In 1867, Lisa See's great-great-grandfather arrived in America, where he prescribed herbal remedies to immigrant laborers who were treated little better than slaves. His son Fong See later built a mercantile empire and married a Caucasian woman, in spite of laws prohibiting interracial marriage. Lisa herself grew up playing in her family's antiques store in Los Angeles's Chinatown, listening to stories of missionaries and prostitutes, movie stars and Chinese baseball teams. With these stories and her own years of research, Lisa See chronicles the one-hundred-year-odyssey of her Chinese-American family, a history that encompasses racism, romance, secret

marriages, entrepreneurial genius, and much more, as two distinctly different cultures meet in a new world.

#1 In German Literature (07/2020) "Enderal accomplishes total immersion in a story in a way I have not seen in a long, long time. There were moments where the emotional weight of what happened hit me so hard that all I could do was sit and stare blankly." - Joe Pishgar, Tom's Hardware Fantasy, mystery, and psychological horror converge in this gripping story that ventures deep into the dark corners of our minds. Jaaros Oonai, magnate, visionary, and master of coin, doesn't muse about whether the glass is half empty or half full-only about ways to fill it. Jespar Dal'Varek, drifter, veteran, and master of avoidance, doesn't muse at all. He'd rather just drink the damn wine. Two lives that could not be

more different intertwine when a strange contract leads Jespar to the tropical island empire of Kilay, the wealthiest nation of the Illumined World. The mission turns out to be as bizarre as it is lucrative: Jaaros Oonai, the country's merchant king, knows something that could stop a catastrophe, but he has fallen into an inexplicable coma. Together with an ex-priestess and a psychic, Jespar must enter Oonai's dreams and find this secret. What should have been a fresh start quickly turns into a nightmare, as Jespar slides into a spiral of disturbing dreams, political intrigue, and clashing ideals, where not only the fate of Kilay but his own sanity are at stake. It's not long before he learns that sometimes only a spider's thread divides the sleeping and the awoken. And that there's no greater enemy than one's own mind. Dreams of the Dying is set in the universe of the award-winning, indie RPG "Enderal," but stands on its

own. It doesn't require knowledge of the game in order to be read.

When advertising legend Jim Riswold is stricken with leukemia and prostate cancer, he quits the business that made him famous to become a “ fake artist, ” creating a controversial body of work with a controversial cast of characters, from Hitler to Mao to Kim Jong-II. It was a decision that would save his life. Advertising legend Jim Riswold is a Big F***** Deal. Ask him, he ' ll tell you. But when Riswold is stricken with leukemia and prostate cancer (a two-fer!), the freewheeling adman quits making commercials, and starts making art. But not just any art—Hitler art. Mussolini art. Stalin-in-a-bathtub art. This is not a sad cancer story. This is a molotov cocktail of raunch and heart and 18-gauge biopsy guns. This is a taboo-busting laugh riot, a raspberry blown straight at dying-guy preciousness and monsters of all kinds—cancer and world-historical bad guys included. Be warned—contents of this book include: One

profanity-spiked TEDx talk. Several very public, full-frontal dick picks. Two adorable children. Something called “ Interferon Family Fun Night. ” Jim Riswold leading a crowd of people in a rousing rendition of “ Happy Birthday ” to his oncologist. Relentlessly funny, and scorchingly subversive, this is a bruised and bruising memoir—it is also tubed, scarred, stapled, and irradiated. But here ’ s the secret: Jim Riswold, enfant terrible, the man Charles Barkley once called “ a role model for morons, ” is kind of a sweetheart. The wise-guy posturing is just a cover for his pulpy heart. Another secret: This book isn ’ t about Hitler. It ’ s about the beautiful, stupid, gross, foolish, and fantastic things we ’ re willing to do for love and family and not-dying. It ’ s about a guy who, with due respect to Lou Gehrig, considers himself the luckiest man on the face of the earth. Really, Jim Riswold owes cancer a thank-you. Thanks to cancer, his tombstone will no longer read: Here Lies That Guy Who Did That “ Bo Knows ” Commercial. Now, it will say Here Lies the Guy Who Put Cancer in Its

Place—and Mussolini on a Tricycle.

The face of the pedestrian safety crisis looks a lot like Ignacio Duarte-Rodriguez. The 77-year old grandfather was struck in a hit-and-run crash while trying to cross a high-speed, six-lane road without crosswalks near his son ’ s home in Phoenix, Arizona. He was one of the more than 6,000 people killed while walking in America in 2018. In the last ten years, there has been a 50 percent increase in pedestrian deaths. The tragedy of traffic violence has barely registered with the media and wider culture.

Disproportionately the victims are like Duarte-Rodriguez—immigrants, the poor, and people of color. They have largely been blamed and forgotten. In *Right of Way*, journalist Angie Schmitt shows us that deaths like Duarte-Rodriguez ’ s are not unavoidable

