A codex, in the Warhammer 40,000

tabletop wargame, is a rules supplement containing information concerning a particular army, environment, or worldwide campaign. Codexes for particular armies were introduced for the second edition of the game. The third edition rendered these obsolete, and a new series began, including introducing codexes for battlezones and campaigns. Until superseded by newer versions, the 3rd edition and later codexes remained valid for the newer editions of Warhammer 40,000.

The Grey Knights' Chapter hierarchy, like that of the Space Wolves and Black Templars, is drastically different from that of other Codex-compliant Space Marine Chapters. Due to the unique manner in which the Grey Knights are recruited and trained, each warrior progresses through a series of preordained ranks and will operate in a particular squad led by an individual of higher rank rather than being assigned to a particular Battle Company.
