Musical News and Herald Lessons from Once Upon a Time

Today’s convergent media environment offers unprecedented opportunities for sourcing and disseminating previously obscure popular culture material from Japan. However, this presents concerns regarding copyright, ratings and exposure to potentially illegal content which are serious problems for those teaching and researching about Japan. Despite young people’s enthusiasm for Japanese popular culture, these concerns spark debate about whether it can be judged harmful for youth audiences and could therefore herald the end of ‘cool Japan’. This collection brings together Japan specialists in order to identify key challenges in using Japanese popular culture materials in research and teaching. It addresses issues such as the availability of unofficially translated and distributed Japanese material; the emphasis on adult-themes, violence, sexual scenes and under-age characters; and the discrepancies in legislation and ratings systems across the world. Considering how these issues affect researchers, teachers, students and fans in the US, Canada, Australia, China, Japan and elsewhere in Asia, the contributors discuss the different ways in which academic and fan practices are challenged by local regulations. Illustrating from personal experience the sometimes fraught nature of teaching about ‘cool Japan’, they suggest ways in which Japanese Studies as a discipline needs to develop clearer guidelines for teaching and research, especially for new scholars entering the field. As the first collection to identify some of the real problems faced by teachers and researchers of Japanese popular culture as well as the students over whom they have a duty of care, this book will be of great interest to students and scholars of Japanese Studies and Cultural Studies.

Kalamazoo City Directories Trafford Publishing

Paris and the Musical explores how the famous city has been portrayed on stage and screen, investigates why the city has been of such importance to the genre and tracks how it has developed as a trope over the 20th and 21st centuries. From global hits An American in Paris, Gigi, Les Misérables, Moulin Rouge! and The Phantom of the Opera to the less widely-known Bless the Bride, Can-Can, Irma la Douce and Marguerite, the French capital is a

central character in an astounding number of Broadway, Hollywood and West End musicals. This collection of 18 essays combines cultural studies, sociology, musicology, art and adaptation theory, and gender studies to examine the envisioning and dramatisation of Paris, and its depiction as a place of romance, hedonism and libertinism or as ‘the capital of the arts’. The interdisciplinary nature of this collection renders it as a fascinating resource for a wide range of courses; it will be especially valuable for students and scholars of Musical Theatre and those interested in Theatre and Film History more generally.

Stories are part of childhood. They help us grow, build our imagination, instill a sense of wonder and hope, and help us understand right and wrong. Mothers have told stories to teach children culture and tradition, morals and ritual, and behavioral consequences ever since there were mothers. In the words of Fairy Queen Titania: "Is it not the mothers who bring up the babes, and give the growing child its earliest lesson to know right from wrong?" Fairy tales and folklore provide an entertaining, imaginative way of doing just that. Lessons from Once Upon a Time is the story of Fair One and Merlina her tutor, who reads the growing princess a wonder tale each week for her education - manners, tradition, history, astronomy, and more. A wonderful book for parents to read to their children.

Billboard Holt Paperbacks

The End of Cool Japan Slave Labor Graphics

In recent history, men from a variety of backgrounds have come to the same conclusion: that the Bible is about Israel only. For example: In 1861, John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come, O Come Emmanuel. Ever since 1861, Christians have sung that hymn at Christmas time, especially at Advent. Do you know what the words really mean that you are singing? In 1878, Edward Hine wrote an article titled, Seven-Eighths of the Bible Misunderstood, wherein he explains that seven-eighths of the Bible is about national salvation, i.e. the national salvation of True Israel; whereas, only one-eighth of the Bible is about personal salvation. Did you know that? In the 1960 ’s, Pastor Sheldon Emry wrote an article title, An Open Letter to Any Minister Who Teaches the Jews Are Israel, wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible. In 1998, Arnold E. Kennedy wrote a book titled, The Exclusiveness of Israel, wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel. So, here we are in the Twenty-First Century, and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A.D. by Yahshuah and His disciples, i.e. the Gospel of the Kingdom. So, where did the so-called churches and pastors go wrong? By the way, is there really a hierarchy in the Bible? In order to find out what the truth really is, we have to look at the original languages in which the Bible was written and then translated. For example, the Old Testament was written in Hebrew and Aramaic, then translated into Greek. The New Testament was written in Hebrew and Greek. Both Testaments were put together and translated into Latin, then German, and finally into English, from which the entire world received their own translation of the Bible. So, what was the original meaning of the words used in the original languages, i.e. the etymology of the words. Once that is determined, then we can go onto the next phase and discuss

types in the Bible. From there, what is the Law of First Mention? How should Bible prophecy be Interpreted? Who are the keys to Bible prophecy? Where are we in the Bible prophecy timeline? During these discussions, we will find out who Yahweh chose of all the families of the earth to make His own. The churches teach universalism. The question then becomes, Who was Yahweh ' s Law given to? What are the Laws of Yahweh? And then the even bigger question becomes, Who was Yahshuah sent to? All of these questions and more will be answered as you read this book...

Minutes of the Cincinnati Annual Conference of the Methodist Episcopal Church for the Year ... Routledge

The intelligent person's guide to the movies, with more than 2,800 reviews Look up a movie in this guide, and chances are you'll find yourself reading on about the next movie and the next. Pauline Kael's reviews aren't just provocative---they're addictive. These brief, informative reviews, written for the "Goings On About Town" section of The New Yorker, provide an immense range of listings---a masterly critical history of American and foreign film. This is probably the only movie guide you'll want to read for the sheer pleasure of it.
