World History RH Childrens Books

The idea of non-alignment and peaceful coexistence was not new when Yugoslavia hosted the Belgrade Summit of the Non-Aligned in September 1961. Freedom activists from the colonies in Asia, Africa, and South America had been discussing such issues for decades already, but this long-lasting context is usually forgotten in political and historical assessments of the Non-Aligned Movement. This book puts the Non-Aligned Movement into its wider historical context and sheds light on the long-term connections and

entanglements of the Afro-Asian world. It assembles scholars from differing fields of research, such as Asian Studies, Eastern European and Southeast European History, Cold War Studies, Middle Eastern Studies and International Relations. In doing so, this volume looks back to the ideological beginnings of the concept of peaceful coexistence at the time of the anticolonial movements, and at the multi-faceted challenges of foreign policy the former freedom fighters faced when they established their own decolonized states. It analyses the crucial role Yugoslav president Tito played in his determination to keep his country out of the blocs, and finally examines the main achievement of the Non-Aligned Movement: to give subordinate states of formerly subaltern peoples a voice in the international system. An innovative look at the Non-Aligned Movement with a strong historical component, the book will be of great interest to academics working in the field of International Affairs, international history of the 20th century, the Cold War, Race Relations as well as scholars interested in Asian, African and Eastern European history.

London Calling EDCON Publishing Group

Vividly written and based on up-to-date scholarship, this title provides an interpretive overview of the international history of the Cold War.

**Reading Comprehension and Vocabulary Development RL 4.0-5.0**

PDF eBook Reading Level 4.0-5.0 Ignite the interest of your reluctant

reader and rekindle the enthusiasm of your accomplished one with these high-interest reading comprehension eBooks with STUDENT ACTIVITY LESSONS. Each book includes 10 original, exciting and informative short stories that cover a broad range of topics such as Tales of Adventure, Science, Biographies, Tales of Fantasy, and Interpersonal Relationships. Multi-cultural and non-sexist guidelines have been observed to provide reading material for a wide population. New vocabulary is defined and used in context. Pronunciation entries are provided. Students learn how to preview and survey through a preview question by focusing on key sentences and/or paragraphs designed to teach essential skills. Each lesson illustration is intended to add interest to the story and to assist the reader in understanding the selections, plot, and character development. Each of the 27 eBooks; Is divided into 10 short stories; Was written using McGraw-Hill's Core Vocabulary; Has been measured by the Fry Readability Formula; Includes 100 comprehension questions that test for main idea, critical thinking, inference, recalling details and sequencing; Has 60 vocabulary exercises in modified Cloze format; contains complete answer keys for comprehension and vocabulary exercises and Includes illustrations.

**The Mole: The Cold War Memoir of Winston Bates** A&C Black

From NYT bestselling author Jennifer A. Nielsen comes a stunning thriller about a girl who must escape to freedom after the Berlin Wall divides her family between east and west. A Night Divided joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! With the rise of the Berlin Wall, Gerta finds her family suddenly divided. She, her mother, and her brother Fritz live on the eastern side, controlled by the Soviets. Her father and middle brother, who had gone west in search of work, cannot return home. Gerta knows it is dangerous to watch the wall, yet she can't help herself. She sees the East German soldiers with their guns trained on their own citizens; she, her family, her neighbors and friends are prisoners in their own city. But one day on her way to school, Gerta spots her

---

father on a viewing platform on the western side, pantomiming a peculiar dance. Gerta concludes that her father wants her and Fritz to tunnel beneath the wall, out of East Berlin. However, if they are caught, the consequences will be deadly. No one can be trusted. Will Gerta and her family find their way to freedom?

Introduction to Politics Classroom Complete Press

The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In *The Cold War*, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world.

Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created.

*The Non-Aligned Movement and the Cold War* Free Spirit Publishing

An abridged version of the story complete with vocabulary and comprehension checks for beginning readers.

Capitalism vs. Communism: The Industrial Revolution Gr. 5-8  
HarperCollins

This illustrated book that includes tables, charts, and maps primarily discusses the role of USAREUR (US Army Europe) in rearming and training the new German Army which was perhaps the Army's single greatest contribution toward maintaining security in Western Europe. Likewise, the relationship between American soldiers and their French and West German hosts evolved over time and is a critical element in telling the story of the US Army in Europe.

*The Cold War: a Very Short Introduction* Government Printing Office

In 1943 Copenhagen, the Germans begin their campaign to "relocate" the Jews of Denmark. So Annemarie Johansen's parents take in her best friend Ellen Rosen and pretend that she is a part of their family.

