way the best way for their companies to do business. The Sales Manager's Guide to Greatness AMACOM Div American Mgmt Assn There are few one-size-fits-all solutions in sales. Context matters. Complex sales are different from one-call closes. B2B is different than B2C. Prospects, territories, products, industries, companies, and sales processes are all different. There is little black and white in the sales profession. Except for objections. There is democracy in objections. Every salesperson must endure many NOs in order to get to YES. Objections don't care or consider: Who you are What you sell How you sell If you are new to sales or a veteran If your sales cycle is long or short — complex or transactional For as long as salespeople have

been asking buyers to make commitments, buyers have been throwing out objections. And, for as long as buyers have been saying no, salespeople have yearned for the secrets to getting past those NOs. Following in the footsteps of his blockbuster bestsellers *Fanatical Prospecting* and *Sales EQ*, Jeb Blount's *Objections* is a comprehensive and contemporary guide that engages your heart and mind. In his signature right-to-the-point style, Jeb pulls no punches and slaps you in the face with the cold, hard truth about what's really holding you back from closing sales and reaching your income goals. Then he pulls you in with examples, stories, and lessons that teach powerful human-influence frameworks for getting past NO - even with the most challenging

objections. What you won't find, though, is old school techniques straight out of the last century. No bait and switch schemes, no sycophantic tie-downs, no cheesy scripts, and none of the contrived closing techniques that leave you feeling like a phony, destroy relationships, and only serve to increase your buyers' resistance. Instead, you'll learn a new psychology for turning-around objections and proven techniques that work with today's more informed, in control, and skeptical buyers. Inside the pages of *Objections*, you'll gain deep insight into: How to get past the natural human fear of NO and become rejection proof The science of resistance and why buyers throw out objections Human influence frameworks that turn you into a master

persuader The key to avoiding embarrassing red herrings that derail sales calls How to leverage the "Magical Quarter of a Second" to instantly gain control of your emotions when you get hit with difficult objections Proven objection turn-around frameworks that give you confidence and control in virtually every sales situation How to easily skip past reflex responses on cold calls and when prospecting How to move past brush-offs to get to the next step, increase pipeline velocity, and shorten the sales cycle The 5 Step Process for Turning Around Buying Commitment Objections and closing the sale Rapid Negotiation techniques that deliver better terms and higher prices As you dive into these powerful insights, and with each new chapter, you'll gain greater

and greater confidence in your ability to face and effectively handle objections in any selling situation. And, with this new-found confidence, your success and income will soar.

"The Sales Boss: The Real Secret to Hiring, Training and Managing a Sales Team, is a comprehensive guide on how to create a winning sales team. In any business, nothing happens until somebody sells something. Nobody pays their mortgages, no kids get sent to college, and no retirements get funded until the salesperson is able to close business and get revenue coming in the door. In a company with a sales manager, the hiring, training and success of the sales people lay directly at the feet of the manager. The importance and significance of this role can well be illustrated by a recent study

that shows that 95% of the CEOs in mid-size companies have at some point in their career filled the role of Sales Manager prior to being promoted to run the company. Clearly, this job matters. The hopes and dreams of the entire company depend on the job being done masterfully. The Sales Boss refers to a sales leader operating at peak performance and overseeing a team of people that outperforms the competition. Inside the cover of this book, the reader will begin a journey that will help them take a deep look into the psychology behind getting a team operating at the highest levels. A step-by-step guide to hiring, training, and managing the team follows this introduction and will leave the reader not only with an understanding of what needs to be done but with direct examples of how they can do it"--

### Next Level Sales Coaching

Penguin

"Coaching is the universal language of learning, development, and change." Imagine a workplace without fear, stress, or worry. Instead, you're acknowledged as a valued, contributing team player who doesn't sacrifice priorities, values, happiness, or

your life for your job. Sound ludicrous? Consider this is a reality in many thriving organizations. Most leadership books don't apply to sales leadership. Sales leaders are uniquely and indispensably special and need to be coached in a way that's aligned with their role, core competencies, and individuality to achieve their personal goals and company objectives. What if you can successfully coach anyone in 15, 5, or even 60 seconds using one question? Sales Leadership makes delivering consistent, high-impact coaching easy. For busy, caring managers, this removes the pressure and misconception that, "Coaching is difficult, doesn't work, and I don't have time to coach." Since most managers don't know how to coach, they become part of the non-stop, problem-solving legion of frustrated Chief Problem Solvers who habitually do others' work, create dependency, and nourish the
