When a single kiss calls your sexuality into question, there's only one sure path to a reliable answer: further

research. Patrick I like to think I know myself outside and in. As a developmental psychologist, I've spent years exploring the true foundations of my identity. So, when losing a bet means kissing my best friend, Logan, I already know I'm going to hate every second of it. All the relevant questions regarding my sexuality were asked and answered years ago. The results were conclusive: despite the odd same-sex attraction, I dislike

being touched by men. That is, it seems, until Logan is the man doing the touching. The intense desire aroused by his kiss contradicts all my expectations and I have no idea how to integrate the new information. Thankfully, I know exactly how to uncover the truth about myself—once and for all. Logan! I've put a lot of effort into keeping Patrick out of my fantasies and in the friend-zone. Our recent lip-lock may have unleashed my feelings for him temporarily, but I'll get them back on their platonic track in no time. Falling for a friend, especially a sexually ambivalent friend, is a one-way ticket to heartache. But, when the unforeseen impact of our kiss inspires Patrick to conduct an experiment into the extent of his bisexuality, I can't resist volunteering to help. If any man is going to join Patrick on his journey of self-discovery, it's sure as hell going to be me.

Miles Sorenson

prides himself on his brutal honesty.

Facts and logic are a hell of a lot

easier to deal with than emotions. He's got his career and a

small, close-knit group of friends,

and he doesn't need nor want anything

else. The total opposite of Quinn

Barker, who doesn't take life too

seriously and thinks a good laugh can cure anything. When Quinn takes Miles home, it's supposed to be a one-time deal. Except they really click in the sack and end up spending the weekend together, enjoying each other's bodies as much as their company...to Miles's dismay. Matters get even more muddled when, months later, they run into each other at the popular West Hollywood bar, Wild Side, and pick up right where they left off. On the surface, Quinn and Miles are like oil and water, but the draw between them is undeniable. As their lives further entwine, they realize there's more to their

connection than the way they singe the sheets together. But demons from the past have a way of catching up, and no matter how strong the link is tying Miles and Quinn together, the pressure may be enough to make it snap.

Trevor Dixon has made too many mistakes to count. Sober for thirteen months, he's determined to do the right thing: rebuild his relationship with his family, and help his brother get Rock Solid Construction off the ground. Failing them again isn't an option. Too bad the first estimate Trevor goes on alone is for an uptight doctor with a superiority complex. A hand injury took away the only important thing in Dr. Simon Malone's life--performing heart surgery. He doesn't do well with people and has no family, but being a damn good surgeon? He always had that. Now, he doesn't know who he is. The last thing he wants to deal with is the young construction worker who blows his shot at remodeling Simon's home. Trevor and Simon form an unlikely friendship. The more time they spend together, the more Trevor starts wondering if maybe Simon's

not as straight-or uptight-as he thought...and maybe Trevor's new attraction for Simon runs both ways. There are too many reasons they shouldn't be together: they have little in common, their age difference, Trevor needing to focus on his sobriety...yet there's something about each other that they just can't shake. They don't feel so lost when they're together. But with their footing so unsteady, forming a relationship that's rock solid seems impossible. There's blow after blow, and the last one just might be powerful enough to crack their foundation for good.

SILAS My home is my sanctuary. Or is it my prison? Some days it's hard to tell. I've confined myself behind these walls for protection. I have my reasons, but that doesn't change the profound loneliness I've discovered in

the process. Then one day I find myself drifting toward the window to see him. Corey Marshall, my new neighbor. Quiet, reserved, and cute as can be. He infects my thoughts, becomes the image I fantasize about. I want to taste his lips, smell his scent...feel what it's like to be inside him. And soon, watching becomes exchanging gifts and messages, which becomes so much more. It's wrong to want this as badly as I do, but I can't help myself. I crave him so desperately. It's hard to tell if what we're doing is going to make me lose my mind or change my entire world, but it's too late to turn back now... COREY I've never been quite right. Too high or too low. Pain is my constant companion...at the hands of my abusive ex, and often from myself. The

sweet relief is only temporary, but in those moments, it's like I can finally breathe. Then I meet him. Silas Rizner calms the chaotic storms inside me. He makes me feel loved, treasured, even when I don't deserve it. I cherish the moments we share--cooking, cuddling, and when Silas reads to me until I fall asleep. When he's inside me, it's the only time in my life I've ever felt complete. Silas becomes the glue that holds me together, that bandages my scars. Inside the walls of his home, we're almost safe, but our demons are always there, waiting to break free. We're a mess. We're broken, chaotic, beautiful; we're in love. But not even love can slay our monsters. No, only we can do that. Unless our monsters destroy us first.
