To Build the City of God Regnery Publishing

This volume addresses the complex and conflicted vision in Augustine's City of God, as a heavenly city on earthly pilgrimage.

Jesus Feminist Emmaus Road Publishing

The first new rendition for a generation of one of the classic texts of Western civilisation.

The City of God New City Press

"The human mind can understand truth only by thinking, as is clear from Augustine." --Saint Thomas Aquinas
Saint Augustine of Hippo is one of the central figures in the history of Christianity, and this book is one of his greatest theological works. Written as an eloquent defense of the faith at a time when the Roman Empire was on the brink of collapse, it examines the ancient pagan religions of Rome, the arguments of the Greek philosophers and the revelations of the Bible. Pointing the way forward to a citizenship that transcends worldly politics and will last for eternity, this book is one of the most influential documents in the development of Christianity. One of the great cornerstones in the history of Christian thought, "The City of God" is vital to an understanding of modern Western society and how it came into being. Begun in A.D. 413, the book's initial purpose was to refute the charge that Christianity was to blame for the fall of Rome (which had occurred just three years earlier). Indeed, Augustine produced a wealth of evidence to prove that paganism bore within itself the seeds of its own destruction. However, over the next thirteen years that it took to complete the work, the brilliant ecclesiastic proceeded to his larger theme: a cosmic interpretation of history in terms of the struggle between good and evil. By means of his contrast of the earthly and heavenly cities--the one pagan, self-centered, and contemptuous of God and the other devout, God-centered, and in search of grace--Augustine explored and interpreted human history in relation to eternity.

The City of God, Books XVII-XXII Anchor

St Augustine, bishop of Hippo, was one of the central figures in the history of Christianity, and City of God is one of his greatest theological works. Written as an eloquent defence of the faith at a time when the Roman Empire was on the brink of collapse, it examines the ancient pagan religions of Rome, the arguments of the Greek philosophers and the revelations of the Bible. Pointing the way forward to a citizenship that transcends the best political experiences of the world and offers citizenship that will last for eternity, City of God is one of the most influential documents in the development of Christianity.

The City of God Cambridge University Press

Jesus tells his followers to feed the hungry, heal the sick, raise the dead, but often we've tamed this calling. Sara Miles, a passionate, funny, undomesticated Christian, tells what happened when she decided to follow Jesus into the messy diversity of human life and do exactly what he asked.

It Is Right and Just: Why the Future of Civilization Depends on True Religion Hendrickson Publishers

How is this book unique? Font adjustments & biography included Unabridged (100% Original content) Illustrated About The City of God by St. Augustine
The City of God is a book of Christian philosophy written in Latin by St. Augustine in the early 5th century AD. The book was in response to allegations that Christianity brought about the decline of Rome and is considered one of Augustine's most important works, standing alongside The Confessions, The Enchiridion, On Christian Doctrine and On the Trinity. As a work of one of the most influential Church Fathers, The City of God is a cornerstone of Western thought, expounding on many profound questions of theology, such as the suffering of the righteous, the existence of evil, the conflict between free will and divine omniscience, and the doctrine of original sin. The book presents human history as a conflict between what Augustine calls the Earthly City (often colloquially referred to as the City of Man) and the City of God, a conflict that is destined to end in victory for the latter. The City of God is marked by people who forgot earthly pleasure to dedicate themselves to the eternal truths of God, now revealed fully in the Christian faith. The Earthly City, on the other hand, consists of people who have immersed themselves in the cares and pleasures of the present, passing world. Augustine's thesis depicts the history of the world as universal warfare between God and the Devil. This metaphysical war is not limited by time but only by geography on Earth. In this war, God moves (by divine intervention/ Providence) those governments, political /ideological movements and military forces aligned (or aligned the most) with the Catholic Church (the City of God) in order to oppose by all means--including military--those governments, political/ideological movements and military forces aligned (or aligned the most) with the Devil (the City of Devil).

Is religion a right given to us by the state? Is it an opium for the masses? Is it private opinion with no role in the public sphere? In *It Is Right and Just*, bestselling author Scott Hahn and Brandon McGinley challenge our idea of religion and its role in society. Hahn and McGinley argue that to answer questions over religious liberty, justice, and peace, we must first reject the insidious lie perpetuated by secular-liberal culture: that religion is a private matter. Contrary to what political

commentators and activists say, religion is not only relevant to justice and law, but is necessary for civilization to thrive. Recover the public nature of true religion, *It Is Right and Just* argues, and watch as a revolution unfolds. Find eternal answers to today's political confusion right now--pre-order today and get a free ebook to begin reading immediately!

[The Political Writings of St. Augustine](#) New City Press

Written with poetic rhythm, a prophetic voice, and a deeply biblical foundation, this loving yet fearless book urges today's church to move beyond man-made restrictions and fully welcome women's diverse voices and experiences. A freedom song for the church. Sarah Bessey didn't ask for Jesus to come in and mess up all her ideas about a woman's place in the world and in the church. But patriarchy, she came to learn, was not God's dream for humanity. Bessey engages critically with Scripture in this gentle and provocative love letter to the Church. Written with poetic rhythm, a prophetic voice, and a deeply biblical foundation, this loving yet fearless book urges today's church to move beyond man-made restrictions and fully welcome women's diverse voices and experiences. It's at once a call to find freedom in the fullness, hope, glory, and work of Christ, and a very personal and moving story of how Jesus made a feminist out of her.

