## Studies in English Grammar CRC Press

This book is a perfect gift for any woman named Carrie. "Romeo and Carrie" is a modified version of William Shakespeare's "Romeo and Juliet". In this version, the main character is not Juliet, but Carrie. The book has a beautiful cover and font. There are 10 pictures inside the book. We also have versions with other names. "Two households, both alike in dignity, In fair Verona, where we lay our scene, From ancient grudge break to new mutiny, Where civil blood makes civil hands unclean. From forth the fatal loins of these two foes A pair of star-cross'd lovers take their life; Whose misadventur'd piteous overthrows Doth with their death bury their parents' strife. The fearful passage of their death-mark'd love, And the continuance of their parents' rage, Which, but their children's end, nought could remove, Is now the two hours' traffic of our stage; The which, if you with patient ears attend, What here shall miss, our toil shall strive to mend. This is a story about Romeo and Carrie."

The purpose of this book is to explore new developments in the field of economic sociology. It contains cutting-edge theoretical discussions by some of the world's leading economic sociologists, with chapters on topics such as the economic convention, relational sociology, economic identity, economy and law, economic networks and institutions. The book is distinctive in a number of ways. First, it focuses on theoretical contributions, by pulling together and extending what the contributors believe to be the most important theoretical innovations within their own particular areas of the field. Second, there are contributions by leading economic sociologists from both the US and Europe, which gives the book both wider scope and appeal, while also creating the opportunity for some interesting dialogue between distinct theoretical traditions. The book will be of interest to researchers, Ph.D.

#### *Getting Over Going Under*

The inspiration for the primetime ITV series on Great Britain, this is the ultimate journey around England. Christopher Winn takes us to each county, to see where history happened, where people and ideas were born, where dreams took flight and where men and women now rest from their labours. To tread in their footsteps, to touch and experience some of what inspired and moved them is to capture some of the flavour of their lives and make their stories alive and real. Crammed with facts and information, *I Never Knew That About England* celebrates the places and people that make the country unique and includes history, legends, firsts, supremes, unusuals, inventions, birthplaces and gossip. You'll be able to visit the bridge where Pooh and Piglet played Poohsticks and see where Alfred burnt the cakes. In a small village in Bedfordshire you can visit the graveyard where Long John Silver and Wendy rest. These stories will bring any place that you visit to life (keep one copy in the car and one in the house!) and enable you to discover the rich and surprising history of England.
