story of a young boy
born a slave who
joins John Brown 's
antislavery
crusade—and who
must pass as a girl to
survive. Henry
Shackleford is a
young slave living in
the Kansas Territory
in 1856--a
battleground
between anti- and
pro-slavery
forces--when
legendary

abolitionist John
Brown arrives. When
an argument between
Brown and Henry's
master turns violent,
Henry is forced to
leave town--along
with Brown, who
believes Henry to be
a girl and his good
luck charm. Over the
ensuing months,
Henry, whom Brown
nicknames Little
Onion, conceals his
true identity to stay
alive. Eventually
Brown sweeps him
into the historic raid
on Harpers Ferry in
1859--one of the

This book represents a critical examination of key aspects of crime and criminal justice in Northern

Ireland which will have resonance elsewhere. It considers the core aspects of criminal justice policy-making in Northern Ireland which are central to the process of post-conflict transition, including reform of policing, judicial decision-making and correctional services such as probation and prisons. It examines contemporary trends in criminal justice in Northern Ireland and various dimensions of crime relating to female offenders,

young offenders, sexual and violent offenders, community safety and restorative justice. The book also considers the extent to which crime and criminal justice issues in Northern Ireland are being affected by the broader processes of 'policy transfer', globalisation and transnationalism and the extent to which criminal justice in Northern Ireland is divergent from the other jurisdictions in the United Kingdom. Written by leading international authorities in the

field, the book offers a snapshot of the cutting edge of critical thinking in criminal justice practice and transitional justice contexts.

Mosby's Comprehensive Review of Radiography - E-Book

Penguin Contains advice from the bench, step-by-step procedures, practice-proven strategies, and 6,000 case citations, this title is considered by many to be the number one authority on the subject.

Routledge "Mr. Hamid reaffirms his place

as one of his generation's most inventive and gifted writers."

–Michiko Kakutani, The New York Times "A globalized version of The Great Gatsby . . .

[Hamid's] book is nearly that good."

–Alan Cheuse, NPR "Marvelous and moving."

–TIME Magazine From the internationally bestselling author of The Reluctant Fundamentalist and Exit West, the boldly imagined tale of a poor boy's quest for wealth and love His first two novels established

Mohsin Hamid as a radically

inventive storyteller with his finger on the world's pulse. How to Get Filthy Rich in Rising Asia meets that reputation—and exceeds it. The astonishing and riveting tale of a man's journey from impoverished rural boy to corporate tycoon, it steals its shape from the business self-help books devoured by ambitious youths all over "rising Asia." It follows its nameless hero to the sprawling metropolis where he begins to amass an empire built on that most fluid, and increasingly scarce, of goods:

water. Yet his heart remains set on something else, on the pretty girl whose star rises along with his, their paths crossing and recrossing, a lifelong affair sparked and snuffed and sparked again by the forces that careen their fates along. How to Get Filthy Rich in Rising Asia is a striking slice of contemporary life at a time of crushing upheaval. Romantic without being sentimental, political without being didactic, and spiritual without being religious, it brings an

unflinching gaze to the violence and hope it depicts. And it creates two unforgettable characters who find moments of transcendent intimacy in the midst of shattering change.

"[W]e can't come off as a bunch of angry white men." Robert Bennett, chairman of the Ohio Republican Party One of the enduring legacies of the 2012 Presidential campaign was the demise of the white American male voter as a dominant force in the political landscape. On

election night, after Obama was announced the winner, a distressed Bill O'Reilly lamented that he didn't live in "a traditional America anymore." He was joined by others who bellowed their grief on the talk radio airwaves, the traditional redoubt of angry white men. Why were they so angry? Sociologist Michael Kimmel, one of the leading writers on men and masculinity in the world today, has

spent hundreds of hours in the company of America's angry white men – from white supremacists to men's rights activists to young students – in pursuit of an answer. *Angry White Men* presents a comprehensive diagnosis of their fears, anxieties, and rage. Kimmel locates this increase in anger in the seismic economic, social and political shifts that have so transformed the American landscape.