“ accidents. ” They don ’ t happen because of jaywalking or distracted walking. They are predictable, occurring in stark geographic patterns that tell a story about systemic inequality. These deaths are the forgotten faces of an increasingly urgent public-health crisis that we have the tools, but not the will, to solve. Schmitt examines the possible causes of the increase in pedestrian deaths as well as programs and movements that are beginning to respond to the epidemic. Her investigation unveils why pedestrians are dying—and she demands action. *Right of Way* is a call to reframe the problem, acknowledge the role of racism and classism in the public response to these deaths, and energize advocacy around road safety. Ultimately, Schmitt argues that we need improvements in infrastructure and changes to policy to save lives. *Right of Way* unveils a crisis that is rooted in both inequality and the

undeterred reign of the automobile in our cities. It challenges us to imagine and demand safer and more equitable cities, where no one is expendable. *The Dying Sun* Dalcassian Publishing Company Rome has fallen into darkness. Its legacy remains alive in Constantinople, whose leaders struggle to retain control of a decaying land. Yet famine, war, and an encroaching night leave the Eastern Empire trending towards ruin. Faint hope arises as a new dynasty ascends to the throne of Caesar. Bearing witness to such events is Varus, a young Herulian slave to the aging yet powerful Justin, who unveils a bold plan held by two generations of Romans - to retake the West and reclaim their homeland. Following Justin's dream, Varus enlists with the Roman Army and discovers the carnage of 6th Century warfare. As a mysterious horde of black-shielded invaders devastates the Empire's northern provinces, Varus' unit is called upon to defend under the leadership of Belisarius, one of Justin's most promising commanders. As Varus prepares for the sacrifices to

come, however, he begins to question Justin's secrets, seeking answers regarding his true identity and place as a pivotal figure in the Empire's survival.

How the Other Half Lives Tor Books

Written with an exciting combination of narrative flair and historical authority, this biography of Henry VIII ' s fifth wife, Catherine Howard, is “ a stunning achievement ” (The Sunday Times, London), and “ a masterly work of Tudor history that is engrossing, sympathetic, suspenseful, and illuminating ” (Charlotte Gordon, winner of the National Book Critics Circle Award for Biography). On the morning of July 28, 1540, a teenager named Catherine Howard began her reign as queen of an England simmering with rebellion and terrifying uncertainty. Sixteen months later, she would follow her cousin Anne Boleyn to the scaffold, having been convicted of adultery and high treason. The broad outlines of Catherine ' s career might be familiar, but her story up until now has been incomplete. Unlike previous biographies, which portray her as a naï ve victim of

an ambitious family, Gareth Russell ' s “ excellent account puts the oft-ignored Catherine in her proper historical context ” (Daily Mail, London) and sheds new light on her rise and downfall by showing her in her context, a milieu that includes the aristocrats and, most critically, the servants who surrounded her and who, in the end, conspired against her. By illuminating Catherine ' s entwined upstairs/downstairs world as well as societal tensions beyond the palace walls, Russell offers a fascinating portrayal of court life in the sixteenth century and a fresh analysis of the forces beyond Catherine ' s control that led to her execution. Including a forgotten text of Catherine ' s confession in her own words, color illustrations, family tree, map, and extensive notes, *Young and Damned and Fair* is “ a gripping account of a young woman ' s future destroyed by forces beyond her control...an important and timely book ” (Amanda Foreman, author of *Georgiana, Duchess of Devonshire* and *A World on Fire*). This account changes our understanding of one of history ' s most

famous women while telling the compelling and very human story of complex individuals attempting to survive in a dangerous age.

"Everything epic fantasy should be: rich, cruel, gorgeous, brilliant, enthralling and deeply, deeply satisfying. I loved it."—Lev Grossman, author of *The Magicians* When destiny calls, there's no fighting back. Kihrin grew up in the slums of Quur, a thief and a minstrel's son raised on tales of long-lost princes and magnificent quests. When he is claimed against his will as the missing son of a

treasonous prince, Kihrin finds himself at the mercy of his new family's ruthless power plays and political ambitions. Practically a prisoner, Kihrin discovers that being a long-lost prince is nothing like what the storybooks promised. The storybooks have lied about a lot of other things, too: dragons, demons, gods, prophecies, and how the hero always wins. Then again, maybe he isn't the hero after all. For Kihrin is not destined to save the world. He's destined to destroy it. Jenn Lyons begins the Chorus of Dragons series with *The Ruin of Kings*, an epic fantasy novel about a man who discovers his fate is tied to the future of an empire. Frantz Fanon's seminal work on anticolonialism and the fifth year of the Algerian Revolution. Psychiatrist, humanist, revolutionary, Frantz Fanon was one of the great political analysts of our time, the author of such seminal works of modern revolutionary theory as *The Wretched of the Earth* and *Black Skin, White Masks*. He has had a profound impact on civil rights,

anticolonialism, and black consciousness movements around the world. *A Dying Colonialism* is Fanon's incisive and illuminating account of how, during the Algerian Revolution, the people of Algeria changed centuries-old cultural patterns and embraced certain ancient cultural practices long derided by their colonialist oppressors as "primitive," in order to destroy those oppressors. Fanon uses the fifth year of the Algerian Revolution as a point of departure for an explication of the inevitable dynamics of colonial oppression. This is a strong, lucid, and militant book; to read it is to understand why Fanon says that for the colonized, "having a gun is the only chance you still have of giving a meaning to your death."

The Fate of the Tearling Corgi

Jovinianus, about whom little more is known than what is to be found in Jerome's treatise, published a Latin treatise outlining several opinions: That a virgin is no better, as such, than a wife in the sight of God. Abstinence from food is no better than a thankful partaking of food. A person baptized with the Spirit as well as with water cannot sin. All sins are equal. There is but one grade of punishment and one of reward in the future state. In addition to this, he held the birth of Jesus Christ to have been by a "true parturition," and was thus refuting the orthodoxy of the time, according to which, the infant Jesus passed through the walls of the womb as his Resurrection body afterwards did, out of the tomb or through closed doors.
