Free College Mathematics CLEP * Exam Study Guide General Description. If you paid attention in your high school math class, then preparing for this test shouldn't take too much time. In theory, you should have learned most of what you'll need to know for this test in high school, but then again, who was paying attention?

The College Mathematics examination covers material generally taught in a college course for nonmathematics majors and majors in fields not requiring knowledge of advanced mathematics. The examination contains approximately 60 questions to be answered in 90 minutes. Some of these are pretest questions that will not be scored.
