The Berkshire Encyclopedia of World History is the first true encyclopedic reference on world history. It is designed to meet the needs of students, teachers, and scholars who seek to explore -- and understand -- the panorama of our shared history of humans. Anyone who loves history -- including those who are making history today -- will find this work an endless source of fascinating, thought-provoking coverage of events, people, patterns, and processes. To assure the highest quality, the encyclopedia was developed by an editorial team of over 30 leading scholars and educators, led by William H. McNeill, Jerry H. Bentley, David Christian, David Levinson, J. R. McNeill, Heidi Roupp, and Judith Zinsser. Its 550 articles were written by a team of 330 historians, archaeologists, anthropologists, sociologists, geographers and other experts from around the world. Students and teachers at the high school and college levels, as well as scholars and professionals, will turn to this defi

## A Forgotten Sisterhood Ncrece

Sexism in Narnia? Or Screwtape? Or amongst the Inklings? Many critics have labelled C.S. Lewis a sexist, even a misogynist. Did the life and writing of the hugely popular author and professor betray attitudes that today are unacceptable, even deplorable? The younger Lewis was criticized for a mysterious living arrangement with a woman, but his later marriage to an American poet, Joy Davidman, became a celebrated love story. As a writer he, along with J.R.R. Tolkien, formed a legendary literary group, the Inklings - but without women. In this collection of short essays, opinion pieces, and interviews, academics and writers come together to investigate these accusations. They include Alister McGrath, Randy Alcorn, Monika Hilder, Don W. King, Kathy Keller, Colin Duriez, Crystal Hurd, Jeanette Sears, David C. Downing, Malcolm Guite, and Holly Ordway. The resulting work, *Women and C.S. Lewis*, provides broad and satisfying answers.

Without a doubt, Frank Avant vs. C. H. Mason is the most critical juncture in the entire history of the Church of God in Christ (COGIC). The Pentecostal-Holiness Movement of the early twentieth century began with an aggressive legal confrontation between two of the movement's leading African-

American pastors and their adherents. Charles P. Jones and Charles H. Mason's up-close and personal relationship was torn apart over their fundamental differences of the baptism in the Holy Ghost and speaking in tongues. Up until the Azusa Street Revival, Jones and Mason shared an extraordinary profundity for each other; and their relationship was maximized when Jones united Mason and Lelia Washington in marriage in 1905. In 1907, Jones filed a lawsuit in Memphis against Mason after leading the way in having Mason excommunicated from the General Ministerial Council of Holiness Churches and Meetings for proliferating speaking in tongues. Jones and Mason founded the organization in 1897 after both of them were expelled from the Baptist denomination for teaching holiness. When Mason lost the case in Memphis Chancery Court, it was merely an opportunity to lead the Jones faction to the Red Sea. Mason and his attorney, Elder Robert E. Hart, appealed the case to the Tennessee Supreme Court in Jackson, where the judges decided in their favor, devastating the Jones faction and their attorney, Benjamin F. Booth.

Exploring many aspects of Felix Mendelssohn's multi-faceted career as musician and how it intersects with his work as composer, contributors discuss practical issues of music making such as performance space, instruments, tempo markings, dynamics, phrasings, articulations, fingerings, and instrument techniques. They present the conceptual and ideological underpinnings of Mendelssohn's approach to performance, interpretation, and composing through the contextualization of specific performance events and through the theoretic actualization of performances of specific works. Contributors rely on manuscripts, marked or edited scores, and performance parts to convey a deeper understanding of musical expression in 19th-century Germany. This study of Mendelssohn's work as conductor, pianist, organist, violist, accompanist, music director, and editor of old and new music offers valuable perspectives on 19th-century performance practice issues.

This guide was written as a quick primer for transportation professionals and analysts who assess the impacts of proposed transportation actions on communities. It outlines the community impact assessment process, highlights critical areas that must be examined, identifies basic tools and information sources, and stimulates the thought-process related to individual projects. In the past, the consequences of transportation investments on communities have often been ignored or introduced near the end of a planning process, reducing them to reactive considerations at best. The goals of this primer are to increase awareness of the effects of transportation actions on the human environment

and emphasize that community impacts deserve serious attention in project planning and development-attention comparable to that given the natural environment. Finally, this guide is intended to provide some tips for facilitating public involvement in the decision making process.

Readers often think of Job sitting on the ash heap, his life in shambles. But how did he get there? What was Job's life like before tragedy struck? What did he think as his world came crashing down around him? And what was life like after God restored his wealth, health, and family? Through painstaking research and a writer's creative mind, Mesu Andrews weaves an emotional and stirring account of this well-known story told through the eyes of the women who loved him. Drawing together the account of Job with those of Esau's tribe and Jacob's daughter Dinah, *Love Amid the Ashes* breathes life, romance, and passion into the classic biblical story of suffering and steadfast faith.

