The Plum Book is published by the Senate Committee on Homeland Security and Governmental Affairs and House Committee on Oversight and Reform alternately after each Presidential election. The Plum Book is used to identify Presidential appointed and other positions within the Federal Government. The publication lists over 9,000 Federal civil service

leadership and support positions in the legislative and executive branches of the Federal Government that may be subject to noncompetitive appointment. The duties of many such positions may involve advocacy of Administration policies and programs and the incumbents usually have a close and confidential working relationship with the agency head or other key officials. The Plum Book was first published in 1952 during the Eisenhower administration. When President Eisenhower took office, the Republican Party requested a list of government positions that President Eisenhower could fill. The next edition of the Plum Book appeared in 1960 and has since been published every four years, just after the Presidential election.

This book represents a critical examination of key aspects of crime and criminal justice in Northern Ireland which will have resonance elsewhere. It considers the core aspects of criminal justice policy-making in Northern Ireland which are central to the process of post-conflict transition, including reform of policing, judicial decision-making and correctional services such as probation and prisons. It examines contemporary trends in criminal justice in Northern Ireland and various dimensions of crime relating to female offenders, young offenders, sexual and violent offenders, community safety and restorative justice. The book also considers the extent to which crime and criminal justice issues in Northern Ireland are being affected by the broader processes of 'policy transfer', globalisation and transnationalism and the extent to which criminal justice in Northern Ireland is divergent from the other jurisdictions in the United Kingdom. Written by leading international authorities in the field, the book offers a snapshot of the cutting edge of critical thinking in criminal justice practice and transitional justice contexts.

A NEW YORK TIMES, WALL STREET JOURNAL, AND USA

TODAY BESTSELLER An intimate, powerful, and galvanizing memoir by Pulitzer Prize winner, human rights advocate, and former US Ambassador to the UN Samantha Power. Named one of the best books of the year: The New York Times • National Public Radio • Time • The Economist • The Washington Post • Vanity Fair •

Christian Science Monitor • Publishers Weekly • Audible “Her highly personal and reflective memoir . . . is a must-read for anyone who cares about our role in a changing world.”—President Barack Obama Includes

an updated afterword Tracing her distinctly American journey from immigrant to war correspondent to presidential Cabinet official,

Samantha Power’s acclaimed memoir is a unique blend of suspenseful storytelling, vivid character portraits, and shrewd political insight. After her critiques of US foreign policy caught the eye of Senator Barack Obama, he invited her to work with him on Capitol Hill and then on his presidential campaign. When Obama won the presidency, Power went from being an activist outsider to serving as his human rights adviser and, in 2013, becoming the youngest-ever US Ambassador to the United Nations. Power transports us from her childhood in Dublin to the streets of war-torn Bosnia to the White House Situation Room and the world of high-stakes diplomacy, offering a compelling and deeply honest look at navigating the halls of power while trying to put one’s ideals into practice. Along the way, she lays bare the searing battles and defining moments of her life, shows how she juggled the demands of a 24/7 national security job with raising two young children, and makes the case for how we each can advance the cause of human dignity. This is an unforgettable account of the power of idealism—and of one person’s fierce determination to make a difference. “This is a wonderful book. [...] The interweaving of Power’s personal story, family story, diplomatic history and moral arguments is executed seamlessly and with unblinking honesty.”—THOMAS L. FRIEDMAN, The New York Times Book Review “Truly engrossing...A pleasure to read.”—RACHEL MADDOW “A beautiful memoir about the times we’re living in and the questions we must ask ourselves...I honestly couldn’t put it down.” —CHERYL STRAYED, author of Wild “Power’s compelling memoir provides critically important insights we should all understand as we face some of the most vexing issues of our time.” —BRYAN STEVENSON, author of Just Mercy

