The Grey Knights' Chapter hierarchy, like that of the Space Wolves and Black Templars, is drastically different from that of other Codex-compliant Space Marine Chapters. Due to the unique manner in which the Grey Knights are recruited and trained, each warrior progresses through a series of preordained ranks and will operate in a particular squad led by an

individual of higher rank rather than being assigned to a particular Battle Company.

Codex Grey Knights

A codex, in the Warhammer 40,000 tabletop wargame, is a rules supplement containing information concerning a particular army, environment, or worldwide campaign. Codexes for particular armies were introduced for the second edition of the game. The third edition rendered these obsolete, and a new series began, including introducing codexes for battlezones and campaigns. Until superseded by newer versions, the 3rd edition and later codexes remained valid for the newer editions of Warhammer 40,000.
