Immortal Reign Circle of Reign The face of the pedestrian safety crisis looks a lot like Ignacio Duarte-Rodriguez. The 77-year old grandfather was struck in a hit-and-run crash while trying to cross a high-speed, six-lane road without crosswalks near his son's home in Phoenix, Arizona. He was one of the more than 6,000 people killed while walking in America in 2018. In the last ten years, there has been a 50 percent increase in pedestrian deaths. The tragedy of traffic violence has barely registered with the media and wider culture. Disproportionately the victims are like Duarte-Rodriguez—immigrants, the poor, and people of color. They have largely been blamed and forgotten. In Right

of Way, journalist Angie Schmittreign of the automobile in our cities. It challenges us to shows us that deaths like Duarte-Rodriguez's are not unavoidable "accidents." They don't happen because of jaywalking or distracted walking. They are predictable, occurring in stark geographic patterns that tell a story about systemic inequality. These deaths are the forgotten faces of an increasingly urgent public-health crisis that we have the tools, but not the will, to solve. Schmitt examines the possible causes of the increase in pedestrian deaths as well as programs and movements that are beginning to respond to the epidemic. Her investigation unveils why pedestrians are dying—and she demands action. Right of Way is a call to reframe the problem, acknowledge the role of racism and classism in the public response to these deaths, and energize advocacy around road safety. Ultimately, Schmitt argues that we need improvements in infrastructure and changes to policy to save lives. Right of Way unveils a crisis that is rooted in both inequality and the undeterred imagine and demand safer and more equitable cities, where no one is expendable. *Dreams of the Dying (Enderal, Book 1)* Henry Holt and Company From acclaimed classical historian, author of *Ghost on the Throne* a high-stakes drama full of murder, madness, tyranny, perversion, with the sweep of history on the grand scale. At the center, the tumultuous life of Seneca, ancient Rome's preeminent writer and philosopher, beginning with banishment in his fifties and subsequent appointment as tutor to twelve-year-old Nero, future emperor of Rome. Controlling

them both, Nero's mother, Julia Agrippina the Younger, Roman empress, great-granddaughter of the Emperor Augustus, sister of the Emperor Caligula, niece and fourth wife of Emperor Claudius. James Romm seamlessly weaves together the life and written words, the moral struggles, political intrigue, and bloody vengeance that enmeshed Seneca the Younger in the twisted imperial family and the perverse, paranoid regime of Emperor Nero, despot and madman. Romm writes that Seneca watched over Nero as teacher, moral guide, and surrogate father, and, at seventeen, when Nero abruptly ascended to become emperor of Rome, Seneca, a man never avid for political power became, with Nero, the ruler of the Roman Empire. We see how Seneca was able to control his young student, how, under Seneca's influence, Nero ruled with intelligence and

moderation, banned capital punishment, reduced taxes, gave slaves the right to file complaints against their owners, pardoned prisoners arrested for sedition. But with time, as Nero grew vain and disillusioned, Seneca was unable to hold sway over the emperor, and between Nero's mother, Agrippina—thought to have poisoned her second husband, and her third, who was her uncle (Claudius), and rumored to have entered into an incestuous relationship with her son—and Nero's father, described by Suetonius as a murderer and cheat charged with treason, adultery, and incest, how long could the young Nero have been contained? *Dying Every Day* is a portrait of Seneca's moral struggle in the midst of madness and excess. In his treatises, Seneca preached a rigorous ethical creed, exalting heroes who defied danger to do what was right or

embrace a noble death. As Nero's adviser, Seneca was presented with a more complex set of choices, as the only man capable of summoning the better aspect of Nero's nature, yet, remaining at Nero's side and colluding in the evil regime he created. *Dying Every Day* is the first book to tell the compelling and nightmarish story of the philosopher-poet who was almost a king, tied to a tyrant—as Seneca, the paragon of reason, watched his student spiral into madness and whose descent saw five family murders, the Fire of Rome, and a savage purge that destroyed the supreme minds of the Senate's golden age. *Yellow Woman and a Beauty of the Spirit* Ballantine Books "The Ancients have arrived. In the third volume of Luke Scull's "gripping"* fantasy epic, the Grim Company must face the immortal race known as the Fade, who seek nothing less than the utter destruction of every man, woman, and child on the continent...In the City of Towers, former rebel Sasha and her comrade Davarus Cole struggle to keep the peace between the

