So, as soon as you require the ebook swiftly, you can straight acquire it. Its as a result unconditionally simple and suitably fats, isnt it? You have to favor to in this heavens

The Problem with Survey Research ABRAMS

This book explores the contributions of psychological, neuroscientific and philosophical perspectives to the design of contemporary cities. Pursuing an innovative and multidisciplinary approach, it addresses the need to re-launch knowledge and creativity as major cultural and institutional bases of human communities. Dwelling is a form of knowledge and re-invention of reality that involves both the tangible dimension of physical places and their mental representation. Findings in the neuroscientific field are increasingly opening stimulating perspectives on the design of spaces, and highlight how our ability to understand other people is strongly related to our corporeity. The first part of the book focuses on the contributions of various disciplines that deal with the spatial dimension, and explores the dovetailing roles that science and art can play from a multidisciplinary perspective. In turn, the second part formulates proposals on how to promote greater integration between the aesthetic and cultural dimension in spatial design. Given its scope, the book will benefit all scholars, academics and practitioners who

are involved in the process of planning, designing and building places, and will foster an international exchange of research, case studies, and theoretical reflections to confront the challenges of designing conscious places and enable the development of communities.

Magnifico il Cioccolato l'anima di un'emozione Editoriale Giorgio Mondadori

International Association of Culinary Professionals (IACP) 2010 Award Finalists in the Culinary History category. Chocolate. We all love it, but how much do we really know about it? In addition to pleasing palates since ancient times, chocolate has played an integral role in culture, society, religion, medicine, and economic development across the Americas, Africa, Asia, and Europe. In 1998, the Chocolate History Group was formed by the University of California, Davis, and Mars, Incorporated to document the fascinating story and history of chocolate. This book features fifty-seven essays representing research activities and contributions from more than 100 members of the group.

These contributors draw from their backgrounds in such diverse fields as anthropology, archaeology, biochemistry, culinary arts, gender studies, engineering, history, linguistics, nutrition, and paleography. The result is an unparalleled, scholarly examination of chocolate, beginning with ancient pre-Columbian civilizations and ending with twenty-first-century reports. Here is a sampling of some of the fascinating topics explored inside the book: Ancient gods and Christian celebrations: chocolate and religion Chocolate and the Boston smallpox epidemic of 1764 Chocolate pots: reflections of cultures, values, and times Pirates, prizes, and profits: cocoa and early American east coast trade Blood, conflict, and faith: chocolate in the southeast and southwest borderlands of North America Chocolate in France: evolution of a luxury product Development of concept maps and the chocolate research portal Not only does this book offer careful documentation, it also features new and previously unpublished information and interpretations of chocolate history. Moreover, it offers a wealth of unusual and interesting facts and folklore about one of the world's favorite foods.

Brave New World Revisited Theatre Communications Group

'World music' emerged as an invention of the West from encounters with other cultures. This book draws readers into a remarkable range of these historical encounters, in which music had the power to evoke the exotic and to give voice to the voiceless. In the course of the volume's eight chapters the reader witnesses music's involvement in the modern world, but also the individual moments and particular histories that are crucial to an understanding of music's diversity. World Music is wide-ranging in its geographical scope, yet individual chapters provide in-depth treatments of selected music cultures and regional music histories. The book frequently zooms in on repertoires and musicians - such as Bob Marley, Bartok, and Nusrat Fateh Ali Khan - and attempts to account for world music's growing presence and popularity at the beginning of the twenty-first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

neurons and their metaphysical side-effects: from a rigorous discussion of the properties of neurons and brain to the mechanisms by which this grayish jelly generates and explains emotional life, conscience, thought, our sense of beauty and justice, our need for infinity and almost all that we love calling "soul"... the book can be browsed at <http://www.neuroworld.it/soul>

