Psychobook Allyn & Bacon

It's the summer of 1998 and for five years over a hundred mangled and desecrated bodies have been found dumped in the Chihuahua desert outside of Juárez, México, just across the river from El Paso, Texas. The perpetrators of the ever-rising number of violent deaths target poor young women, terrifying inhabitants on both sides of the border. El Paso native Ivon Villa has returned to her hometown to adopt the baby of Cecilia, a pregnant maquiladora worker in Juárez. When Cecilia turns up strangled and disemboweled in the desert, Ivon is thrown into the churning chaos of abuse and murder. Even as the rapes and killings of "girls from the south" continue, their tragic stories written in desert blood, a conspiracy covers up the crimes that implicate everyone from the Maquiladora Association to the Border Patrol. When Ivon's younger sister gets kidnapped in Juárez, Ivon knows that it's up to her to find her sister, whatever it takes. Despite the sharp warnings she gets from family, friends, and nervous officials, Ivon's investigation moves her deeper and deeper into the labyrinth of silence. From acclaimed poet and prose-writer Alicia Gaspar de Alba, *Desert Blood* is a gripping thriller that ponders the effects of patriarchy, gender identity, border culture, transnationalism, and globalization on an international crisis.

Principles of Sustainable Energy Macmillan
In a work with far-reaching implications, Chela Sandoval does no less than revise the genealogy of theory over the past thirty years, inserting what she terms "U.S. Third World feminism" into the narrative in a way that thoroughly alters our perspective on contemporary culture and subjectivity. What Sandoval has identified is a language, a rhetoric of resistance to postmodern cultural conditions. U.S. liberation movements of the post-World War II era generated specific modes of oppositional consciousness. Out of these emerged a new activity of consciousness and language Sandoval calls the "methodology of the oppressed." This methodology—born of the strains of the cultural and identity struggles that currently mark global exchange—holds out the possibility of a new historical moment, a new citizen-subject, and a new form of alliance consciousness and politics. Utilizing semiotics and U.S. Third World feminist criticism, Sandoval demonstrates how this methodology mobilizes love as a category of critical analysis. Rendering this approach in

all its specifics, *Methodology of the Oppressed* gives rise to an alternative mode of criticism opening new perspectives on any theoretical, literary, aesthetic, social movement, or psychic expression.

Speculative fiction--encompassing both science fiction and fantasy--has emerged as a dynamic field within Chicana/o and Latina/o studies, producing new critical vocabularies and approaches to topics that include colonialism and modernity, immigration and globalization, race and gender. As the first collection engaging Chicana/o and Latina/o speculative cultural production, *Altermundos: Latin@ Speculative Literature, Film, and Popular Culture* provides a comprehensive alternative to the view of speculative fiction as a largely white, male, Eurocentric, and heteronormative genre. It features original essays from more than twenty-five scholars as well as interviews, manifestos, short fiction, and new works from Chicana/o and Latina/o artists.

Language Assessment Writilin
An account and analysis of the systematic murder of women and girls in the Mexican border town of Ciudad Juárez. In Ciudad Juarez, a territorial power normalized barbarism. This anomalous ecology mutated into a femicide machine: an apparatus that didn't just create the conditions for the murders of dozens of women and little girls, but developed the institutions that guarantee impunity for those crimes and even legalize them. A lawless city sponsored by a State in crisis. The facts speak for themselves. —from *The Femicide Machine* Best known to American readers for his cameo appearances as *The Journalist* in Roberto Bolaño's *2666* and as a literary detective in Javier Marías's novel *Dark Back of*

Time, Sergio González Rodríguez is one of Mexico's most important contemporary writers. He is the author of *Bones in the Desert*, the most definitive work on the murders of women and girls in Juárez, Mexico, as well as *The Headless Man*, a sharp meditation on the recurrent uses of symbolic violence; *Infectious*, a novel; and *Original Evil*, a long essay. *The Femicide Machine* is the first book by González Rodríguez to appear in English translation. Written especially for Semiotext(e) Intervention series, *The Femicide Machine* synthesizes González Rodríguez's documentation of the Juárez crimes, his analysis of the unique urban conditions in which they take place, and a discussion of the terror techniques of narco-warfare that have spread to both sides of the border. The result is a gripping polemic. *The Femicide Machine* probes the anarchic confluence of global capital with corrupt national politics and displaced, transient labor, and introduces the work of one of Mexico's most eminent writers to American readers.

