Toss Out Those Tired Old Excuses...Once and for All! Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas ... I'm too old or too young ... I'm far too busy and tired ... I can't afford the things I truly want ... It would be very difficult for me to do anything differently ... and I've always been this way ... may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life-and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses ... Begone!

Eleven-year-old Temmy doesn't enjoy the privilege, however, and thinks Lakeland is the "kingdom of the drab." Instead, she is drawn to the vivid world outside the fence: to 35th Street, where the saved and the sinners are both so "done up" you can't tell one from the other. This diary began as Mum's New Year's resolution to get me to write. She told me to write when I am doing my big business. 'Five to eight minutes max!' she said. 'I don't want you to develop piles!' And so my writing in the bathroom began. My entries started with the boring old stuff. Then Mum got this new job as a writer and following her around I got to do fun stuff like ogle at deformed frogs see into the future with a fortune-telling parrot and wow at a life-sized F1 car made of chocolate! That's how I got more interesting things to write about. Plus I had to deal with an EVIL bully who was tormenting me at school! Thank goodness for my best friends Alvin and Anthony - we rallied against the bully and got through the year with lots of fun and good adventure.>
