This book has been completely revised to
align to Cisco's new CCENT 100-101
ICND1 exam. Material is presented in a

concise manner, focusing on increasing
student's retention and recall of exam topics.
The book is printed in four color, allowing
students to benefit from carefully crafted
figures that utilize color to convey concepts.
Students will organize their study through
the use of the consistent features in these
chapters, including: • Foundation Topics —
These sections make up the majority of the
page count, explaining concepts,
configurations, with emphasis on the theory
and concepts, and with linking the theory to
the meaning of the configuration
commands. • Key Topics — Inside the
Foundation Topics sections, every figure,
table, or list that should absolutely be
understood and remembered for the exam is
noted with the words “Key Topic” in the
margin. This tool allows the reader to
quickly review the most important details in
each chapter. • Chapter-ending Summaries
