This book was previously published with the title Amour Amour. Leveraging Imagination, Collaboration, and Innovation to Create Success Beyond Your Wildest Dreams Cirque Du Soleil 20 Years Under the Sun - An Authorized History Follow the author as he goes on a harrowing journey from the US Olympic Training Center to homeless shelters to shooting heroin on the job to being declared dead. This story goes beyond addiction. It is about the fragility and tenacity of the human spirit and how that spirit can redeem each and every one of us by helping to push us through the darkness, whether the darkness is from death, divorce, or the disease of addiction. Acrobaddict is a story about the close relationship between athletics and drug addiction—how the same energy, obsession, and dedication that can create an Olympic athlete can also create a homeless drug addict. PUBLISHERS WEEKLY (Starred review) After reading former Olympic gymnastics hopeful Putignano's sinister yet intoxicating memoir of addiction, recovery, and more addiction, you wind up feeling like one of his closest friends. The first-time author, who now portrays Crystal Man in Cirque du Soleil's traveling production of Totem, divulges what must be nearly every significant detail of his journey from the basement of his parents' Massachusetts home, where as an 8-year-old he taught himself flips using old couch cushions; to the U.S. Olympic Training Center in Colorado Springs, where the author's insane quest for perfection exposed his insecurities and triggered his self-loathing; and finally to

a seemingly never-ending series of addict escapades throughout his college and post-college years that somehow did not even climax after he was twice declared clinically dead. Putignano's homosexuality plays a crucial role in his story, and it is the one topic here he handles delicately. Elsewhere, his prose is unfiltered: graphic and intimate. Prone to hyperbole to the point of distraction, Putignano nevertheless writes so vividly about his highs that readers practically experience them with him. Similarly, his lows drop them into the private circles of hell on earth he created. A more powerful anti-drug missive would be tough to find. (Sept.) LIBRARY JOURNAL (July 22, 2013) Dale Farris, Groves, TX—Former star acrobatic contortionist and gymnast of the Cirque du Soleil's "Totem," performer in Twyla Tharp's musical The Times They Are A'changin, and guest on Dr. Sanjay Gupta's CNN show Human Factor, Putignano, shares his heartfelt, emotionally wrenching story of addiction to heroin. Putignano's memoir takes readers on an unsettling journey from his experience in the U.S. Olympic Training Center to homeless shelters to shooting heroin on the job, and even being declared dead. His vivid, brutally honest story begins with his realizing at an early age his innate talent for gymnastics, followed by his obsession with becoming an Olympic gymnastic champion, how he abandoned his Olympic hopes to chase his love of heroin, and ultimately how he managed to overcome his addiction and move into long-term recovery and stability. The narrative is replete with colorful descriptions of his many harrowing experiences, and deep musings that have formed the foundation for his commitment to remain free of drugs and a shining light for others who may be seeking guidance. VERDICT Putignano's honest memoir of drug abuse is a valuable addition to substance-abuse literature. His status as a successful gymnast and performer helps connect readers, and his impressive, erudite style results in a highly credible addition to this rapidly saturating genre. Gender is an often misunderstood subject area, even within the discipline even to those who teach and write about it. One of my presenters, when she first approached me to present at the conference, asked, “ What does my paper really have to do with gender ” ? To me the answer was obvious; everything has to do with gender. Gender is everywhere from the cradle to the grave. What color blanket are we given at birth? What clothes are we laid out in at death? We are bombarded with advertisements specifically targeted at our gender, either male, female, or somewhere in between. We are judged by our gender, which is often synonymous with our sex, although in many of the presentations through the years it is becoming evident that more and more people understand the difference. Our clothing, food, entertainment, and reading material are all tied to gender, in one form or another. Gender is like the air. It is all around us, seldom thought of, but always present. In an area that spans literature, politics, sex, religion, and personal choices it is hard to get finite and clear cut delineations. The contributors are the main focus here and I have just been the ringmaster of this incredible circus of ideas. Without them this could never have gone to press and it is all our hopes that you enjoy the volume and take something away from it that you did not anticipate.

Here is a dazzling collection from Joan Acocella, one of our most admired cultural critics: thirty-one essays that consider the life and work of some of the most influential artists of our time (and two saints: Joan of Arc and Mary Magdalene). Acocella writes about Primo Levi, Holocaust survivor and chemist, who wrote the classic memoir, Survival in Auschwitz; M.F.K. Fisher who, numb with grief over her husband ’ s suicide, dictated the witty and classic How to Cook a Wolf; and many other subjects, including Dorothy Parker, Mikhail Baryshnikov, and Saul Bellow. Twenty-Eight Artists and Two Saints is indispensable reading on the making of art—and the courage, perseverance, and, sometimes, dumb luck that it requires.

In the 1970s a group of men and women with few ties to the circus emerged from the counterculture revolution and took to the streets, where they discovered how to entertain an audience. At a time when the Big Top was beset by shabby excess, escalating costs, and competition from movies and TV, the young performers dedicated themselves to skill and intimacy, beginning the movement Ernest Albrecht describes as the "new American circus", a reinvention of the circus as an authentic form of art. The first - and most radical - aspect of this movement was its revival of the traditions of the great one-ring shows of Europe and Russia. Focusing on artistry, not spectacle, the new American circus incorporated such allied arts as music and dance and embraced a notion of ensemble that was compatible with the communal ethic of the seventies. Working from interviews and other primary sources, Albrecht traces this history to the present (including current controversies over animal performers and efforts to secure subsidies), sketching the leading players in the

new circus and profiling the shows they founded.

Once an eagerly awaited spectacle, the traveling circus--that miracle of red wagons, trumpeting elephants and spangled trapeze artists that slipped into town at dawn and disappeared by midnight--has all but vanished from the American landscape. This work explores circus history from 1793 to the present and addresses the forces of modern culture (such as the popularity of Cirque du Soleil, and pressure from the animal rights movement) that are pushing big top shows toward what the author calls "circus ballet." Numerous photographs and in-depth interviews conducted with show owners, performers and directors enrich the narrative. Overall, the book reveals a sobering contrast between circuses of yesterday and today, even as it honors the outstanding performers who created, and have sustained, the enduring appeal of the circus.
