Pulmonary Circulation:
SAGE Journals
About This Journal.
Pulmonary Circulation
(PC) is a peer-reviewed
open access journal which
focuses on increasing
survival rates for
pulmonary hypertension
and other pulmonary

vascular diseases worldwide, and developing new therapeutic approaches for the diseases. The journal is a member of the Committee on Publication Ethics (COPE).

INSTRUCTIONS TO AUTHORS

Authors should remove patients' names from figures unless they have obtained informed consent from the patients. The journal abides by ICMJE guidelines: 1. Authors, not the journals nor the publisher, need to obtain the patient consent form before the publication and have the form properly archived.

...

For references with fewer than 10 authors, please list all author names.

For references with more than 10 authors, please list the first 10 author

names and then "et al." Example of a good reference: Smith HJ, Allen S, Yu W, Fard S. This is the title. *Circulation*. 2004;104:276-308. doi: 10.1161/01.CIR.000140263.20897.42.

Instructions to Authors – Circulation Journal

No more than 20 authors will be listed on the first (abstract) page of the published article. If your manuscript has more than 20 authors, please list only the first author, followed by et al. on the title page. The complete author list, including the first author, should be listed under an "Authors" heading at the end of the manuscript.

Circulation Journal Authors Instructions

INSTRUCTIONS TO

AUTHORS I. Aim and Scope:

Circulation Journal is an official open-access scientific journal of the Japanese Circulation Society. Articles deal with either clinical or experimental investigation of the cardiovascular systems.

Circulation | AHA/ASA Journals

In the cover letter, please state succinctly (i) what is new or novel about the paper, and (ii) why you believe the manuscript will be of interest to the readers of

Circulation Research. Please also note any potentially overlapping work that is in preparation, has been previously submitted or published, or is in-press, which should be included as a supplemental materials.

Brain Circulation :

Instructions for authors

Single author: the author's name (without initials, unless there is ambiguity) and the year of publication; 2. Two authors: both authors' names and the year of publication; 3. Three or more authors: first author's name followed by "et al." and the year of publication. Citations may be

made directly (or parenthetically).

Pulmonary Circulation requests
all authors submitting any
primary data used in their
research articles alongside their

article submissions to be published in the online version of the journal, or provide detailed information in their articles on how the data can be obtained. This information should include links to third-party data repositories or detailed contact information for third-party data sources.

Circulation: Cardiovascular Interventions | Instructions ...

SAGE acknowledges the importance of research data availability as an integral part of the research and verification process for academic journal articles. Pulmonary Circulation requests all authors submitting any primary data used in their research articles alongside their article submissions to be published in the online version of the journal, or provide detailed information in their articles on how the data can be obtained. This information should include links to third-party data ...

INSTRUCTIONS TO

AUTHORS

Those papers that are revised or ultimately accepted will be required to be formatted by the authors according to specific Circulation requirements (ie, title page, abstract, references, tables and figures, and disclosures). At that stage, please refer to the journal's Revised & Accepted Manuscripts instructions.

Circulation: Cardiovascular Quality and ... - AHA/ASA Journals

List the first ten (10) authors for each reference and then “ et al. ” Example of a good reference: Smith HJ, Allen S, Yu W, Fard S. This is the title. Circulation. 2004;104:276-308. doi: 10.1161/01.CIR.0000140263.20897.42. Cite references in numerical order according to first mention in the text.

Authors could be suggested by the editors to transfer their

manuscript to Circulation
Journal ' s online-only sister
journal, Circulation Reports.
They should check Circulation
Reports ' Instructions to
Authors ([http://www.j-circ.or.jp
