*Until Justice Be Done: America's First Civil  
Rights Movement, from the Revolution to  
Reconstruction* W. W. Norton & Company  
*The Second Reconstruction* W. W. Norton &  
Company

This is the essential guide to the Civil Rights  
Movement in Atlanta. The book is organized  
around four walking and driving tours of the  
important civil rights sites in Atlanta from the  
1940s to the present. The first three tours - Auburn  
Avenue, Atlanta University Center and  
Surrounding Neighborhood, and Martin Luther  
King Jr. Drive - provide information about sites  
located within a single neighborhood or that lie  
along a street. Tour 4 identifies and describes The

Bridge (a sculpture honoring Congressman John  
Lewis); the Pickrick Restaurant; the 'Atlanta Wall',  
where Atlanta Mayor Ivan Allen, Jr., approved the  
erection of two wooden and steel barricades in  
southwest Atlanta in order to prevent integration;  
and, the gravesite of Ruby Doris Smith Robinson,  
the Spelman student most active in the 1960s civil  
rights struggle. The book also contains historic and  
current photographs of the sites as well as directions  
to the sites. Furthermore, the book provides a brief  
history of the civil rights movement in Atlanta in the  
1950s and 1960s, a chronology of the important  
civil rights events in Atlanta from 1957 to 1968, and  
a bibliography of books and articles published about  
civil rights events in Atlanta during the 1950s and  
1960s.

students in mind. CliffsTestPrep is the only hands-on workbook that lets you study, review, and answer practice Regents exam questions on the topics you're learning as you go. Then, you can use it again as a refresher to prepare for the Regents exam by taking a full-length practicetest. Concise answer explanations immediately follow each question--so everything you need is right there at your fingertips. You'll get comfortable with the structure of the actual exam while also pinpointing areas where you need further review. About the contents: Inside this workbook, you'll get an introduction and a short lesson on writing essays. You'll also find sequential, topic-specific test questions with fully explained answers for each of the following sections: U.S. and New York State History World History Geography Economics Civics, Citizenship, and Government A full-length practice test at the end of the book is made up of questions culled from multiple past Regents exams. Use it to identify your weaknesses, and then go back to those sections for more study. It's that easy! The only review-as-you-go workbook for the New York State Regents exam. Civil Rights Queen Cambridge University Press Finalist for the 2022 Pulitzer Prize in History Finalist for the 2022 Lincoln Prize Winner of the 2022 John Nau Book Prize in American Civil War Era History One of NPR's Best Books of 2021 and a New York Times Critics' Top Book of 2021 A groundbreaking history of the movement for equal rights that courageously battled racist laws and institutions, Northern and Southern, in the decades before the Civil War. The half-century before the Civil War was beset with conflict over equality as well as freedom. Beginning in 1803, many free states enacted laws that discouraged free African Americans from

---

settling within their boundaries and restricted their rights to testify in court, move freely from place to place, work, vote, and attend public school. But over time, African American activists and their white allies, often facing mob violence, courageously built a movement to fight these racist laws. They countered the states' insinuations that states were merely trying to maintain the domestic peace with the equal-rights promises they found in the Declaration of Independence and the Constitution. They were pastors, editors, lawyers, politicians, ship captains, and countless ordinary men and women, and they fought in the press, the courts, the state legislatures, and Congress, through petitioning, lobbying, party politics, and elections. Long stymied by hostile white majorities and unfavorable court decisions, the movement's ideals became increasingly mainstream in the 1850s, particularly among supporters of the new Republican party. When Congress began rebuilding the nation after the Civil War, Republicans installed this vision of racial equality in the 1866 Civil Rights Act and the Fourteenth Amendment. These were the landmark achievements of the first civil rights movement. Kate Masur's magisterial history delivers this pathbreaking movement in vivid detail. Activists such as John Jones, a free Black tailor from North Carolina whose opposition to the Illinois "black laws" helped make the case for racial equality, demonstrate the indispensable role of African Americans in shaping the American ideal of equality before the law. Without enforcement, promises of legal equality were not enough. But the antebellum movement laid the foundation for a racial justice tradition that remains vital to this day.

