Stacey Castor almost got away with it. She wanted people to believe that her life had been crippled by tragedy -- that her first husband had died of a heart attack, her second husband had died by poisoning himself with antifreeze, and that her daughter had also attempted suicide. But, according to police, all of it was a lie -- and the seemingly unfortunate wife and mother was actually a cold-blooded killer, now known by many as the "Black Widow." Stacey Ruth Castor may have been one of the most sociopathic female serial killers in modern times. She poisoned her first husband Michael Wallace with anti-freeze after he becomes an inconvenience to her and did the same to her second husband David Castor years later. When she caught wind that the police were onto her methods, she poisoned her own daughter and wrote a confession letter on her behalf. She tried to pin the crimes on her daughter. Dubbed the Black Widow by the national media, recent findings have opened up the possibility that Stacey killed her own father as well. Cool, calm and collected, Stacey maintained her innocence throughout the court proceedings, adamantly pointing the finger of blame at her own daughter. But what possessed her to kill not only her husbands but her own flesh and blood? This is her story.

One of Cosmopolitan's Best Romance Novels Ever Turns out that reading nothing but true crime isn't exactly conducive to modern dating—and one woman is going to have to learn how to give love a chance when she's used to suspecting the worst. PhD candidate Phoebe Walsh has always been obsessed with true crime. She's even analyzing the genre in her dissertation—if she can manage to finish writing it. It's hard to find the time while she spends the summer in Florida, cleaning out her childhood home, dealing with her obnoxiously good-natured younger brother, and grappling with the complicated feelings of mourning a father she hadn't had a relationship with for years. It doesn't help that she's low-key convinced that her new neighbor, Sam Dennings, is a serial killer (he may dress business casual by day, but at night he's clearly up to something). It's not long before Phoebe realizes that Sam might be something much scarier—a genuinely nice guy who can pierce her armor to reach her vulnerable heart.
