eighteen, until her death twenty-two years later at thirty-nine, Cleopatra VII Philopator was the acknowledged ruler of Egypt. For several years, she was exiled within her country by her brother Ptolemy XIII's advisers and forced to raise her own army. Cleopatra was more than up to the challenge and at age 21, smuggled herself (either in a bag or a rug, depending on which historian you read) into the palace where Julius Caesar was living and presented herself to him. This audacious act typified how Cleopatra reigned and attempted to keep her kingdom as an ally of Rome, rather than a province. When you strip away all the Roman propagandizing and vilifying of this powerful woman, you find that Cleopatra was a savvy, intelligent, highly educated ruler with a clear vision of the practical politics of her day.

The War Lovers Random House “WHO ARE YOU AND WHERE DO YOU COME FROM?” As a historian, Buzzy Jackson thought she knew the answers to these simple questions—that is, until she took a look at her scrawny family tree. With a name like Jackson (the twentieth most common American surname), she knew she must have more relatives and more family history out there, somewhere. Her first visit to the Boulder Genealogy Society brought her more questions than answers... but it also gave her a tantalizing peek into

the fascinating (and enormous) community of family-tree huggers and after-hours Alex Haleys. In *Shaking the Family Tree*, Jackson dives headfirst into her family gene pool: flying cross-country to locate an ancient family graveyard, embarking on a weeklong genealogy Caribbean cruise, and even submitting her DNA for testing to try to find her Jacksons. And in the process of researching her own family lore (Who was Bullwhip Jackson?) she meets legions of other genealogy buffs who are as interesting as they are driven—from the boy who saved his allowance so he could order his great-grandfather's death certificate to the woman who spends her free time documenting

the cemeteries of Colorado ghost towns. Through Jackson's research she connects with distant relatives, traces her roots back more than 250 years and in the process comes to discover—genetically, historically, and emotionally—the true meaning of “family” for herself.

Cleopatra Scholastic Inc. The Pulitzer Prize-winning biographer brings to life the most intriguing woman in the history of the world: Cleopatra, the last queen of Egypt. Her palace shimmered with onyx, garnets, and gold, but was richer still in political and sexual intrigue. Above all else, Cleopatra was a shrewd

strategist and an ingenious negotiator. Though her life spanned fewer than forty years, it reshaped the contours of the ancient world. She was married twice, each time to a brother. She waged a brutal civil war against the first when both were teenagers. She poisoned the second. Ultimately she dispensed with an ambitious sister as well; incest and assassination were family specialties. Cleopatra appears to have had sex with only two men. They happen, however, to have been Julius Caesar and Mark Antony, among the most prominent Romans of the day.

Both were married to other women. Cleopatra had a child with Caesar and -- after his murder -- three more with his protégé. Already she was the wealthiest ruler in the Mediterranean; the relationship with Antony confirmed her status as the most influential woman of the age. The two would together attempt to forge a new empire, in an alliance that spelled their ends. Cleopatra has lodged herself in our imaginations ever since. Famous long before she was notorious, Cleopatra has gone down in history for all the wrong reasons. Shakespeare

and Shaw put words in her mouth. Michelangelo, Tiepolo, and Elizabeth Taylor put a face to her name. Along the way, Cleopatra's supple personality and the drama of her circumstances have been lost. In a masterly return to the classical sources, Stacy Schiff here boldly separates fact from fiction to rescue the magnetic queen whose death ushered in a new world order. Rich in detail, epic in scope, Schiff's is a luminous, deeply original reconstruction of a dazzling life. Antony and Cleopatra Simon and Schuster The author and poet's

graceful elegy about life, love, work, and growing older: "The most moving and the most thoughtful [of her] journal-memoirs" (The Plain Dealer, Cleveland). When May Sarton uprooted her life after fifteen years in the refurbished New Hampshire house with the garden she tended so lovingly, she relied solely on instinct. And something told her it was time to move on. Accompanied by her wild cat, Bramble, and Tamas, a Shetland shepherd

puppy—the first dog she ever owned—Sarton embarked on the next chapter of her life. The house she chose by the sea in the Maine village of York is completely isolated except during the summer months. Surrounded by nothing but endless ocean, woods, and vast skies, Sarton experiences a rare sense of peace. She creates a new garden and fears that in this tranquil state, she may never write again. But in her solitude—with its occasional

interruptions for trips away and visits from friends—she realizes that creativity is constantly renewing itself. This journal offers fascinating insight into a remarkable woman and the work and friendships that form the twin pillars of her life. This ebook features an extended biography of May Sarton.

