"An enjoyable, compelling read. Much like Caroline B. Cooney's Both Sides of Time" from the author of Los Gatos Black on Halloween (School Library Journal). "I helped you. Now you help me." As fourteen-year-old Allison Blair lies comatose in

the hospital, she hears in her head the voice of Becky Lee Thompson, pleading for help and pulling Allison back in time to 1906—and into Becky’s body. But why? Is it to prevent Becky’s tragic death, or the death of Joshua, the boy who loves her? Allison must remain in the past—fortified by her own growing feeling for Joshua, and Becky’s will—to make sense of the layers of mystery, blackmail, and mistaken identity so that history will be altered. Becky’s spirit struggles to keep Allison’s body alive. Can Allison save Becky and Joshua and return to her own body before time runs out? “Fans of both mysteries and time-slip stories will like the novel, which is liberally spiced with romance and melodrama, and clarifies a bit of intriguing and tragic California history.”—Booklist

A captivating, often hilarious novel of family, loss, wilderness, and the curse of a violent America, Dave Eggers’s *Heroes of the Frontier* is a powerful examination of our contemporary life and a rousing story of adventure. Josie and her children’s father have split up, she’s been sued by a former patient and lost her dental practice, and she’s grieving the death of a young man senselessly killed. When her ex asks to take the children to meet his new fiancée’s family, Josie makes a run for it, figuring Alaska is about as far as she can get without a passport. Josie and her kids, Paul and Ana, rent a rattling old RV named the Chateau, and at first their trip feels like a vacation: They see bears and bison, they eat hot dogs cooked on a bonfire, and they spend nights parked along icy cold rivers in dark forests. But as they drive, pushed north by the ubiquitous wildfires, Josie is chased by enemies both real and imagined, past mistakes pursuing her tiny family, even to the very edge of civilization. A tremendous new novel from the bestselling author of *The Circle*, *Heroes of the Frontier* is the darkly comic story of a mother and her two young children on a journey through an Alaskan wilderness plagued by wildfires and a uniquely American madness.

Norman Spinrad's 1972 alternate history, gives us both a metafictional what-if novel and a cutting satire of one of the 20th century's most evil regimes . . . In 1919, a young Austrian artist by the name of Adolf Hitler immigrated to the United States to become an illustrator for the pulp magazines and, eventually, a Hugo Award-winning SF author. This volume contains his greatest work, Lord of the Swastika: an epic post-apocalyptic tale of genetic 'truelman' Feric Jagger and his quest to purify the bloodline of humanity by ruthlessly slaughtering races of the genetically impure - a quest Norman Spinrad expertly skewers through ironic imagery and over-the-top rhetoric. Spinrad hoped to expose some unpalatable truths about much of SF and Fantasy literature and its uncomfortable relationship with fascist ideologies - an aim that was not always apparent to neo-fascist readers. In order to make his aims clear to the hard-of-understanding, Spinrad added an imaginary critical analysis by a fictional literary scholar, Homer Whipple, of New York University.
