play the game...both on and off the field. If it hadn't been for that one teenage slipup where I kissed Beau Campbell, I'd be able to keep fooling myself. Football is the one thing I use to distract myself from the truth, and when I screw-up and lose the game I love, I find myself right back in Fever Falls. And right back face-to-face with Cranky Campbell, who hates me even more than he did when we were kids. Whatever magic he held over me then is still there. As much as I fight it, I still want him. And I always get what I want...well, except with Beau, who constantly calls me on my crap. Why do I like that so much?BEAU I might've spent years watching Ash live out my dream-without the off-field antics and orgies with women, at least-but I've made a good life for myself. I'm a firefighter, and I coach my brother's football team for those with developmental disabilities. But when Ash swings back into town armed with his monster ego and an arsenal of stupid nicknames, everyone is in awe of him. Nope, not me. I don't care if our kiss years ago was responsible for my sexual awakening. I won't fall for Ashton Carmichael. Though that resolution would be a whole lot easier if he wasn't so tempting. Once he finds his way into my bed, I'm screwed-in more ways than one. But there's more to Ash than meets the eye,

---

buried beneath his ego, sarcasm and how we burn up the sheets together. Soon, it's more than a game. We don't just get each other fired up, we just might win each other's hearts. Too bad things are never that simple...

They were only kids when they met for the first time. Leo Mancini was the son of a judge. Roman Cipriani the son of a criminal. So different,

yet as they shared stolen kisses and secret moments, they fell in love. One day they would run away together, have the future they deserved, because no one loved Leo like Roman did, or Roman like Leo did. But before they could make their dreams come true, their future was viciously stolen and their lives changed forever. Roman has spent the last twelve years repressing the trauma in his past, trying to pretend it didn't exist, until even he believed his own lies. Leo won't let himself forget what happened because he doesn't ever want to be that person again. He won't become the man his father wanted him to be or the guy who gets hurt when he lets someone in. But in that split second when their eyes meet again,

everything changes. Despite Leo's anger and Roman's denial, the connection they shared as teens is still there, too powerful to deny. Now, when their moments don't have to be stolen, they cling to what they've always craved--each other. Roman and Leo aren't kids anymore, though--they can't lock themselves away from the world and pretend nothing exists but each other. A trauma like Roman suffered doesn't just go away, but now that Roman accepts his truth, can the two of them escape their demons before they destroy Roman and Leo a second time? Nothing in life is ever easy, and no one is more painfully aware of that than Josiah Evans, Mateo

Sanchez, and Tristan Croft. They know what they want-each other-but with three people as broken as they are, all those pieces aren't so easily mended. Josiah is their glue. All he wants is to give his men what they need. Mateo wants to absolve himself of his sins. To be worthy of love and to protect it.

Tristan must let go of his past, must learn how to need, and what it really means to take care of someone. To keep the balance intact, they all

---

have their roles to play. But what happens if the balance shifts? What happens when someone doesn't play the right part? If one of them falters, they all feel the strain. The only way to complete their full circle is for all their pieces, despite the curves and rough edges, to fit together perfectly. foundation of their new life, decisions will be made, and boundaries will be tested that could change their lives forever.

Josiah Evans lost both his parents; he's sweet, shy, and wants nothing more than to be loved. Mateo Sanchez has seen it all as the son of a gang leader, and never hesitates to do what needs to be done, no matter what it is. Wealthy attorney Tristan Croft clawed his way up from the bottom to rule his own world, and will never depend on anyone but himself again. Three men who couldn't be more different ... until their lives intersect and they find an uncommon balance

that calms the storms inside each of them, and ignites fires hotter than they ever thought imaginable.

Gone for You Penguin Miles Sorenson prides himself on his brutal honesty. Facts and logic are a hell of a lot easier to deal with than emotions. He's got his career and a small, close-knit group of friends, and he doesn't need nor want anything else. The total opposite of Quinn Barker, who doesn't take life too seriously and thinks a good laugh can cure anything. When Quinn

---

takes Miles home, it's supposed to be a one-time deal. Except they really click in the sack and end up spending the weekend together, enjoying each other's bodies as much as their company...to Miles's dismay. Matters get even more muddled when, months later, they run into each other at the popular West Hollywood bar, Wild Side, and pick up right where they left off. On the surface, Quinn and Miles are like oil and water, but the draw between them is undeniable. As their lives further entwine, they realize there's more to their

connection than the way they sing the sheets together. But demons from the past have a way of catching up, and no matter how strong the link is tying Miles and Quinn together, the pressure may be enough to make it snap.
