If movies and books like Belle, Twelve Years a Slave, The Butler, The Help, A Time to Kill, and Amistad have moved you, you'll love A Complicated Legacy, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy-

the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga

---

weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Betrayal, forgiveness, identity  
and obsession churn against the  
tumultuous landscape of the  
Islamic revolution and the  
seemingly perfect gardens of

Southern California in this  
compelling novel from  
bestselling author Dora Levy  
Mossanen. Amidst a shattering  
betrayal and a country in  
turmoil, Soraya flees Iran to  
make a new life for herself in Los  
Angeles. The cruel and intimate  
blow her husband has dealt her  
awakens an obsessive streak that  
explodes in the heated world of  
Southern California, as Soraya  
plots her revenge against the  
other woman, her best friend.  
What she discovers proves far  
more devastating than anything  
she had ever imagined,  
unleashing a whirlwind of events  
that leave the reader breathless.  
"A lush, superbly narrated and  
highly provocative excursion  
into the passions and politics of  
love in our own tumultuous  
times."-Jonathan Kirsch, The  
Jewish Journal

In Butterfly Biology

Systems Roger Dennis explores key topics and contentious issues in butterfly biology, specifically those in life history and behaviour.

Uniquely, using a systems approach, the book focuses on the degree of integration and feedback between components and elements affecting each issue, as well as the links between different issues. The book comprises four sections. The first two sections introduce the reader to principles and

approaches for investigating complex relationships, and provide a platform of knowledge on butterfly biology. The final two sections deal in turn with life history and behaviour, covering key issues affecting different stages of development from eggs to adults.

Fabricadabra: Simple Quilts, Complex Fabrics

Penguin

Choose a colored pencil, pen, or marker and start coloring the kaleidoscope patterns of these unique ice crystal snowflakes!

These 25 original designs are detailed and somewhat complex, drawn with fine lines, and each has its own unique look and feel.

These aren't your common white snowflakes - they want COLOR! Each design was hand-drawn with a stylus and a drawing tablet, and was inspired by creative impulses and a love of snowflakes and winter. Some designs are large, single snowflakes, others are patterns or interesting groupings, and they are all printed one-sided. Coloring is fun no matter what your age. It's also a wonderful way to relax and release stress.

You can color these snowflakes anytime - over the winter holidays, or in the middle of summer when the weather is too hot!

dark woods and a frozen sea, lies an ogre's castle. There lives a little princess, trapped in the maze of her own mind. On a battlefield where the past meets the present stand a fairy godmother and a pirate, an old ice cream man and a knight in shining clean armor... The clock is ticking fast, and to pierce the ogre's secrets and defeat him, Island Chaptal will have to fight to remember...and stay alive. Can the Lions and the Roomba cats be stopped before it's too late? Flyboys Simon and Schuster As eighteen-year-old Cheryl Hunter escapes rural Colorado for the bright lights of Europe,

she does so with nothing more than an over-packed suitcase and a dream. Once there, her mind is bent on solving one problem alone: how does a small-town cowgirl pull off the feat of becoming an international supermodel? When Cheryl is abducted, raped and brutally beaten instead, she is faced with solving a much bigger problem: how does she survive? Using her journey of rising from the ashes as fuel, Hunter delivers a step-by-step method that can be applied by anyone who has ever dealt with less-than-favorable circumstances. In a world where—let ' s face it—life often hijacks our personal agendas, Cheryl shows you how to immediately take back the reins, design a life

you love, and become the unstoppable force of nature you were born to be.

