enthusiast is required to know the land of law. This book will provide all the necessary materials to study FinTech Law in Indian Context. Fintech is composed up of financial breakthroughs like DeFi, ecommerce, peer-to-peer lending, and virtual currencies, as well as tech like AI, blockchain, IoT, and machine learning.

A Handbook on Investments, Loans, Guarantees, Securities, Deposits and Debentures under Companies Act, 2013, Second Edition Bloomsbury Publishing The Limited Liability Partnership were introduced in India vide the Limited Liability Partnership Act, 2008. LLP has combined the flexibility of a

partnership and the advantages of limited liability of a company at a low compliance cost. Limited Liability Partnership Law effective from 1st April 2009 is a new business vehicle that provides the benefits of limited liability of a company but allows its partners the flexibility of organizing their internal management on the basis of a mutually arrived agreement. The new concept of LLP is gaining strength in India. Procedures for LLP compliance have changed since 2009. Taxation of LLP has been made clear by the provisions made in the Income-tax Act, 1961 through the Finance (No 2) Act 2009 and

---

Finance Act, 2010. An attempt has been made in this book to analyze the provisions of Limited Liability Partnership Act, Rules and its taxation keeping in mind the practical difficulties, which a business entity/professional could face while adhering to the provisions contained in laws. Tables, charts and examples have been used sparingly to make the provisions understand easily. Book would be immensely useful for Company Secretaries, Law professionals, Chartered Accountants and everyone concerned with formation, incorporation, conversion, administration & management, accounting & audit and taxation of a LLP.