Covering Colchis Books

"Tubbs' connection to these women is palpable on the page — as both a mother and a scholar of the impact Black motherhood has had on America. Through Tubbs' writing, Berdis, Alberta, and Louise's stories sing. Theirs is a history forgotten that begs to be told, and Tubbs tells it brilliantly." — Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist* and National Book Award winner

Stamped from the Beginning Much has been written about Berdis Baldwin's son James, about Alberta King's son Martin Luther, and Louise Little's son Malcolm. But virtually nothing has been said about the extraordinary women who raised them. In her groundbreaking and essential debut *The Three Mothers*, scholar Anna Malaika Tubbs celebrates Black motherhood by telling the story of the three women who raised and shaped some of America's most pivotal heroes. ---

History Month — All Written By Women" One of SheReads.com's "Most anticipated nonfiction books of 2021" Berdis Baldwin, Alberta King, and Louise Little were all born at the beginning of the 20th century and forced to contend with the prejudices of Jim Crow as Black women. These three extraordinary women passed their knowledge to their children with the hope of helping them to survive in a society that would deny their humanity from the very beginning—from Louise teaching her children about their activist roots, to Berdis encouraging James to express himself through writing, to Alberta basing all of her lessons in faith and social justice. These women used their strength and motherhood to push their children toward greatness, all with a conviction that every human being deserves dignity and respect despite the rampant discrimination they faced. These three mothers taught resistance and a fundamental belief in the worth of Black people to their sons, even when these beliefs flew in the face of America ' s racist practices and led to ramifications for all three

families ' safety. The fight for equal justice and dignity came above all else for the three mothers. These women, their similarities and differences, as individuals and as mothers, represent a piece of history left untold and a celebration of Black motherhood long overdue.

#### Civil Liberties in America Praeger

With the US Supreme Court confirmation of Ketanji Brown Jackson, “ it makes sense to revisit the life and work of another Black woman who profoundly shaped the law: Constance Baker Motley ” (CNN). The first major biography of one of our most influential judges—an activist lawyer who became the first Black woman appointed to the federal judiciary—that provides an eye-opening account of the twin struggles for gender equality and civil rights in the 20th Century. “ A must-read for anyone who dares to believe that equal justice under the law is possible and is in search of a model for how to make it a reality. ” —Anita Hill Born to an aspirational blue-collar family during the Great Depression,

---

Constance Baker Motley was expected to find herself a good career as a hair dresser. Instead, she became the first black woman to argue a case in front of the Supreme Court, the first of ten she would eventually argue. The only black woman member in the legal team at the NAACP's Inc. Fund at the time, she defended Martin Luther King in Birmingham, helped to argue in *Brown vs. The Board of Education*, and played a critical role in vanquishing Jim Crow laws throughout the South. She was the first black woman elected to the state Senate in New York, the first woman elected Manhattan Borough President, and the first black woman appointed to the federal judiciary. *Civil Rights Queen* captures the story of a remarkable American life, a figure who remade law and inspired the imaginations of African Americans across the country. Burnished with an extraordinary wealth of research, award-winning, esteemed Civil Rights and legal historian and dean of the Harvard Radcliffe Institute, Tomiko Brown-Nagin brings Motley to life in these pages. Brown-Nagin compels us to ponder some of our most timeless and urgent questions--how do the historically marginalized access the corridors of power? What is the price of the ticket? How does access to power shape individuals committed to social justice? In *Civil Rights Queen*, she dramatically fills out the picture of some of the most profound judicial and societal change made in twentieth-century America.

The Civil Liberties Review Princeton University Press  
Praised by The New York Times; O, The Oprah Magazine; Bitch Magazine; Slate; Publishers Weekly; and more, this is “ a bracing corrective to a national mythology ” (New York Times) around the civil rights movement. The civil rights movement has become national legend, lauded by presidents from Reagan to Obama to Trump, as proof of the power of American democracy. This fable, featuring dreamy heroes and accidental heroines, has shuttered the movement