Il Misogallo. Prose e rime John Wiley & Sons

When Aldous Huxley wrote his famous novel *Brave New World*, he did so with the sincere belief that the dystopian world he created was a true possibility given the direction of the social, political and economic world order. Written almost thirty years later, *Brave New World Revisited* is a re-evaluation of his predictions based on the changes he had witnessed in the meantime. In this twelve-part essay, Huxley argues that society is moving toward his dystopian vision even faster than he had originally assumed, and provides his own suggestions on how to bring an end to this decadent decline. *Brave New World Revisited* condemns symptoms of modern life such as overpopulation, propaganda and extreme government control while providing a staunch defence of individualism. Despite being published over fifty years ago, the problems identified in *Brave New World Revisited* are still startlingly relevant, lending a chilling creditability to Aldous Huxley's unsettling predictions. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Chocolate Mirapuri-Verlag

Esiste un racconto a tratti una leggenda che per molti è solo Storia. Esiste un'anima, una passione, quella scoperta dalla propria introspezione. Ricevere un dono, saperlo cogliere. Viene messa a nudo la vita di una persona, di come si arrivi a coronare un sogno, quello di fare del cioccolato qualcosa di unico, di magnifico. Creativo, eclettico questo è Carlo Maionchi che tende a trarre elementi dall'arte, da opinioni, generi, scuole diverse. Basa il suo lavoro nello studio, nella ricerca e nel mantenere viva una tradizione e quei valori dell'artigianalità che lo caratterizzano non solo come cioccolatiere ma anche come uomo. Un raffinato chef che è riuscito ad abbinare il cioccolato ai diversi cibi, carni, molluschi e crostacei, formaggi e salumi con una tecnica innovativa di abbinamenti. Provare un suo cioccolatino è un'esperienza gourmand indimenticabile, accostamenti classici e moderni, l'attenzione al dettaglio e alle scelte ed intolleranze alimentari. In questo libro sono presenti cenni storici sul cacao e le sue varietà. Un piccolo manuale illustrato di come si realizza il cioccolato, le tecniche di preparazione di un cioccolatino e

della pralineria moderna. Decorazioni e ricette. Una sezione interamente dedicata al cioccolato plastico. Ogni passaggio è accompagnato da fotografie e descrizione, un'opera essenziale per far conoscere il FoodPairing, che non mancherà decisamente di sedurre principianti e professionisti.

COFFEE & CAFFE Princeton University Press

"A seamless pairing of *March of the Falsettos* and *Falsettoland*, acclaimed off Broadway musicals written nearly a decade apart. It is the jaunty tale of Marvin who leaves his wife and young son to live with another man. His ex wife marries his psychiatrist, and Marvin ends up alone. Two years later, Marvin is reunited with his lover on the eve of his son's bar mitzvah, just as AIDS is beginning its insidious spread"--Publisher.

Mind and Places William Morrow & Company

A "swoon-worthy" illustrated tour of Italian desserts and treats, from the James Beard Award-nominated author of *Opera Lover's Cookbook* (Publishers Weekly). Join food historian Francine Segan on a lavishly illustrated tour of Italy, with more than one hundred recipes for cookies, cakes, pastries, puddings, frozen confections, and more. Drawing from all regions of Italy, *Dolci* collects recipes from grandmas in remote villages as well as hip young bloggers, world-renowned pastry chefs, and small local cafés. Classics like Cannoli and Zuppa Inglese are featured alongside unique regional favorites like Sweet Rosemary and Chocolate Eggplant. Embellished with bits of history and Italian food lore, this cookbook offers new innovations like an "updated" Tiramisù that doesn't use raw eggs, unexpected frozen delights like Spumone with Homemade Hazelnut Brittle, an award-winning Parmesan Panna Cotta with Pears, and many other irresistible Italian treats. Rounded out by a chapter on after-dinner drinks, this delectably comprehensive guide offers "a canon of authentic recipes collected from the people who really use them" (The Wall Street Journal).

