Why Do Bruises Change Color? CHANGDER

OUTLINE

Did you know that the average adult has about 60,000 miles (95,500 kilometers) of blood vessels? Blood flows through the body in two circuits, or pathways, that begin and end at the heart. Discover more fascinating facts in *Circulatory System*, a title in the *Body Systems* series. Each title in *Body Systems* guides readers through the fascinating inner workings of the human body. The human body contains several complex systems that work closely together to support

life and allow the body to function properly. Each book explores the characteristics and interactions of these systems, their makeup, and their importance. This is an AV2 media enhanced book. A unique book code printed on page 2 unlocks multimedia content that brings the book to life. This book comes alive with audio, video, weblinks, slideshows, activities, quizzes, and much more.

Circulatory, Digestive & Reproductive Systems

Gr. 5-8 Capstone Classroom

The mysteries of sneezes, sunburns, itches, and more are solved in this colorful series about the human body. Accessible questions introduce the reader to how the human body works, what can go wrong with it, and how it repairs itself.

Finish your journey through the human body with a ride through the bloodstream to visit all the organs in our body.

Our resource breaks

down each system of the human body to make it easier to understand as a whole. Start off by exploring the arteries, veins and capillaries. Examine your own heartbeat as you learn how to take your pulse. Then, follow the red blood cells as they bring oxygen to the rest of the body. Discover how the food we eat travels down to our stomach and gets digested. Learn how we get energy from that food, and what happens to waste that our body cannot digest. Travel through the excretory system to learn about all the different organs that help us get rid of waste. Build a model of a kidney to see it working in action. Finally, find out how two cells come together to

create life. Aligned to the Next Generation State Standards and written to Bloom's Taxonomy and STEAM initiatives, additional hands-on experiments, crossword, word search, comprehension quiz and answer key are also included.