Downward mobility, increased racial and gender equality, and a tenacious clinging to an anachronistic ideology of masculinity has left many men feeling betrayed and bewildered. Raised to expect unparalleled social and economic privilege, white men are suffering today from what Kimmel calls "aggrieved entitlement": a sense that those benefits that white men believed were

Hair, Jr., who through his writings, leadership and mentoring has had a profound influence on

marketing and other fields of business research. He is widely known for sidestepping mathematically complex ways of teaching statistical approaches with an eye toward making the tools accessible to the average behavioral researcher. Joe is also a bona fide researcher whose work has had a massive impact on marketing and business research in general. The book provides revealing insights

on his works and acknowledges his role as an outstanding teacher and mentor who has shaped generations of researchers.

The Emergence of 'Extremism'

MyARSu

This book examines the attitudes of political, military and non-state actors towards the idea of a UN Emergency Peace Service, and the issues that might affect the establishment of this service in both theory and practice. The

United Nations Emergency Peace Service (UNEPS) is a civil society-led idea to establish a permanent UN service to improve UN peace operations as well as to operationalise the emerging norm of the 'responsibility to protect' civilians from atrocity crimes. The UNEPS proposal has received limited support. The book argues that interest in, and support for, the UNEPS proposal is determined by perceptions that

it would erode state sovereignty, the extent to which the principles of the proposal are consistent with actors' views on the world and perceptions on whether UNEPS will realistically be capable of contributing to the workings of the UN and regional peacekeeping systems in areas that are seen to be deficient. This book makes the case for localising the UNEPS proposal so that it is more consistent with attitudes of those

consulted for this research. It concludes that the development of a series of less ambitious proposals could be the first steps to creating a rapidly deployable service with the mandate to prevent atrocity crimes. This book will be of much interest to students of peace operations, the Responsibility to Protect, international organisations, IR and security studies.

It analyzes updated versions of the country assessments carried out by the Inter-American Development Bank in 2004 in 16 countries and presents a comparative analysis of the ways in which the countries have evolved during the

last decade. The methodology is based on the principles of the Ibero-American Charter for Public Service. In addition, it draws lessons from reform processes, identifying strategies for civil service modernization in the region. Finally, the book proposes a possible future agenda to continue the efforts to further professionalize the civil service in Latin America. **How Can You Represent Those People?** Bloomsbury Publishing The Plum Book is published by the Senate Committee on Homeland

Security and Governmental Affairs and House Committee on Oversight and Reform alternately after each Presidential election. The Plum Book is used to identify Presidential appointed and other positions within the Federal Government. The publication lists over 9,000 Federal civil service leadership and support positions in the legislative and executive branches of the Federal Government that may be subject to noncompetitive appointment. The

duties of many such positions may involve advocacy of Administration policies and programs and the incumbents usually have a close and confidential working relationship with the agency head or other key officials. The Plum Book was first published in 1952 during the Eisenhower administration. When President Eisenhower took office, the Republican Party requested a list of government positions that President Eisenhower could

fill. The next edition of the Plum Book appeared in 1960 and has since been published every four years, just after the Presidential election. *Emerging Infectious Diseases* Elsevier Health Sciences Ethics book designed for Civil Services Examination conducted by UPSC with syllabus divided into three parts, i.e. 1) Part 1: Ethics and Integrity in Civil Services covering topics on: a) Overview of Ethics and its interface with Civil

If diplomacy is understood as the practice of conducting negotiations between representatives of distinct communities or causes, then questions of culture and the spaces of cultural exchange are at its core. But what of the culture of diplomacy itself? When and how did this culture emerge, and what alternative cultures of diplomacy run parallel to it, both historically and today? How do</p>

particular spaces and places inform and shape the articulation of diplomatic culture(s)? This volume addresses these questions by bringing together a collection of theoretically rich and empirically detailed contributions from leading scholars in history, international relations, geography, and literary theory. Chapters attend to cross-cutting issues of the translation of diplomatic cultures, the role of space in diplomatic exchange and the diversity of diplomatic cultures beyond the formal state system. Drawing on a range of methodological approaches the contributors discuss empirical cases ranging from indigenous diplomacies of the Inuit Circumpolar Council, to the European External Action Service, the 1955 Bandung Conference, the spatial imaginaries of mid twentieth-century Balkan writer diplomats, celebrity and missionary diplomacy, and paradiplomatic narratives of The Hague. The volume demonstrates that, when approached from multiple disciplinary perspectives and understood as expansive and plural, diplomatic cultures offer an important lens onto issues as diverse as global governance, sovereignty regimes and geographical imaginations. This book will be of much interest to students of public diplomacy, foreign policy, international organisations, media and communications studies, and IR in general.
