EX90 SW is 5.1.3, VCSe X7.2, VCSc X7.2, TMS 13.2.2. I have factory default the EX90 and run the provisioning wizard, I complete the username, password, domain and external IP managers IP address (which changes to the DNS name of the VCSe when I try to register) but it fails with Configuration failed.

Remote control with Ex-series is not a supported use-case. The remote control use case has never been tested by R&D. For Ex series, you have to use them with the touch controller. You can also see that from TC4 Ex-series admin guide on-wards, there is no mentioned of usage of remote control in the guide and anything in relation to it. regards.
