Private investigator Ross Marshall has a special talent for tracking—a talent that has helped him locate missing persons when the police's trail has gone cold. Now his current case has led him to a body buried in an isolated rural area—and a serial killer who is looking for a new victim. But while gathering evidence for the police, something goes very wrong... The last thing genetic researcher Megan Sheridan expected was to discover her client shot and unconscious. Ross Marshall had requested her lab to run genetic tests on him, but instead of taking a blood sample, Megan found herself tending his wounds. Although frightened by the secrets she knows he is hiding, Megan is

compelled to him by a force she can't explain—or resist. Ross tries to deny the ancient instincts clamoring for him to take Megan as his mate, for to do so would sentence her to a lifetime of sorrow. But now Ross has an even more urgent reason to stay away from Megan: the killer that he'd been hunting has turned the tables—and is now hunting him.

Does your mother call you in a panic whenever there's a storm warning for your area? Does she act as though it's her duty to alert you to every health story on the news? Have you ever been briefly out of touch with your mother only to find she's phoned everyone short of the National Guard to track you down -- or, just maybe, are you that mother? Take comfort in knowing you're not alone, as Amy Borkowsky shares more than a decade's worth of maddening phone messages from her hilariously overprotective mom. Based on the hit CD of the same name, *Amy's Answering Machine* features actual messages in which Amy's mom warns her not to wear a red bathrobe because a friend's grandson "said that red is a gang color" ...advises her not to get a cat because "what if you finally found a nice guy and he was allergic?" ...cautions her not to wear crepe-soled shoes because "they were just saying on the news that if you're ever in a plane crash, crepe is no good if you have to go down the slide." Amy also reveals the stories behind the messages and shares calls not available on CD, each one brimming with the worry and annoying comments only a loving mother could dish out. The same warnings and suggestions that had Amy cringing are sure to have you doubled over with laughter. But before you turn the

page, take some advice from Amy's mom: Make sure you have plenty of reading light, because squinting causes crow's feet.

Chronicling his 13 years as CEO of Circuit City during its most successful time and sharing his insightful analysis of its downfall, Alan Wurtzel imparts a wisdom that is a must-read for anyone even remotely interested in business. "Good to Great to Gone" illustrates the vital importance of listening to your customers. Without them your company has nothing." ?Tony Hsieh, New York Times bestselling author of *Delivering Happiness* and CEO of

Zappos.com, Inc. How did Circuit City go from a Mom and Pop store with a mere \$13,000 investment, to the best performing Fortune 500 Company for any 15-year period between 1965 and 1995, to bankruptcy and liquidation in 2009? What must leaders do not only to take a business from good to great, but to avoid plummeting from great to gone in a constantly evolving marketplace? For almost 50 years, Circuit City was able to successfully navigate the constant changes in the consumer electronics marketplace and meet consumer demand and taste preferences. But with the company's subsequent decline and ultimate demise in 2009, former CEO Alan Wurtzel has the rare perspective of a company insider in the role of an outsider looking in. Believing that there is no singular formula for strategy, Wurtzel emphasizes the "Habits of Mind" that influence critical management decisions. With key takeaways at the end of each chapter, Wurtzel offers advice and guidance to ensure any business stays on track, even in the wake of disruption, a changing consumer landscape, and new competitors. Part social

history, part cautionary tale, and part business strategy guide, *Good to Great to Gone: The 60 Year Rise and Fall of Circuit City* features a memorable story with critical leadership lessons.

[Editorial Excellence in Business Press Publishing](#) HarperPrism Point of Sale offers the first significant attempt to center media retail as a vital component in the study of popular culture. It brings together fifteen essays by top media scholars with their fingers on the pulse of both the changes that foreground retail in a digital age and the history that has made retail a fundamental part of the culture industries. The book reveals why retail matters as a site of transactional significance to industries as well as a crucial locus of meaning and interactional participation for consumers. In addition to examining how industries connect books, DVDs, video games, lifestyle products, toys, and more to consumers, it also interrogates the changes in media circulation driven by the collision of digital platforms with existing retail institutions. By grappling with the contexts in which we buy media, *Point of Sale* uncovers the underlying tensions that define the contemporary culture industries.

The first person to disappear was an older woman. Then it was a child...then a teenage boy. When Kathryn Reynolds' tenant and friend goes missing, she has no idea that her vanishing could be part of a larger, sinister pattern. But the moment she meets Detective Jack Thornton, times seems to stop—literally. The attraction between them is so strong and undeniable, there's almost something dangerous about it... Jack Thornton had assumed that this was just a routine missing persons report, but there was nothing routine about his response to Kathryn. He's never reacted so quickly or so strongly to any woman before, and the erotic dreams they share threaten to overwhelm his control. But the more he investigates her friend's disappearance, the more uneasy he feels. For he's starting to sense that he and Kathryn are being manipulated by someone...or something. They seem to be playing cat-and-mouse with an unseen enemy—but what Jack doesn't realize is that a killer is on the hunt, and he will stop at nothing to attain his goal. And that the killer is convinced that Kathryn is the key to his dreams of unholy power...