warring mages who vie for dominion. But when the White Lady sends Davarus south to the Shattered Realms to seek allies among the fallen kingdoms, he finds that his hardest battle may be one fought within. The godly essence now residing inside him offers power that could be used against the Fade--but with every death that feeds It, Cole risks losing a part of himself. An association with a Fade officer grants the Halfmage Eremul a position of privilege among Dorminia's new masters. He witnesses firsthand the fate that awaits humanity. But since his magic is pitiful in the face of the Fade's advanced technology, the Halfmage must rely on his wits alone to save whom he can...And in the frozen north, legendary warrior Brodar Kayne fights a desperate battle for his people. He is running out of time. An ancient evil sealed beneath the mountains is about to break free, an evil that is older than humanity, older than the Fade, older even than the gods--and it will not stop until the entire world is drowned in blood..."--

"What are you reading?"

That 's the question Will Schwalbe asks his mother, Mary Anne, as they sit in the waiting room of the Memorial Sloan-Kettering Cancer Center. In 2007, Mary Anne returned from a humanitarian trip to Pakistan and Afghanistan suffering from what her doctors believed was a rare type of hepatitis. Months later she was diagnosed with a form of advanced pancreatic cancer, which is almost always fatal, often in six months or less. This is the inspiring true story of a son and his mother, who start a "book club" that brings them together as her life comes to a close. Over the next two years, Will and Mary Anne carry on

conversations that are both wide-ranging and deeply personal, prompted by an eclectic array of books and a shared passion for reading. Their list jumps from classic to popular, from poetry to mysteries, from fantastic to spiritual. The issues they discuss include questions of faith and courage as well as everyday topics such as expressing gratitude and learning to listen. Throughout, they are constantly reminded of the power of books to comfort us, astonish us, teach us, and tell us what we need to do with our lives and in the world. Reading isn't the opposite of doing; it's the opposite of dying. Will and Mary Anne share their hopes and concerns with each other—and rediscover their lives—through their favorite books. When they read, they aren't a sick person and a well person, but a mother and a son taking a journey together. The result is a profoundly moving tale of loss that is also a joyful, and often humorous, celebration of life: Will's love letter to his mother, and theirs to the printed page. This eBook edition includes a Reading Group Guide.

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the

author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

The City of Mirrors Farrar,

A Team of Rivals for World War II—the inside story of how FDR and the towering personalities around him waged war in the corridors of Washington, D.C., to secure ultimate victory on the battlefields of Europe and the Pacific. The Washington War is the story of how the Second World War was fought and won in the capital's halls of power—and how the United States, which in December 1941 had a nominal army and a decimated naval fleet, was able in only thirty months to fling huge forces onto the European continent and shortly thereafter shatter Imperial Japan's Pacific strongholds. Three quarters of a century after the overwhelming defeat of the totalitarian Axis forces, the terrifying, razor-thin calculus on which so many critical decisions turned has been forgotten—but had any of these debates gone the other way, the outcome of the war could have been far different: The army in August 1941, about to be disbanded, saved by a single vote. Production plans that would have delayed adequate war matériel for years after Pearl Harbor, circumvented by one uncompromising man's courage and drive. The delicate ballet that precluded a separate peace between Stalin and Hitler. The almost-

adopted strategy to stage D-Day at a fatally different time and place. It was all a breathtakingly close-run thing, again and again. Renowned historian James Lacey takes readers behind the scenes in the cabinet rooms, the Pentagon, the Oval Office, and Hyde Park, and at the pivotal conferences—Campobello Island, Casablanca, Tehran—as these disputes raged. Here are colorful portraits of the great figures—and forgotten geniuses—of the day: New Dealers versus industrialists, political power brokers versus the generals, Churchill and the British high command versus the U.S. chiefs of staff, innovators versus entrenched bureaucrats . . . with the master manipulator, Franklin Delano Roosevelt, at the center, setting his brawling patriots one against the other and promoting and capitalizing on the furious turf wars. Based on years of research and extensive, previously untapped archival resources, *The Washington War* is the first integrated, comprehensive chronicle of how all these elements—and towering personalities—clashed and ultimately coalesced at each vital turning point, the definitive account of Washington at real war and the titanic political and bureaucratic infighting that miraculously led to final victory.