---

in Europe during WWII, as well as profiles of Air Commandos who performed above & beyond the call of duty. Reflects on the need for financial & political support for restoration of the forces. Bibliography. Extensive photos & maps. Charts & tables.

Apollo's Warriors Random House

From its inception in 1932, overseas broadcasting by the BBC quickly became an essential adjunct to British diplomatic and foreign policy objectives. For this reason, the World Service was considered the primary means of engaging with attitudes and opinions behind the Iron Curtain during the Cold War. Although funded by government Grant-in-Aid, the Service's editorial independence was enshrined in the BBC's Charter, Licence and Agreement. *London Calling* explores the delicate balance of power that lay in the relations between Whitehall and the World Service during the Cold War. This book also assesses the nature and impact of the World Service's programmes on listeners living in the Eastern bloc countries. In doing so, it traces the evolution of overseas broadcasting from Britain alongside the political, diplomatic and fiscal challenges that the country faced right up to the Suez crisis and the 1956 Hungarian uprising. These were defining experiences for the United Kingdom's international broadcaster that, as a consequence, helped shape and define the BBC World Service as we know it today. *London Calling* is an important study for anyone interested in the media and foreign policy histories of Great Britain or the history of the Cold War more generally. Winner of the Longman History Today Book of the Year Award 2015

The Things They Carried Vancouver, BC : Provincial Resource Centre for the Visually-Impaired, 1991. (Burnaby : Library Services

Award-winning teacher offers advice on achieving work-life balance and employing self-care techniques to avoid burnout. It wasn't long after being named North Carolina History Teacher of the year that Justin Ashley started noticing signs of burnout. He knew he needed to make some radical changes in how he handled his work and personal life. In *The Balanced Teacher Path*, Justin shares his personal story—illuminating how easy it is to give your job everything you've got and leave yourself with nothing outside of school—and shows new teachers and veterans alike the self-care techniques they can employ to create work-life balance and prevent burnout. With equal parts humor and wisdom, Justin analyzes four key aspects of every teacher's life—career, social, physical, and financial—and offers practical advice to bring these areas into sync, reigniting a passion for teaching in the process.

US Department of State Dispatch Solution Tree Press

Winner of the 2018 American Academy of Diplomacy Douglas Dillon Award Shortlisted for the 2018 Duff Cooper Prize in Literary Nonfiction “ [A] brilliant book...by far the best study yet ” (Paul Kennedy, The Wall Street Journal) of the gripping history behind the Marshall Plan and its long-lasting influence on our world. In the wake of World War II, with Britain ’ s empire collapsing and Stalin ’ s on the rise, US officials under new Secretary of State George C. Marshall set out to reconstruct western Europe as a bulwark against communist authoritarianism. Their massive, costly, and ambitious undertaking would confront Europeans and Americans alike with a vision at odds with their history and self-conceptions. In the process, they would drive the creation of NATO, the European Union, and a Western identity that continue to shape world events. Benn Steil ’ s “ thoroughly researched and well-written account ” (USA TODAY) tells the story behind the birth of the Cold War, told with verve, insight, and resonance for today. Focusing on the critical years 1947 to 1949, Benn Steil ’ s gripping narrative takes us through the seminal episodes marking the collapse of postwar US-Soviet relations—the Prague coup, the Berlin blockade, and the division of Germany. In each case, Stalin ’ s determination to crush the Marshall Plan and undermine American power in Europe is vividly portrayed. Bringing to bear fascinating new material from American, Russian, German, and other European archives, Steil ’ s account will forever change how we see the Marshall Plan. “ Trenchant and timely...an ambitious, deeply researched narrative that...provides a fresh perspective on the coming Cold War ” (The New York Times Book Review), The Marshall Plan is a polished and masterly work of historical narrative. An instant classic of Cold War

literature, it “ is a gripping, complex, and critically important story that is told with clarity and precision ” (The Christian Science Monitor).

The Cold War Vintage

The Cold War shaped the world we live in today - its politics, economics, and military affairs. This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we see today, including the War on Terror. It focuses on how the

---

Third World policies of the two twentieth-century superpowers - the United States and the Soviet Union - gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other. Ranging from China to Indonesia, Iran, Ethiopia, Angola, Cuba, and Nicaragua, it provides a truly global perspective on the Cold War. And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted interventions, the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing.

Resources in Education Holt McDougal

Clever and humorous, this fictitious memoir of Winston Bates, the very definition of the anti-spy, during the years after World War II follows this unlikely foreign spy as he encounters and betrays numerous historical players in the American experience. 40,000 first printing.
