NATIONAL BESTSELLER • From the acclaimed Nobel Prize winner—a powerful examination of our obsession with beauty and conformity that asks questions about race, class, and gender with characteristic subtlety and grace. In Morrison's acclaimed first novel, *Pecola Breedlove*—an 11-year-old Black girl in an America whose love for its blond, blue-eyed children can devastate all others—prays for her eyes to turn blue: so that she will be beautiful, so that people will look at her, so that her world will be different. This is the story of the nightmare at the heart of her yearning, and the tragedy of its fulfillment. Here, Morrison's writing is "so precise, so faithful to speech and so charged with pain and wonder that the novel becomes poetry" (The New York Times).

Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterpiece of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage

inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Applying to college can be one of the most stressful times in a student's life. Not only are you faced with the task of finding the perfect school for you, but you also have to find scholarships to be able to go to the school you want. These two intertwining obstacles require a lengthy application and a seemingly perfect essay. The essay is crucial to demonstrate your values, creativity, and depth of knowledge, and the writing is important because it reflects your power of persuasion, organizational skills, and style. This newly revised book will teach you how to write effective applications and essays for college admissions and scholarships, helping shoulder some of the weight of applying. The second edition of *The Complete Guide to Writing Effective College Applications and Essays* has been updated to provide you with all the tools you need to complete your application and write a winning essay. You will learn how to choose a topic, keep your focus narrow and personal, edit and revise your work, tweak your essays to use them on various applications, choose your tone and structure, avoid common pitfalls, overcome writer's block, and make your application stand out from the rest. Additionally, you will learn strategies for getting started, requirements for application, critical writing tips, and what committees look

for in an applicant. This book also has a catalogue of websites with scholarship opportunities, sample essays and essay questions, and even examples of the essays specific colleges use. You will find those samples on the companion CD-ROM, along with writing tips and additional resources. Admissions officers have chimed in with their expertise to provide insider information on how to compose impressive applications and essays for admissions and scholarships. Whether you are a high school freshman seeking a head start or a senior hoping to glean some last minute tips, this book is your answer.

Strengths of KEYS FOR WRITERS include concise but complete explanations, ease of use (with ten color-coded tabs that clearly signal the book's content), strong ESL coverage, and outstanding student writing samples. New co-author Susan Miller-Cochran brings to this edition a framework for critical thinking that offers students a method for understanding and approaching rhetorical situations.

Additionally, new exercises at the end of most parts let students check their understanding. In the documentation sections, Source Shots provide visual examples of how to document sources from print to Internet sources and from encyclopedia articles to MP3 selections. A new focus on writing in the disciplines helps students carry the framework for critical thinking into a variety of academic contexts, while new guidelines for thinking critically about sources helps students apply the framework to source evaluation. A new design provides stronger visual presentation of concepts to help students learn to think critically about their writing and use of sources. Each student text is packaged with a free Cengage Essential Reference Card to the MLA HANDBOOK, Eighth Edition. APA/MLA Guidelines provide writers with the information that they need to present their research findings correctly in APA/MLA formatted papers. Because both styles require in-text citations, confusion may set in when writing a paper in MLA. The use of the Guideline will allow you to decide quickly between APA: (Johnson, 2010) or MLA: (Johnson 25). Such information at your fingertips will end the waste of time searching for information and allow you to present a strong credible paper.

TECHNIQUES FOR COLLEGE WRITING: THE THESIS STATEMENT AND BEYOND is a brief rhetoric that empowers students as writers by giving them the tools they need to create a precise and well-focused thesis. Using the thesis statement as the lens through which students can approach the entire thinking and writing process, TECHNIQUES is divided into three parts that build upon one another: Part I--Thinking Through the Thesis Statement, Part II--Thinking Through Your Writing Assignment, and Part III--Writing Beyond the Composition Classroom. A wide range of journal articles, book excerpts, student essays, paintings, magazine ads, poetry, and short stories make the text accessible to students, and Thinking Through a Reading questions promote active reading and in-class discussion. In-chapter practice exercises, writing applications, revision tools, and writing assignments help students gain confidence so that they can begin to incorporate the techniques they've learned in the book into their own personal writing styles Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

THE "I HATE TO WRITE" GUIDE TO COLLEGE LEVEL ESSAYS: 4 IN 1 does not replace the required text books in English Composition courses but it does explain how to write an essay at this level without using academic words like "thesis." I never understood what that meant when I was an undergraduate, so I don't expected everyone to know what it means...but I do explain what it is in "regular" language. The four volumes grouped together here have appeared in e-book form but never as a print copy. It was probably past time to offer another option. The reason I wrote BASIC ESSAY, BOOK CRITIQUE, and RESEARCH PAPER is that they were the first essays students were required to wrote -- not just in composition class but in other courses. CHOOSING A TOPIC is something that has boggled many a mind. These are my guidelines and enough students told me that the way I detailed essay requirements finally allowed the light bulb moment of understanding the process be lit for them. Hopefully you'll find something helpful, too. **Brody's Guide to the College Admissions Essay** Cengage Learning

Writing, for most of us, is bound up with anxiety. It's even worse when it feels like your whole future--or at least where you'll spend the next four years in college--is on the line. It's easy to understand why so many high school seniors put off working on their applications until the last minute or end up with a generic and clichéd essay. The good news? You already have the "secret sauce" for crafting a compelling personal essay: your own experiences and your unique voice. The best essays rarely catalog how students have succeeded or achieved. Good writing shows the reader how you've struggled and describes mistakes you've made. Excellent essays express what you're fired up about, illustrate how you think, and illuminate the ways you've grown. More than twenty million students apply

to college every year; many of them look similar in terms of test scores, grades, courses taken, extracurricular activities. Admissions officers wade through piles of files. As an applicant, you need to think about what will interest an exhausted reader. What can you write that will make her argue to admit you instead of the thousands of other applicants? A good essay will be conversational and rich in vivid details, and it could only be written by one person--you. This book will help you figure out how to find and present the best in yourself. You'll acquire some useful tools for writing well--and may even have fun--in the process. *Wild Nights* Princeton University Press

Although science may claim to be "objective," scientists cannot avoid the influence of their own values on their research. In *The State of Nature*, Gregg Mitman examines the relationship between issues in early twentieth-century American society and the sciences of evolution and ecology to reveal how explicit social and political concerns influenced the scientific agenda of biologists at the University of Chicago and throughout the United States during the first half of this century. Reacting against the view of nature "red in tooth and claw," ecologists and behavioral biologists such as Warder Clyde Allee, Alfred Emerson, and their colleagues developed research programs they hoped would validate and promote an image of human

society as essentially cooperative rather than competitive. Mitman argues that Allee's religious training and pacifist convictions shaped his pioneering studies of animal communities in a way that could be generalized to denounce the view that war is in our genes.
