Manual of the Legislature of New
Jersey Haynes Manuals N.
America, Incorporated

A faithful reproduction of the
1970 Floyd Clymer publication of
the official Honda Factory
Workshop Manual specific to the
1962-1969 n10 50cc Sport Cub
series of motorcycles. This manual
includes all of the data that you
would expect from a factory
publication for the repair and
overhaul of all major and minor
mechanical and electrical
components. It also includes a
comprehensive troubleshooting
section plus tables of technical
data, tolerances and fits making it
an invaluable resource for
collectors and restorers of these
classic Honda motorcycles. There
are 55 illustrations and each
procedure is explained in a step-
by-step method using an
appropriate illustration. The
translation from Japanese to
English is, at times, a little quirky

but the illustrations make up for any are very well known for their difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

Harley-Davidson FLH/FLT Touring Series 2010-2013 Haynes Manuals N. America, Incorporated

The air-cooled boxer BMW twins were among the most significant motorcycles of the 1970s through the 1980s, providing an unparalleled combination of comfort, reliability, and performance. From the /5 series, a complete series of sport and touring motorcycles evolved that earned a huge following and which was never emulated by other manufacturers.
