Civics and the Constitution John Wiley & Sons
What exactly is civic and political participation? What factors influence young people’s participation? How can we encourage youth to actively participate in their own democracies? Youth Civic and Political Engagement takes a multidisciplinary approach to answering these key questions, incorporating research in the fields of psychology, sociology, political science and education to explore the issues affecting youth civic and political engagement. Drawing on evidence that has been obtained in many different national contexts, and through multinational studies, this book provides a theoretical synthesis of this large and diverse body of research, using an integrative multi-level ecological model of youth engagement to do so. It identifies unresolved issues in the field and offers numerous suggestions for future research. Youth Civic and Political Engagement is an invaluable resource for researchers, teachers, youth workers, civil society activists, policymakers and politicians who wish to acquire an up-to-date understanding of the factors and processes that influence young people’s civic and political engagement, and how to promote youth engagement.
Civics Today Government Printing Office

State and Local Politics Simon and Schuster
Holt Economics examines the way in which economics affects the lives of individuals and how individuals, through their economic choices, shape their world. Throughout Holt Economics, you are asked to think critically about the events and processes that shape your global, national, and local economy. - Publisher.
United States Code Longman Publishing Group
Educating for citizenship was the original mission of American schools, but for decades that knowledge—also known as civics education—has been in decline, as schools have shifted focus to college and career, STEM, and raising reading and math scores. But over the last few years, spurred on by political polarization and a steep decline in public understanding, civics education is seeing a nation-wide resurgence, as school leaders, educators, and parents recognize the urgency of teaching young people how America works—especially young people who have been marginalized from the political system. But this isn ’ t your grandmother ’ s civics. The “ new ” civics has been updated and re-tooled for the phone-addicted, multi-cultural, globalized twenty-first century kid. From combatting “ fake news ” with fact checking in Silicon Valley, to reviving elementary school social studies in Nashville, to learning civic activism in Oklahoma City, journalist Holly Korbey documents the grassroots revival happening across the country. Along the way, she provides an essential guidebook for educators, school leaders and caregivers of all types who want to educate a new generation of engaged citizens at a critical time in American democracy.
Teaching Civics Today: The iCivics Approach to Classroom Innovation and Student Engagement ebook Rowman & Littlefield Publishers
"This book is an optimal tool for instructors and students of graduate classes in social work and related disciplines." --Journal of Immigrant and Minority Health "I applaud social work students, professors, and social workers who seek to serve and empower the immigrant community. This text is a great tool toward raising awareness of the many issues immigrants face, and helping them find solutions." --Frank Sharry, Executive Director, America's Voice "The book is a major contribution to social workers and their clients as it addresses advocacy on behalf of immigrants and refugees during a social, economic and political period that restricts immigrants' rights and service access." --Dr. Diane Drachman, Associate Professor, University of Connecticut School of Social Work Successful social work with immigrants must begin with an understanding of their legal status and how that status impacts their housing, employment, health care, education, and virtually every other aspect of life. Chang-Muy and Congress present social workers with the only book on the market to emphasize the legal aspect of immigrant issues as well as critical practice and advocacy issues. Topics discussed include historical and current trends in immigration, applicable theories for practice with immigrants, policy and advocacy methods, and the need for cultural competence. By providing comprehensive coverage of both the legal and practice issues of this complex field, this book will help social service professionals and graduate students increase their cultural sensitivity and work more effectively with immigrants. Key Features: Covers the latest aspects of the immigration debate and discusses how social workers are affected by emerging immigration policies Discusses special populations such as refugees, elderly immigrants, and victims of international trafficking Includes case studies on the most critical issues immigrants face today: legal processes, physical and mental health issues, employment difficulties, family conflicts, and more Instructional Materials Available! Free to instructors with a verified order of seven or more copies. Email marketing@springerpub.com to request syllabus and PowerPoint slides.
The New American Democracy OUP Us
The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)
Arizona Civics and Government W. W. Norton
Participatory Budgeting—the experiment in democracy that could redefine how public budgets are decided in the United States. Democracy Reinvented is the first comprehensive academic treatment of participatory budgeting in the United States, situating it within a broader trend of civic technology and innovation. This global phenomenon, which has been called "revolutionary civics in action" by the New York Times, started in Brazil in 1989 but came to America only in 2009. Participatory budgeting empowers citizens to identify community needs, work with elected officials to craft budget proposals, and vote on how to spend public funds. Democracy Reinvented places participatory budgeting within the larger discussion of the health of U.S. democracy and focuses on the enabling political and institutional conditions. Author and former White House policy adviser Hollie Russon Gilman presents theoretical insights, indepth case studies, and interviews to offer a compelling alternative to the current citizen disaffection and mistrust of government. She offers policy recommendations on how to tap online tools and other technological and civic innovations to promote more inclusive governance. While most literature tends to focus on institutional changes without solutions, this book suggests practical ways to empower citizens to become change agents. Reinvesting in Democracy also includes a discussion on the challenges and opportunities that come with using digital tools to re-engage citizens in governance.
Harnessing Transparency and Citizen Engagement Houghton Mifflin Harcourt
This concise, highly affordable text provides an engaging, analytical approach to American Government that stresses the importance of elections in contemporary American politics. Written in a strong narrative voice and brimming with student-relevant examples, America ’ s New Democracy provides a focused and stimulating treatment of politics in the United States. Illustrating popular influence across the political system in defense of a central theme – -that elections matter more in America ’ s political system today than they have in the past or do in other democracies– – the book challenges the pessimistic view that government seldom listens to ordinary people. America ’ s New Democracy encourages readers to see that in a

