****Testimonial**** I just wanted to drop you guys a line and tell you that I passed my final CLEP exam last Monday which gives me all of the credits I need to graduate. I have taken 30

credits worth of CLEP exams and I've passed them all by using your study guides. I actually purchased one of your study guides and failed my first test. I didn't fail because of your guide though, I failed because I didn't manage my time effectively and I ran short. I looked at your study guide after failing though, and a lot of the information on your study guide was very relevant to what was on the test. So, I tried again with a different test and a different study guide of yours. I passed. This pattern continues for 30 credits. I graduate on

June 9th thanks to you guys, so I wanted to say thank you. The guides were worth every penny. Thanks, -John S.****I would like to thank you for your study guides. I will be graduating in December with two bachelor degrees and CLEP helped me get there quickly. I gained 36 credits through CLEP and your study guides helped me through almost all of them. I can honestly say that I would not have passed many of the tests without your guides. Great products. Thanks!! -Erin W.****

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach.

Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