Civil Service Exams Career Examination Passbooks

This volume offers an inter-disciplinary and critical analysis of the role of culture in diplomatic practice. If diplomacy is understood as the practice of conducting negotiations between representatives of distinct communities or causes, then questions of culture and the spaces of cultural exchange are at its core. But what of the culture of diplomacy itself? When and how did this culture emerge, and what alternative cultures of diplomacy run parallel to it, both historically and today? How do particular spaces and places inform and shape the articulation of diplomatic culture(s)? This volume addresses these questions by bringing together a collection of theoretically rich and empirically detailed contributions from leading scholars in history, international relations, geography, and literary theory. Chapters attend to cross-cutting issues of the translation of diplomatic cultures, the role of space in diplomatic exchange and the diversity of diplomatic cultures beyond the formal state system. Drawing on a range of methodological approaches the contributors discuss empirical cases ranging from indigenous diplomacies of the Inuit Circumpolar Council, to the European External Action Service, the 1955 Bandung Conference, the spatial imaginaries of mid twentieth-century Balkan writer diplomats, celebrity and missionary diplomacy, and paradiplomatic narratives of The

Hague. The volume demonstrates that, when approached from multiple disciplinary perspectives and understood as expansive and plural, diplomatic cultures offer an important lens onto issues as diverse as global governance, sovereignty regimes and geographical imaginations. This book will be of much interest to students of public diplomacy, foreign policy, international organisations, media and communications studies, and IR in general.

UN Emergency Peace Service and the Responsibility to Protect Routledge

This book examines the attitudes of political, military and non-state actors towards the idea of a UN Emergency Peace Service, and the issues that might affect the establishment of this service in both theory and practice. The United Nations Emergency Peace Service (UNEPS) is a civil society-led idea to establish a permanent UN service to improve UN peace operations as well as to operationalise the emerging norm of the ‘responsibility to protect’ civilians from atrocity crimes. The UNEPS proposal has received limited support. The book argues that interest in, and support for, the UNEPS proposal is determined by perceptions that it would erode state sovereignty, the extent to which the principles of the proposal are consistent with actors’ views on the world and perceptions on whether UNEPS will realistically be capable of contributing to the workings of the UN and regional peacekeeping systems in areas that are seen to be deficient. This book makes the case for localising the UNEPS proposal so that it is more consistent with attitudes of those consulted for this research. It concludes that the development of a series of less

ambitious proposals could be the first steps to creating a rapidly deployable service with the mandate to prevent atrocity crimes. This book will be of much interest to students of peace operations, the Responsibility to Protect, international organisations, IR and security studies.

This book focuses on civil service reform within the central administration in Latin America. It analyzes updated versions of the country assessments carried out by the Inter-American Development Bank in 2004 in 16 countries and presents a comparative analysis of the ways in which the countries have evolved during the last decade. The methodology is based on the principles of the Ibero-American Charter for Public Service. In addition, it draws lessons from reform processes, identifying strategies for civil service modernization in the region. Finally, the book proposes a possible future agenda to continue the efforts to further professionalize the civil service in Latin America.

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he

developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

"Mr. Hamid reaffirms his place as one of his generation's most inventive and gifted writers." –Michiko Kakutani, *The New York Times* "A globalized version of *The Great Gatsby* . . . [Hamid's] book is nearly that good." –Alan Cheuse, NPR "Marvelous and moving." –TIME Magazine From the internationally bestselling author of *The Reluctant Fundamentalist* and *Exit West*, the boldly imagined tale of a poor boy's quest for wealth and love His first two novels established Mohsin Hamid as a radically inventive storyteller with his finger on the world's pulse. *How to Get Filthy Rich in Rising Asia* meets that reputation—and exceeds it. The astonishing and riveting tale of a man's journey from impoverished rural boy to corporate tycoon, it steals its shape from the business self-help books devoured by ambitious youths all over "rising Asia." It follows its nameless hero to the sprawling metropolis where he begins to amass an empire built on that most fluid, and increasingly scarce, of goods: water. Yet his heart remains set on something else, on the pretty girl whose star rises along with his, their paths crossing and recrossing, a lifelong affair sparked and snuffed and sparked again by the forces that careen their fates along. *How to Get Filthy Rich in Rising Asia* is a striking slice of contemporary life at a time of crushing upheaval. Romantic without being sentimental, political without being didactic, and spiritual without being religious, it brings an unflinching gaze to the violence and hope it depicts. And it creates two unforgettable characters who find moments of transcendent intimacy in the midst of shattering change.