The Witchcraft of Salem Village Profile Books

Cleopatra VII Philopator was the last active ruler of the Ptolemaic Kingdom of Egypt, nominally survived as

pharaoh by her son Caesarion. She was also a diplomat, naval commander, polyglot, and medical author. As a member of the Ptolemaic dynasty, she was a descendant of its founder, Ptolemy I Soter, a Macedonian Greek general and companion of Alexander the Great.

Inside you'll read about

- Rome comes to Egypt
- Sibling rivalry
- Caesar and Cleopatra

- Assassination
- Antony and Cleopatra
- An Alexandrian idyll
- Dusk approaches

And much more!

Julius Caesar maintained a private affair with Cleopatra that produced a son, Caesarion (Ptolemy XV). When Caesar was assassinated Cleopatra attempted to have Caesarion named as his heir, but this fell instead to Caesar's grandnephew Octavian. In the Liberators' civil war

Cleopatra sided with the Roman Second Triumvirate formed by Octavian, Mark Antony, and Marcus Aemilius Lepidus. Cleopatra had an affair with Antony that would eventually produce three children: Alexander Helios, Cleopatra Selene II, and Ptolemy Philadelphus. Octavian's forces invaded Egypt and defeated those of Antony, leading to his suicide. When Cleopatra learned that Octavian planned to bring her to Rome for his triumphal procession, she committed

suicide by poisoning, the popular belief being that she was bitten by an asp.

A Biography

Hachette+ORM

The award-winning, New York Times bestselling literary masterpiece of Shirley Hazzard—the story of two beautiful orphan sisters whose fates are as moving and wonderful, and yet as predestined, as the transits of the planets themselves A Penguin Classic Considered "one of the great English-language novels of the twentieth century" (The

Paris Review), The Transit of Venus follows Caroline and Grace Bell as they leave Australia to begin a new life in post-war England. From Sydney to London, New York, and Stockholm, and from the 1950s to the 1980s, the two sisters experience seduction and abandonment, marriage and widowhood, love and betrayal. With exquisite, breathtaking prose, Australian novelist Shirley Hazzard tells the story of the displacements and absurdities of modern life. The result is at once an intricately plotted

Greek tragedy, a sweeping family saga, and a desperate love story.

Shuri: A Black Panther Novel (Marvel) Houghton Mifflin Harcourt

A New York Times Best Seller! A New York Times Notable Book! A unique and sweeping debut novel of an American female combat photographer in the Vietnam War, as she captures the wrenching chaos and finds herself torn between the love of two men. On a stifling day in 1975, the North Vietnamese army is poised to roll into Saigon. As the fall of the city

begins, two lovers make their way through the streets to escape to a new life. Helen Adams, an American photojournalist, must take leave of a war she is addicted to and a devastated country she has come to love. Linh, the Vietnamese man who loves her, must grapple with his own conflicted loyalties of heart and homeland. As they race to leave, they play out a drama of devotion and betrayal that spins them back through twelve war-torn years, beginning in the splendor of Angkor Wat, with their mentor, larger-than-life war correspondent Sam

Darrow, once Helen's infuriating love and fiercest competitor, and Linh's secret keeper, boss and truest friend. Tatjana Soli paints a searing portrait of an American woman's struggle and triumph in Vietnam, a stirring canvas contrasting the wrenching horror of war and the treacherous narcotic of obsession with the redemptive power of love. Readers will be transfixed by this stunning novel of passion, duty and ambition among the ruins of war.

Six Queens of Egypt Little, Brown

This fascinating sourcebook documents what we know of Cleopatra and also shows how she has evolved through the lens of interpretation.

Véra (Mrs. Vladimir Nabokov) Vintage

This riveting narrative explores the lives of six remarkable female pharaohs, from Hatshepsut to Cleopatra--women who ruled with real power--and shines a piercing light on our own perceptions of women in power today. Female rulers are a rare phenomenon--but thousands

of years ago in ancient Egypt, women reigned supreme.