---

firmly in the past, whitewashed the forces that stood in its way, and diminished its scope. And it is used perniciously in our own times to chastise present-day movements and obscure contemporary injustice. In *A More Beautiful and Terrible History* award-winning historian Jeanne Theoharis dissects this national myth-making, teasing apart the accepted stories to show them in a strikingly different light. We see Rosa Parks not simply as a bus lady but a lifelong criminal justice activist and radical; Martin Luther King, Jr. as not only challenging Southern sheriffs but Northern liberals, too; and Coretta Scott King not only as a “ helpmate ” but a lifelong economic justice and peace activist who pushed her husband ’ s activism in these directions. Moving from “ the histories we get ” to “ the histories we need, ” Theoharis challenges nine key aspects of the fable to reveal the diversity of people, especially women and young people, who led the movement; the work and disruption it took; the role of the media and “ polite racism ” in maintaining injustice; and the immense barriers and repression activists faced. Theoharis makes us reckon with the fact that far from being acceptable, passive or unified, the civil rights movement was unpopular, disruptive, and courageously persevering. Activists embraced an expansive vision of justice—which a majority of Americans opposed and which the federal government feared. By showing us the complex reality of the movement, the power of its organizing, and the beauty and scope of the vision, Theoharis proves that there was nothing natural or inevitable about the progress that occurred. *A More Beautiful and Terrible History* will change our historical frame, revealing the richness of our civil rights legacy, the uncomfortable mirror it holds to the nation, and

It is now more than three decades since the historic Supreme Court decision on desegregation, *Brown v. Board of Education*. Thomas Sowell takes a tough, factual look at what has actually happened over these decades -- as distinguished from the hopes with which they began or the rhetoric with which they continue, Who has gained and who has lost? Which of the assumptions behind the civil rights revolution have stood the test of time and which have proven to be mistaken or even catastrophic to

those who were supposed to be helped?

Oxford University Press

Describes the landmark 1954 Supreme Court case that struck down state-sponsored racial segregation in American public schools and its long-term influence on American education, race relations, and the Civil Rights Movement, and offers incisive profiles of the key players--including Thurgood Marshall.

Civil Liberties and Human Rights Oxford University Press

There is a broad consensus that 1937 marked a turning point in the history of the Supreme Court. This is the first comprehensive treatment of the Court's decision-making in the civil liberties/civil rights sphere in the years preceding that watershed. Professor Braeman refutes the widely held assumption that the post-1937

justices were writing upon a largely blank slate in dealing with civil liberties/civil rights issues, arguing instead that much of what the Modern Court has done, when viewed in a long-term perspective, appears as incremental expansions of precedents laid down by the Old Court.

Until Justice Be Done: America's First Civil Rights Movement, from the Revolution to Reconstruction Pantheon

The “superb” (The Guardian) biography of an American who stood against all the forces of Gilded Age America to fight for civil rights and economic freedom: Supreme Court Justice John Marshall Harlan. They say that history is written by the victors. But not in the case of the most famous dissenter on the Supreme Court. Almost a century after his death, John Marshall Harlan’s words helped end segregation and gave us our civil rights and our modern

---

economic freedom. But his legacy would not have been possible without the courage of Robert Harlan, a slave who John's father raised like a son in the same household. After the Civil War, Robert emerges as a political leader. With Black people holding power in the Republican Party, it is Robert who helps John land his appointment to the Supreme Court. At first, John is awed by his fellow justices, but the country is changing. Northern whites are prepared to take away black rights to appease the South. Giant trusts are monopolizing entire industries. Against this onslaught, the Supreme Court seemed all too willing to strip away civil rights and invalidate labor protections. So as case after case comes before the court, challenging his core values, John makes a fateful decision: He breaks with his colleagues in fundamental ways, becoming the nation's prime defender of the rights of Black people, immigrant laborers, and people in distant lands occupied by the US. Harlan's dissents, particularly in *Plessy v. Ferguson*, were widely read and a source of hope for decades. Thurgood Marshall called Harlan's *Plessy* dissent his "Bible"—and his legal roadmap to overturning segregation. In the end, Harlan's words built the foundations for the legal revolutions of the New Deal and Civil Rights eras. Spanning from the Civil War to the Civil Rights movement and beyond, *The Great Dissenter* is a "magnificent" (Douglas Brinkley) and "thoroughly researched" (The New York Times) rendering of the American legal system's most significant failures and most inspiring successes.