Dolceamaro Profile Books

From Rabelais's celebration of wine to Proust's madeleine and Virginia Woolf's boeuf en daube in *To the Lighthouse*, food has figured prominently in world literature. But perhaps nowhere has it played such a vital role as in the Italian novel. In a book flowing with descriptions of recipes, ingredients, fragrances, country gardens, kitchens, dinner etiquette, and even hunger, Gian-Paolo Biasin examines food images in the modern Italian novel so as to unravel their function and meaning. As a sign for cultural values and social and economic relationships, food becomes a key to appreciating the

textual richness of works such as Lampedusa's *The Leopard*, Manzoni's *The Betrothed*, Primo Levi's *Survival in Auschwitz*, and Calvino's *Under the Jaguar Sun*. The importance of the culinary sign in fiction, argues Biasin, is that it embodies the oral relationship between food and language while creating a sense of materiality. Food contributes powerfully to the reality of a text by making a fictional setting seem credible and coherent: a Lombard peasant eats polenta in *The Betrothed*, whereas a Sicilian prince offers a monumental macaroni timbale at a dinner in *The Leopard*. Similarly, Biasin shows how food is used by writers to connote the psychological traits of a character, to construct a story by making the protagonists meet during a meal, and even to call attention to the fictionality of the story with a metanarrative description. Drawing from anthropology, psychoanalysis, sociology, science, and philosophy, the author gives special attention to the metaphoric and symbolic meanings of food. Throughout he blends material culture with observations on thematics and narrativity to enlighten the reader who enjoys the pleasures of the text as much as those of the palate. Originally published in 1993. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Cioccolato. Golose tentazioni Harvard University Press

"Terroir" is French for taste of place. In this book, a James Beard Award-winning author explores many of the North American foods that depend on place for their unique flavor, including salmon from Alaska's Yukon River and honey from the tupelo-lined banks of the Apalachicola River.

Why the Garden Club Couldn't Save Youngstown Bloomsbury Publishing USA

Describes the shocking scientific devices and techniques available to any group in a position to manipulate society

A&C Black

Acclaimed restaurateur Heston Blumenthal reinvents kitchen classics, such as Fish and Chips, Bangers and Mash and Spag Bol, in his inimitable way.

Once Flammarion-Pere Castor

In this book, Sean Safford compares the recent history of Allentown, Pennsylvania, with that of Youngstown, Ohio. Allentown has seen a noticeable rebound over the course of the past twenty years. Facing a collapse of its steel-making firms, its economy has reinvented itself by transforming existing companies, building an entrepreneurial sector, and attracting inward investment.

Youngstown was similar to Allentown in its industrial history, the composition of its labor force, and other important variables, and yet instead of adapting in the face of acute economic crisis, it fell into a mean race to the bottom. Challenging various theoretical perspectives on regional socioeconomic change, Why the Garden Club Couldn't Save Youngstown argues that the structure of social networks among the cities' economic, political, and civic leaders account for the divergent trajectories of post-industrial regions. It offers a probing historical explanation for the decline, fall, and unlikely rejuvenation of the Rust Belt. Emphasizing the power of social networks to shape action, determine access to and control over information and resources, define the contexts in which problems are viewed, and enable collective action in the face of externally generated crises, this book points toward present-day policy prescriptions for the ongoing plight of mature industrial regions in the U.S. and abroad.

Dolci: Italy's Sweets HOEPLI EDITORE

Collects easy-to-follow recipes for chocolate delights, from simple classics--chocolate pound cake and eclairs--to exotic treats--buche de noel and chocolate souffle

Manuale del vino Touring Editore

Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, The Book of Disquiet is a classic of existentialist literature.

Ciocolato. Nuove armonie Harper Collins

This is the definitive, illustrated guide to Chocolate. Beginning 3,000 years ago in the Mexican jungles, it goes on to investigate archaeology, history, botany and socio-economics, and follows the story from the Aztecs up to today's mass-produced chocolate and its

luxury versions. A treat, not just for chocoholics but for anyone who enjoys lively, thorough historical research. Sophie D. Coe, anthropologist and food historian, was also the author of 'Americas First Cuisines'.