Regularly, repeatedly, and with impunity, queens like Hatshepsut, Nefertiti, and Cleopatra controlled the totalitarian state as power-brokers and rulers. But throughout human history, women in positions of power were more often used as political pawns in a male-dominated society. What was so special about ancient Egypt that provided women this kind of access to the highest political office? What was it about these women

that allowed them to transcend patriarchal obstacles? What did Egypt gain from its liberal reliance on female leadership, and could today's world learn from its example? Celebrated Egyptologist Kara Cooney delivers a fascinating tale of female power, exploring the reasons why it has seldom been allowed through the ages, and why we should care.

A Journal Hyperink Inc
Hatshepsut - the daughter of a general who usurped Egypt's throne - was born into a privileged position in the royal

household, and she was expected to bear the sons who would legitimize the reign of her father's family. Her failure to produce a male heir was ultimately the twist of fate that paved the way for her improbable rule as a cross-dressing king. At just over twenty, Hatshepsut ascended to the rank of pharaoh in an elaborate coronation ceremony that set the tone for her spectacular reign as co-regent with Thutmose III, the infant king whose mother she outmaneuvered for a seat on the throne. A master strategist, Hatshepsut successfully negotiated a path from the royal nursery to the very pinnacle of authority, and her reign saw one of Ancient Egypt's most prolific

building periods.

Franklin, France, and the Birth of America University of Oklahoma Press

In this dazzling work of history, a Pulitzer Prize-winning author follows Benjamin Franklin to France for the crowning achievement of his career In December of 1776 a small boat delivered an old man to France." So begins an enthralling narrative account of how Benjamin Franklin--seventy years old, without any diplomatic training, and possessed of the most rudimentary French--convinced France, an

absolute monarchy, to underwrite America's experiment in democracy. When Franklin stepped onto French soil, he well understood he was embarking on the greatest gamble of his career. By virtue of fame, charisma, and ingenuity, Franklin outmaneuvered British spies, French informers, and hostile colleagues; engineered the Franco-American alliance of 1778; and helped to negotiate the peace of 1783. The eight-year French mission stands not only as Franklin's most vital service to his country but as the most revealing of the man. In A

Great Improvisation, Stacy Schiff draws from new and little-known sources to illuminate the least-explored part of Franklin's life. Here is an unfamiliar, unforgettable chapter of the Revolution, a rousing tale of American infighting, and the treacherous backroom dealings at Versailles that would propel George Washington from near decimation at Valley Forge to victory at Yorktown. From these pages emerge a particularly human and yet fiercely determined Founding Father, as well as a profound sense of how fragile,

improvisational, and international was our country's bid for independence. Hand of Isis The Anglo Egyptian Bookshop In this final novel in the Roman series, McCullough turns her attention to the legendary romance of Antony and Cleopatra. THE EGYPTIAN QUEEN Random House Incorporated The inimitable Nancy Mitford's account of Voltaire's fifteen-year relationship with the Marquise du Châtelet—the renowned mathematician who introduced Isaac Newton's revolutionary

new physics to France—is a spirited romp in the company of two extraordinary individuals as well as an erudite and gossipy guide to French high society during the Enlightenment. Mitford’s story is as delicious as it is complicated. The marquise was in love with another mathematician, Maupertuis, while she had an unexpected rival for Voltaire’s affections in the future Frederick the Great of Prussia (and later in the philosophe’s own niece). There was, at least, no jealous husband to contend with: the Marquis du Châtelet, Mitford assures us, behaved perfectly. The beau monde of Paris was, however, distraught at the idea of the lovers’ brilliant conversation going to waste on the windswept hills of Champagne, site of the Château de Cirey, where experimental laboratories, a darkroom, and a library of more than twenty-one thousand volumes enabled them to pursue their amours philosophiques. From time to time the threat of impending arrest would send Voltaire scurrying across the border into Holland, but his irrepressible charm—and the interventions of powerful friends—always made it possible for him resume his studies with the cherished marquise.

The Woman Who Would Be King Penguin
From New York Times bestselling author Nic Stone comes an all-new upper middle grade series based on one of the Marvel Universe's breakout characters- Shuri, from Black Panther! An original, upper-middle-grade series starring the break-out character from the Black Panther comics and films: T'Challa's younger sister, Shuri! Crafted by New York Times bestselling author Nic Stone. Shuri is a skilled

martial artist, a genius, and a master of science and technology. But, she's also a teenager. And a princess. This story follows Shuri as she sets out on a quest to save her homeland of Wakanda. For centuries, the Chieftain of Wakanda (the Black Panther) has gained his powers through the juices of the Heart-Shaped Herb. Much like Vibranium, the Heart-Shaped Herb is essential to the survival and prosperity of Wakanda. But something is wrong. The plants are dying. No matter what the people of Wakanda do, they can't save them. And their

supply is running short. It's up to Shuri to travel from Wakanda in order to discover what is killing the Herb, and how she can save it, in the first volume of this all-new, original adventure.