CUA Press

One of the great cornerstones in the history of Christian philosophy, *The City of God* provides an insightful interpretation of the development of modern Western society and the origin of most Western thought. Contrasting earthly and heavenly cities--representing the omnipresent struggle between good and evil--Augustine explores human history in its relation to all eternity. In Thomas Merton's words, "The City of God is the autobiography of the Church written by the most Catholic of her great saints." This Modern Library Paperback Classics edition is a complete and unabridged version of the Marcus Dods translation.

The City of God Strelbytskyy Multimedia Publishing

An anonymous caller tells a detective in a small Oregon town that a woman has just bitten off a man's finger. But the man is not the victim, the caller says. The woman is. She's being held against her will by a group of faith-healing fanatics who are trying to cure her depression with violent exorcisms. The detective rescues her, but she is afraid to press charges against the people in her church. Then the detective gets an even more ominous message: Children in the church have been dying mysteriously for years, and now several more are in immediate peril, facing blindness, disability, and death. Unwilling to stand by and allow more children to suffer, the anonymous caller -- a church insider -- risks everything to work with three detectives and a lone prosecutor to fight faith-based child abuse, and to change the laws that protect its perpetrators. They are joined by a mother who'd suffered a faith-healing tragedy herself, and afterwards dedicated her life to saving others from the same fate. Masterfully written by author Cameron Stauth, *In the Name of God* tells the true story of their heroic mission, which resulted in a historic series of sensational trials that exposed the darkest secret of American fundamentalism, and revealed the shameful political deals that have allowed thousands of children to die at the hands of their own parents -- legally. Though the battle against faith-healing abuse continues around the country, the victory in Oregon has lit the path to a better future, in which no child need die because of a parent's beliefs.

Trilogy on Faith and Happiness Macmillan

A new reading of Augustine's City of God which considers the status of politics within Augustine's sacramental worldview.

City of God Cambridge University Press

We live in an urban age. To a degree unprecedented in human history, most of the world's people live in cities. It is thus vital, say Mark Gornik and Maria Liu Wong, for Christians to think constructively about how to live out their faith in an urban setting. In *Stay in the City* Gornik and Liu Wong look at what is happening in the urban church--and what Christians everywhere can learn from it. Once viewed suspiciously for their worldly temptations and vices, cities are increasingly becoming centers of vibrant Christian faith. Writing from their experience living and working in New York City, Gornik and Liu Wong invite readers everywhere to join together in creating a more flourishing--and faith-filled--urban world.

The City of God Books 1-10 Wm. B. Eerdmans Publishing

"The glorious city of God is my theme in this work, which you, my dearest son Marcellinus, suggested, and which is due to you by my promise. I have undertaken its defence against those who prefer their own gods to the Founder of this city,--a city surpassingly glorious, whether we view it as it still lives by faith in this fleeting course of time, and sojourns as a stranger in the midst of the ungodly, or as it shall dwell in the fixed stability of its eternal seat, which it now with patience waits for, expecting until "righteousness shall

return unto judgment," and it obtain, by virtue of its excellence, final victory and perfect peace. A great work this, and an arduous; but God is my helper." -an excerpt

City of God Peter Lang Pub Incorporated

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

City of God Cambridge University Press

Christopher Hitchens, described in the London Observer as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

Instructing Beginners in Faith Canterbury Press

Augustine of Hippo, one of the most prolific writers of late antiquity, known primarily for four masterpieces: *The Confessions*, *Teaching Christianity*, *The City of God*, and *The Trinity*, composed a vast body of work comprised of more than five million words. He composed his earliest works in the form of dialogues shortly before his baptism in 387. The next decade of his life, a relatively unproductive transitional period, was followed by an explosion that averaged, in modern terms, a 300-page book per year. This early trilogy, *The Happy Life*, *The Advantage of Believing*, and *Faith in the Unseen*, demonstrates Augustine's fundamental concern to link Christian faith with the human quest for happiness. These three essential works, which illustrate his dictum that faith is necessary for understanding, constitute a magnificent introduction to Augustinian spirituality. *Trilogy on Faith and Happiness* reveals Augustine's insight into fundamental existential questions and his conviction that human fulfillment can be found only in the incarnation of Jesus, the Word and Wisdom of God. It will prove especially useful for spiritual reading and for students of Christian spirituality.

Augustine's City of God Simon and Schuster

City of God Canterbury Press

The Enchiridion on Faith, Hope and Love National Geographic Books

The Kingdom of God Is Within You, is a non-fiction book written by Leo Tolstoy. A philosophical treatise, the book was first published in Germany in 1894 after being banned in his home country of Russia. It is the culmination of thirty years of Tolstoy's thinking, and lays out a new organization for society based on a literal Christian interpretation. *The Kingdom of God is Within You* is a key text for Tolstoyan, nonviolent resistance, and Christian anarchist movements.

The City of God Books 11-22 Jericho Books

Along with his *Confessions*, *The City of God* is undoubtedly St. Augustine's most influential work. In the context of what begins as a lengthy critique of classic Roman religion and a defense of Christianity, Augustine touches upon numerous topics, including the role of grace, the original state of humanity, the possibility of waging a just war, the ideal form of government, and the nature of heaven and hell. But his major concern is the difference between the City of God and the City of Man – one built on love of God, the other on love of self. One cannot but be moved and impressed by the author's breadth of interest and penetrating intelligence. For all those who are interested in the greatest classics of Christian antiquity, *The City of God* is indispensable. This long-awaited translation by William Babcock is published in two volumes, with an introduction and annotation that make Augustine's monumental work approachable. Books 11-22 offer Augustine's Christian view of history, including the Christian view of human destiny. The INDEX for Books 1-22 (both volumes of *The City of God*) is contained in this edition.