Don't Look at the Monster Courier Corporation

Amanda Harcourt had one scorching night of incredible sex with Conleth Maguire on a Galveston, Texas beach ten years ago. Then she 'd left Con for a career in New York City. She 's back in Galveston now as the interior designer for the weird and wacky Castle of Dark Dreams, a theme park attraction. Old memories surface when she finds out that Con has been hired to paint the castle. Because no matter what she tries to tell herself, she 's never forgotten him or the rose tattoo on his hip. Con remembers everything

about Mandy, including the blue butterfly tattoo on her round little behind. And now that she 's back, he 's determined to make her realize what she abandoned so many years ago. Namely, him. He wants to paint the castle in darkly erotic colors. She 's into understated elegance. But they agree on one thing. Even grumpy wizards, telepathic cats, and voyeur plants won 't stop them from finishing what began on that beach.

day, Florrie Fox manages Color Me Read bookstore in Georgetown, Washington D.C. By night, she creates her own intricately detailed coloring books for adults, filling the pages with objects that catch her eye. There ' s plenty of inspiration in her new apartment—a beautiful carriage house belonging to Florrie ' s boss, Professor John Maxwell. He offers the property to Florrie rent-free with one condition—she must move in immediately to prevent his covetous sister and nephew from trying to claim it. When the professor ' s nephew, Delbert, arrives, he proves just as sketchy as Florrie

feared. But the following morning, Delbert has vanished. It ' s not until she visits the third floor of the store that Florrie makes a tragic discovery—there ' s a trap door in the landing, and a dead Delbert inside. The esteemed Professor Maxwell is an obvious suspect, but Florrie is certain this case isn ' t so black and white. Other colorful characters are on the scene, all with a motive for murder. With a killer drawing closer, Florrie will need to think outside the lines . . . before death makes his mark again. "Clearly this book was written by a genius."—Buzzfeed One Voice Raised CreateSpace

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don,

turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Scent of Butterflies Hay House, Inc

From the author of *Color Me Butterfly*, a poignant novel about a decades-long love affair and the complicated and unbreakable ties between two families that live worlds apart.

---

Morris Sullivan joins the navy in 1940 with a love of ships and high hopes. Though he leaves behind his new wife, Agnes, and their baby daughter, he is thrilled to be pursuing his lifelong dream—but things change when he is shipped off to Pearl Harbor when the war begins. When he narrowly survives the 1941 attack thanks to the courage of a black sailor he doesn't know, Morris is determined to seek out the man's family and express his gratitude and respect. On leave, he tracks down the man's sister in his own hometown of Boston—and finds an immediate and undeniable connection with the nurturing yet fiercely independent Beatrice, who has left the stifling South of her upbringing for the more liberal, integrated north. Though both try to deny their growing bond, their connection and understanding is everything missing from Morris's hasty marriage to his high school sweetheart and from Beatrice's plodding life as she grieves the brother she has lost. At once a family epic and a historical drama that brings the streets and neighborhoods of Boston vividly to life from World War II through the civil rights era to the present day, *A Life Apart* takes readers along for the emotional journey as Morris and Beatrice's relationship is tested by time, family loyalties, unending guilt, racial tensions, death, and the profound effects of war. *Famous Butterfly Species* Xlibris

## Corporation

Epistemic cognition, the philosophical core of metacognition, concerns people's knowledge about the justification and truth of beliefs. Multiple literatures in psychology and education address aspects of epistemic cognition. In the absence of a coherent conceptual framework, however, these literatures mostly fail to communicate with each other and often connect only loosely to genuine epistemology. This complicates any effort to achieve a systematic theoretical understanding of epistemic cognition and its development. Deanna Kuhn writes in her foreword, "Moshman is not the first to take on this challenge, but he fulfills it elegantly and, I

think, the most comprehensively and astutely." After reviewing the basics of philosophical epistemology and cognitive psychology, *Epistemic Cognition and Development* provides a compelling account of developmental change across childhood and beyond in knowledge about knowledge, especially with regard to fundamental conceptions of objectivity, subjectivity, rationality, justification, and truth. This is followed by detailed consideration of domain-specific epistemologies of science, logic, morality, social convention, history, and identity, including associated forms of reasoning. The final section provides theoretical conclusions,

---

educational and social  
applications, and  
suggestions for further  
research.