Véra Simon and Schuster

A Chinese peasant overcomes the forces of nature and the frailties of human nature to become a wealthy landowner. *When Women Ruled the World* Scholastic Inc.

Stories of magic, superstition, and witchcraft were strictly forbidden in the little town of Salem Village. But a group of young girls ignored those rules, spellbound by the tales told by a

woman named Tituba. When questioned about their activities, the terrified girls set off a whirlwind of controversy as they accused townspeople after townspeople of being witches. Author Shirley Jackson examines in careful detail this horrifying true story of accusations, trials, and executions that shook a community to its foundations. *What Were the Salem Witch Trials?* Vintage

The epic story of one of the most famous love affairs in history, by the bestselling author of *Caesar*. ***** The monumental love affair between Antony and Cleopatra has been depicted in countless

novels, plays and films. As one of the three men in control of the Roman Empire, Antony was perhaps the most powerful man of his day. And Cleopatra, who had already been Julius Caesar's lover, was the beautiful queen of Egypt, Rome's most important province. The clash of cultures, the power politics, and the personal passion have proven irresistible to storytellers. But in the course of this storytelling dozens of myths have grown up. The popular image of Cleopatra in ancient Egyptian costume is a fallacy; she was actually Greek. Despite her

local dominance in Egypt, her real power came from her ability to forge strong personal allegiances with the most important men in Rome. Likewise, Mark Antony was not the bluff soldier of legend, brought low by his love for an exotic woman - he was first and foremost a politician, and never allowed Cleopatra to dictate policy to him. In this history, based exclusively on ancient sources and archaeological evidence, Adrian Goldsworthy gives us the facts behind this famous couple and dispels many myths. 'Excellent' Tom Holland 'Refreshingly frank'

Mary Beard
Cleopatra Hourly History
The national bestselling and "compulsively readable" history of late 19th century American war fever "is hard to forget and hard to put down" (The New York Times Book Review). On February 15, 1898, the American ship USS Maine mysteriously exploded in the Havana Harbor. Some in the United States greeted the event with more enthusiasm than alarm. Dismayed by the "closing" of the Western frontier, politicians Theodore Roosevelt and Henry Cabot Lodge wanted to see their

country exert its muscle overseas. The sinking of the Maine would provide the excuse they'd been waiting for, especially when newspaper mogul William Randolph Hearst falsely announced in the New York Journal that Spain's "secret infernal machine" had destroyed the battleship. Meanwhile, the philosopher William James, Roosevelt's former teacher, and Thomas Reed, the powerful Speaker of the House, stood against what would become the Spanish-American War. At stake was not only sending troops to fight Spain in Cuba and the

Philippines, but the friendships between these men. Now, bestselling historian Evan Thomas examines this monumental turning point in American history. Epic in scope and revelatory in detail, *The War Lovers* takes us from Boston mansions to the halls of Congress to the beaches of Cuba and the jungles of the Philippines. It is landmark work with an unforgettable cast of characters—and provocative relevance today. *Voltaire in Love* Hachette UK The Pulitzer Prize-winning author of *Cleopatra*, the #1 national bestseller, unpacks the

mystery of the Salem Witch Trials. It began in 1692, over an exceptionally raw Massachusetts winter, when a minister's daughter began to scream and convulse. It ended less than a year later, but not before 19 men and women had been hanged and an elderly man crushed to death. The panic spread quickly, involving the most educated men and prominent politicians in the colony. Neighbors accused neighbors, parents and children each other. Aside from suffrage, the Salem Witch Trials represent the only moment when women played

the central role in American history. In curious ways, the trials would shape the future republic. As psychologically thrilling as it is historically seminal, **THE WITCHES** is Stacy Schiff's account of this fantastical story-the first great American mystery unveiled fully for the first time by one of our most acclaimed historians.

The Cradle Place Henry Holt and Company

Cody is worried when his family on a New Mexico Navajo reservation runs out of water, but Darlene Arviso, called "The Water Lady," is on the way with her tanker truck.

Includes glossary of Navajo terms and notes about Arviso and life on a reservation.