system where votes are the main currency, both power and responsibility rest on the shoulders of all citizens.

Democracy in Motion Master Books

"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

The State of the Field, Prospects for Reform Longman Publishing Group

If the confusion following the last presidential election is any indication, the average citizen knows precious little about the democratic system and the laws that affect their daily lives. The Everything American Government Book unravels the complexities of our democracy and provides readers with the knowledge necessary to make the right decisions and take an active role in the management of their country. From the roots of American government and the challenges that have helped shape it over the years to its current structure and systems, this thoroughly researched work is ideal for anyone brushing up on civics, as well as students of all ages. Readers learn about: The personalities and events that gave rise to our current system The real significance of the Bill of Rights and the Constitution The functions of each branch of government and how they work together Private sector ’ s influence on public policy and decision-making Ways to get involved and make a difference Specially designed to inform and empower the average citizen during this critical election year, The Everything American Government Book provides the keys to understanding the ins and outs of the most powerful democracy in the world.

Making Politics Work for Development McGraw-Hill / Glencoe

Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, The Enduring Debate and Faultlines. o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New 'Analyzing the Evidence' units use bold graphics to show students 'how we know what we know' about certain political phenomena. 'Core of the Analysis' boxes on the first page of every chapter preview the chapter's analysis. 'In Brief' boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. 'Key Terms' are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy: o Organize-This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn-This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect-This section contains: o Politics in the News RSS Feed-A bi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises-These interactive exercises are based on the new 'Analyzing the Evidence' units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

American Government World Bank Publications

A civics program building the next generation of active Americans Civics Today: Citizenship, Economics, and You meets the content standards for civics and government as outlined by the National Standards for Civics and Government. Many young citizens are completing their education with little or no sense of civic responsibility. This program teaches the knowledge and skills needed to be an effective, active citizen. It also encourages an appreciation for the American political system and fosters a willingness to take part in American democracy. Two economics units provide an understanding of the interrelationship between democracy and the free enterprise system.

Proceedings and Debates of the ... Congress Longman Publishing Group

Although the field of deliberative civic engagement is growing rapidly around the world, our knowledge and understanding of its practice and impacts remain highly fragmented. Democracy in Motion represents the first comprehensive attempt to assess the practice and impact of deliberative civic engagement. Organized in a series of chapters that address the big questions of deliberative civic engagement, it uses theory, research, and practice from around the world to explore what we know about, how we know it, and what remains to be understood. More than a simple summary of research, the book is designed to be accessible and useful to a wide variety of audiences, from scholars and practitioners working in numerous disciplines and fields, to public officials, activists, and average citizens who are seeking to utilize deliberative civic engagement in their communities. The book significantly enhances current scholarship, serving as a guide to existing research and identifying useful future research. It also has promise for enhancing practice, for example by helping practitioners, public officials, and others better think through and articulate issues of design and outcomes, thus enabling them to garner more support for public deliberation activities. In addition, by identifying what remains to be learned about public deliberation, practitioners and public officials may be inspired to connect with scholars to conduct research and evaluations of their efforts.
