The girls of the Lacuna Cabal Montreal Young Women ' s Book Club are at a crossroads. One of their founding members is dead, they ' ve made a few unfortunate compromises to their membership, some of them aren ' t getting any younger, and they ' ve been stuck on a single weepy tome for six long months. Resident maverick Runner Coghill decides to shake things up by introducing a cherished family heirloom to the group — ten pristine stone tablets, carved in cuneiform, telling the oldest story in the world: The Epic of Gilgamesh. Because their new book is written in an ancient language, the group must take the unprecedented step of allowing Runner to translate the whole story for them. But Runner ' s narration is not of a common vein. Before they know

it, the Cabalists have been thrust out to sea, on a journey in search of answers that extends halfway across the world to the war-torn land of this oldest story ' s birth. The Last Days of the Lacuna Cabal is an offbeat rites-of-passage novel whose characters live out literature with ferocity and passion. It is a funny, quixotic debut that follows the members of a shallow, squabbling, time-wasting, protracted-adolescent book club as they find themselves transformed through the alchemy of the storyteller ' s art.

Live boldly as a woman with ADHD! This radical guide will show you how to cultivate your individual strengths, honor your neurodiversity, and learn to communicate with confidence and clarity. If you are a woman with attention deficit/hyperactivity disorder (ADHD), you've probably known—all your life—that you're different. As girls, we learn which behaviors, thinking, learning, and working styles are preferred, which are accepted and tolerated, and which are frowned upon. These preferences are communicated in innumerable ways—from media and books to our first-grade classroom to conversations with our classmates and parents. Over the course of a lifetime, women with ADHD learn through various channels that the way they think, work, speak, relate, and act does not match up with the preferred way of being in the world. In short, they learn that difference is bad. And, since these women know that they are different, they learn that they are bad. It's time for a change. *A Radical Guide for Women with ADHD* is the first guided workbook for women with ADHD designed to break the cycle of negative self-talk and shame-based narratives that stem from the common and limiting belief that brain differences are character flaws. In this unique guide, you'll find a groundbreaking approach that blends traditional ADHD treatment with contemporary treatment methods, such as acceptance and commitment therapy (ACT), to help you untangle yourself from the beliefs that have kept you from reaching your potential in life. If you're ready to develop a strong, bold, and confident sense of self, embrace your unique brain-based differences, and cultivate your individual

strengths, this step-by-step workbook will help guide the way.
