensely. The neighbours, none of whom like the new Mrs. Bennet or her children, keep the Bennet's secrets without question. Bennet allows his new wife to believe the entail on Longbourn is away from the female line giving her the impression that on his death, she and her three spawn will be evicted from the estate by a distant

unnamed cousin. Sometime after sending Jane to live with his cousins, for reasons which will be revealed in the story, with Lizzy refusing to leave her father's side, Bennet has an accident which kills him. When no heir presents himself to throw her and her children, still at Longbourn, into the hedgerows, the stepmother feels more secure at the estate. Several of the usual suspects are present as well as some other characters. This is a story of hope and survival and the eventual triumph of good over evil. Cinderella had given up all hope of going to the ball and meeting her prince, her fairy godmother appears! Can Cinderella's fairy godmother help her get to the ball in time? *Cinders and Ash* Createspace Independent Publishing Platform What could come between a nanny and an earl in a fairy-tale love story? A reality check--in an endearing and witty romance by Sariah Wilson, the bestselling author of *Roommaid*. With her sister's medical bills mounting, Diana Parker can't say no to a high-paying opportunity like this:

accompany a wealthy couple to Aspen and nanny their precocious five-year-old son for three months. Necessary qualifications? She must know how to ski and teach math, speak fluent French, excel at social graces, and hold a master's degree in childhood development. Who'll be the wiser that Diana's only skill is packing for Colorado? So far, so good--having a con woman for a mother has turned out to be a benefit, even if Diana has complicated feelings about telling lies. But she's doing this for her sister. And the perks--like a ticket to a lavish charity fundraiser, a new

gown, and a Prince Charming-adjacent earl named Griffin Windsor--are pretty irresistible. Diana can't deny the Cinderella vibe. Wary of gold diggers and scandal, England's most eligible bachelor is nevertheless falling for Diana, and sweeping the not-quite princess off her feet. The warmer their relationship becomes, the slipperier the slopes are for Diana. Sooner or later, she'll have to come clean. When that happens, does an honest-to-goodness happy ending stand a chance?

Winston Constantine is no prince charming...I crave him so badly I think I might be losing my mind. He's right in front of me, but he's just as remote as my dreams of getting away from my stepbrothers. I keep playing his twisted games, and I want to stay just as distant as he is. But I can't. I never could. I've fallen for him. Hopelessly. Irrevocably. But Winston isn't a lover, he's a business venture. A way

for me to pay for college. A ticket out. He's never pretended to be anything other than that. I can't blame him for making me fall in love. There can be no happily ever after between a maid and a prince, no matter what the stories say.
