In 1969, at the Ryman Auditorium in Nashville, Tennessee, American music changed for ever. Bob Dylan, the most daredevil spirit of the rock era, took the stage for the first time with Johnny Cash, country music superstar. This show at the temple of country music, The Grand Ole Opry, was the most public evidence of a collision of styles which first occurred in the mid-1950s and has sent shockwaves through

American music ever since. Country Rock, as played by the Byrds, the Eagles and Gram Parsons, was to become the dominant style in American music during the 1970s.

Flatpicking the Blues JA Publishing, Inc.

A giant of American music opens the book on his wrenching professional and personal journeys, paying tribute to the vanishing Appalachian culture that gave him his voice. He was there at the beginning of bluegrass. Yet his music, forged in the remote hills and hollows of Southwest Virginia, has even deeper roots. In *Man of Constant Sorrow*, Dr. Ralph Stanley gives a surprisingly candid look back on his long and incredible career as the patriarch of old-time mountain music. Marked by Dr. Ralph Stanley's banjo picking, his brother Carter's guitar playing, and their haunting and distinctive harmonies, the Stanley Brothers began their career in 1946 and blessed the world of bluegrass with

hundreds of classic songs, including "White Dove," "Rank Stranger," and what has become Dr. Ralph's signature song, "Man of Constant Sorrow." Carter died in 1966 after years of alcohol abuse, but Dr. Ralph Stanley carried on and is still at the top of his game, playing to audiences across the country today at age eighty-one. Rarely giving interviews, he now grants fans the book they have been waiting for, filled with frank recollections, from his boyhood of dire poverty in the Appalachian coalfields to his early musical success with his brother, to years of hard traveling on the road with the Clinch Mountain Boys, to the recent, jubilant revival of a sound he helped create. The story of how a musical art now popular around the world was crafted by two brothers from a dying mountain culture, *Man of Constant Sorrow* captures a life harmonized with equal measures of tragedy and triumph.

From the author's preface: "This book was conceived four years ago, almost to the day, at a time when I was teaching fiddle and mandolin in New York City. It was my idea then, with my students in mind, to compile a book of the most often played, most important and most interesting fiddle tunes from the various Celtic and North American traditions. The tunes were chosen by cataloging a large number of recordings by tune title. A tally was taken to find out which had been recorded most often. This established a foundation of material that could not be left out. To this list I added the names of other pieces which had not been recorded as frequently, but which I knew were played regularly and with respect. I admit to sprinkling the collection with a few lesser known tunes which happen to be

personal favorites, but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire. . . . Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner. "

The tragicomic life story of one of America's best-known country entertainers, told with warmth and honesty This book recounts the fascinating life of Roni Stoneman, the youngest daughter of the pioneering country music family, and a girl who, in spite of poverty and abusive husbands, eventually became "The First Lady of Banjo," a fixture on the Nashville scene, and, as Hee Haw's Ironing Board Lady, a comedienne beloved by millions of Americans nationwide. Drawn from over seventy-five hours of recorded interviews, Pressing On reveals that Roni is also a master storyteller. In her own words and with characteristic spunk and candor, she describes her "pooristic" ("way beyond 'poverty-stricken'") Appalachian childhood, and how she learned from her brother Scott to play the challenging and innovative three-finger banjo picking style developed by Earl Scruggs. She also warmly recounts Hee Haw-era adventures with Minnie

Pearl, Roy Clark, and Buck Owens; her encounters as a musician with country greats including Loretta Lynn, Johnny Cash, June Carter, and Patsy Cline; as well as her personal struggles with shiftless and violent husbands, her relationships with her children, and her musical life after Hee Haw.