An analysis of contemporary violence as the new commodity of today's hyper-consumerist stage of capitalism. "Death has become the most profitable business in existence." —from *Gore Capitalism*

Written by the Tijuana activist intellectual Sayak Valencia, *Gore Capitalism* is a crucial essay that posits a decolonial, feminist philosophical approach to the outbreak of violence in Mexico and, more broadly, across the global regions of the Third World.

Valencia argues that violence itself has become a product within hyper-consumerist neoliberal capitalism, and that tortured and mutilated bodies have become commodities to be traded and utilized for profit in an age of impunity and governmental austerity. In a lucid and transgressive voice, Valencia unravels the workings of the politics of death in the context of contemporary networks of hyper-consumption, the ups and downs of capital markets, drug trafficking, narco-power, and the impunity of the neoliberal state. She looks at the global rise of authoritarian governments, the erosion of civil society, the increasing violence against women, the deterioration of human rights, and the transformation of certain cities and regions into depopulated, ghostly settings for war. She offers a trenchant critique of masculinity and gender constructions in Mexico, linking their misogynist

force to the booming trade in violence. This book is essential reading for anyone seeking to analyze the new landscapes of war. It provides novel categories that allow us to deconstruct what is happening, while proposing vital epistemological tools developed in the convulsive Third World border space of Tijuana.

This new Beginner Book about manic skiing squirrels—by J. Hamilton Ray with illustrations by Pascal Lemaitre—has the feeling of an old classic read-aloud.

"Nobody knew how the mania grew. First there was one, and then there were two. Three more came gliding from under the trees. LOOK! On the hill. Those are squirrels on skis! Below lay the town, snow-covered and still. Not a sound could be heard. All was silent, until . . .

Swwwishhhh swooped the skiers, all dressed for play. Eighty-five squirrels and more on the way!" As you can imagine, the townsfolk are NOT amused. Can intrepid reporter Sally Sue Breeze find out where the squirrels are getting their skis-and make them stop skiing long enough to eat lunch-before pest-control guy Stanley Powers sucks them up in his vacuum device? (Don't worry—Sally triumphs in a most unexpected way.)

With delightfully understated, funny illustrations by Pascal Lemaitre, this is the perfect book for beginning readers to curl up and chill out with on a snow day—or any day! Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Major new fiction from an acclaimed master From the prizewinning writer Stuart Dybek comes a superb new work: a novel-

in-stories, eleven masterful tales told by a single voice with remarkable narrative power. In *I Sailed With Magellan*, Dybek finds characters of irrepressible vitality amidst the stark urban landscapes of Chicago's south side; there, the daily experiences of the neighborhood are transformed in the lush imaginative adventures of his hero, the restless Perry Katzek. There is remarkable music in each of Dybek's intertwined episodes, the rhythm of street life captured in all its emotional depth and unexpected humor: a man takes his young nephew to a string of taverns where the boy sings for his uncle's bourbon; a small-time thug is distracted from making a hit by the mysterious reappearance of several ex-girlfriends; two unemployed youths hatch a scheme to finance their road trip to Mexico by selling orchids stolen from the rich side of town; a young couple's amorous beach adventure is interrupted when an unexpected visitor washes ashore. As these poignant, often funny chapters unfold, Perry grapples toward the exotic possibilities the world offers him, glimpsing them even beneath the at times brutal surface of the inner-city. Throughout *I Sailed With Magellan*, fans of Dybek will find the captivating storytelling, the sharp, spare prose, the brilliant dramatization of resilient, inventive humanity that they have come to expect from him.
