Format: Kindle Edition Verified Purchase This was a quick interesting read, and I love the story of cinderella. I had one major issue with this story, it was all about her beauty. *spoiler* in the end, I kid you not, her god-mother came out and made her beautiful again.

Cinderella Kindle Edition Henry W

Cinderella By: Henry W. Hewett This book is an older version of the book Cinderella. The genre is fiction. In my opinion this book is a great book I like it because personally like the older version of any book especially if they are somewhat fantasy. I also liked how the stepmother was described in this book.
