In the physical approach depression can lead to problems sleeping, concentrating, body aches and much more. In the cognitive approach college students who experience depression have thought of or committed suicide.

Stress In College Students , Sample of Term Papers

The effects of stress are not as absolute as they vary from one person to another. This paper will address stress and its effects among college students. Absence or minimal degrees of stress promote high productivity while high-stress levels lead to poor performance in both academics and co-curricular

activities. This is because stressful students develop withdrawal traits that lead to class absenteeism and antisocial character.