Grammy Award – winning gospel singer, television star, and radio host Erica Campbell speaks to women of all shapes and sizes and “ takes the time to dissect and reveal the beauty that exists in being our authentic, vulnerable selves ” (Sarah Jakes Roberts, author of *Don ’ t Settle for Safe*) and celebrating the person God made you to be. There is nothing wrong with wanting to be pretty. But Erica Campbell believes we were made to be so much more. As so many women struggle with issues of low self-esteem, depression, and unhealthy habits, Campbell offers a spiritual path that cuts through the highly commercialized, hypersexualized media messages of popular culture, leading women to the true meaning of “ pretty ” and the true self God wants them to be: empowered, confident, loving, and real. Erica uses her own personal and professional triumphs and failures and the stories of others to help motivate women to redefine and develop true beauty based on biblical principles. With inspirational prose, she shows us how to overcome childhood struggles, push past fears, sharpen our spiritual IQ, and free ourselves from guilt, shame, and low self-confidence. *More Than Pretty* is a stirring call to action for all women to a life full of power and purpose.

This volume describes and maps congregations of Christian confessions and denominations, as well as groups with Jewish, Buddhist, Muslim, Hindu, and various other spiritual faiths, in different European countries. Consisting of three parts, it presents concrete sociological studies addressing how established and not established, old and new congregations of various faiths create a new kind of religious diversity at the country level; how religious congregations are challenged and thrive in large cities; and how religious congregations change in the 21st century. The book enlightens by its descriptive analysis and the theoretical questions it raises concerning the religious transformations happening all over Europe. It addresses issues of religious diversity in the cities of Europe by presenting large studies conducted in cities such as Barcelona in Spain, and Aarhus in Denmark. By means of large-scale censuses taken in areas such as North Rhine-Westphalia in Germany and in countries like Switzerland and Italy, the book shows how the historically established churches restructure their congregations and activities. It clarifies for the new gatherers where and how a new diversity of religious congregations is in the process of being established. Finally, the book covers two important topical issues: pluralisation and secularisation. It provides new data on religious diversity, painting a new picture of secularisation: the impact and structural consequences of the long-term decrease of membership in the established churches.

"[T]his is a testimonial to a courageous woman and her deep commitment to human rights." Booklist, Starred Review • An accessible biography of Fannie Lou Hamer that reveals pivotal moments within a remarkable life that spanned 59 tumultuous years in the history of American race relations. In 1964, Fannie Lou Hamer delivered a heart-wrenching testimony before the Democratic National Convention ’ s (DNC) Credentials Committee. In this speech, Hamer represented both the concerns of the Mississippi Freedom Democratic Party (MFDP) and the limits of American democracy when she proclaimed: “ I question America. Is this the land of the free and the home of the brave where we have to sleep with our telephones off the hooks because our lives be threatened daily? Because we want to live as decent human beings, in America? ” This is the speech that sent President Lyndon B. Johnson into a state of outright panic, as he diverted the media ’ s attention away from Hamer ’ s stinging indictment of the nation he led. This is the speech that left most Credentials Committee members in tears, forced Johnson to negotiate with the MFDP, and compelled the Democratic Party to vow they would never again seat a segregated delegation. And this is the speech that television networks, made wise to Johnson ’ s diversionary tactics, replayed during their evening programs, thereby bringing Fannie Lou Hamer into the living rooms of Americans across the nation. As significant as the 1964 DNC speech is, this book will underscore that

---

Hamer ' s testimony was but one moment within a remarkable life that spanned fifty-nine tumultuous years in the history of American race relations. For the first forty-four years of her life, Hamer lived on sharecropping plantations, all the while learning life lessons from her family, the Black Baptist religious tradition, and from the oppressive white supremacist mores surrounding her. Once Hamer ' s life path intersected with the mid-century Civil Rights Movement, she spent fifteen years (1962-1977) traveling from the South to the North—and even to the West Coast of Africa—advocating civil rights, economic justice, and interracial cooperation. Hamer shared the platform with Martin Luther King, Jr. and Malcolm X, who introduced her to an audience in Harlem as “ the country ' s number one freedom fighting woman. ” This accessible biography will enrich public memory about Hamer by telling not only the significant story of her riveting testimony, but also by recounting a life filled with triumphs, tragedies, and accompanying lessons for contemporary audiences.
