Nicole Williams created a wonderful sequel to Crash. Even though this book was shorter, I loved the fact that we got to see a glimpse of their life and love together. This book was amazing. I think I fell even more for Jude in this book.

Clash moves Lucy and Jude from the Highschool to the College scene. They are separated by a five hour drive and a canyon of relationship problems. All of the issues these two had in Crash, lack of trust, lots of temper, major jealousy...all still in effect and somewhat magnified in Clash.

As much as I loved Clash, (I
read it over 2 weeks ago) I
have been dreading writing a
review about it because this
book pretty much put my
emotions in a blender and hit
"pureed" on full blast. After
all the issues they had to
overcome in Crash, Lucy has

just convinced herself that she and Jude might just make it after all.
