Field Guide to the Electronic Environment
Plunkett Research, Ltd.

First published in 2013. Have you written the script for the next box office blockbuster or hit TV show and just need the right agent to sell it? Not sure whether to accept an if-come deal or a script commitment? Debating which manager is the right choice to steer your career? Well, worry no more...How to Manage Your Agent is a fun, friendly guide to the world of literary representation. Enter the inner sanctums of Hollywood's power-brokers and learn how they influence what pitches get bought, what projects get sold, and which writers get hired. Find tips from top-level executives, agents, managers, producers, and writers to help you maximize your own representation and kick your career into overdrive! You'll learn: How agents prioritize their client list... and ways to guarantee you're at the top; When to approach new representation... and what you need to capture their interest; Hollywood's secret buying schedule... and how to ensure you're on it; The truth about packaging... where it helps and when it hurts; Which agents are best for you... and where to find them; Advice on acing your first agent meeting... and why so many writers blow it; Managers' tricks for creating buzz... and when to use them yourself; How to fire your agent... without killing your career; When you don't need representation... and how to succeed without it. The value of good representation is undeniable—especially in a world where agents and managers control which projects (and careers) live or die. How to Manage Your Agent puts you on the inside track to get your work the attention it deserves!

The entertainment industry is one of the largest sectors of the U.S. economy and is in fact becoming one of the most prominent globally as well, in movies, music, television programming, advertising, broadcasting, cable, casino gambling and wagering, publishing performing arts, sports, theme parks, toys and games. The eighth edition of Entertainment Industry Economics differs from its predecessors by inclusion of a new section on the legal aspects and limitations common to all such 'experience' industries, reference to the emerging field of the psychology of entertainment, partial restructuring and expansion of the music chapter, enhancement of the section on advertising, and broadening of the coverage in the gaming and wagering chapter. The result is a comprehensive, up-to-date reference guide on the economics, financing, production and marketing of entertainment in the United States and overseas, that will interest investors, business executives, accountants, lawyers and arts administrators.

The Best of the Independent Rhetoric and Composition Journals 2012 represents the result of a nationwide conversation—beginning with journal editors, but expanding to teachers, scholars and workers across the discipline of Rhetoric and Composition—to select essays that showcase the innovative and transformative work now being published in the field's independent journals. Representing both print and digital journals in the field, the essays featured here explore issues ranging

from classroom practice to writing in global and digital contexts, from writing workshops to community activism. Together, the essays provide readers with a rich understanding of the present and future direction of the field. In addition to the introduction by Julia Voss and Beverly Moss, the anthology features work by the following authors and representing these journals: Jamie White-Farnham (Community Literacy Journal), Noah R. Roderick (Composition Forum), Kate Pantelides and Mariaelena Bartesaghi (Composition Studies), Heidi A. McKee (Computers and Composition), Rex Veeder (Enculturation), Matthew Pavesich (Journal of Basic Writing), Kelly S. Bradbury (The Journal of Teaching Writing), Derek N. Mueller (Kairos), Richard H. Thames (KB Journal), Jeanne Marie Rose (Pedagogy), and Melvete Melvin Davis (Reflections).

Shines a light on the ways in which civil procedure may privilege—or silence—voices in our justice system In today ' s increasingly hostile political and cultural climate, law schools throughout the country are urgently seeking effective tools to address embedded inequality in the United States legal system. A Guide to Civil Procedure aims to serve as one such tool by centering questions of systemic injustice in the teaching, learning, and practice of civil procedure. Featuring an outstanding group of diverse scholars, the contributors illustrate how law school curriculums often ignore issues such as race, gender, disability, class, immigration status, and sexual orientation. Too often, students view the #MeToo movement, Black Lives Matter, immigration/citizenship controversy, or LGBTQ+ issues as mere footnotes to their legal education, often leading to the marginalization of many students and the production of graduates that do not view issues of systemic injustice as central to their profession. A Guide to Civil Procedure reveals how procedure is, and always has been, a central pressure point in the struggle to eradicate structural inequality and oppression through the courts. This book will give students and scholars alike a more complex view of their roles as attorneys, sharpen their litigation skills, and provide a stronger sense of community and purpose in the law school classroom.

Federal Regulatory Directory Federal Regulatory Guide

This book is the most comprehensive and up-to-date source of information about ways in which consumer activism has reshaped the economic and political well-being of citizens in the United States and around the world. This all-encompassing collection of information about consumer activism and the consumer movement will provide students,

public officials, business groups, and other activists with a one-stop source of facts and insights. The contributors explore hundreds of major consumer protections that have significantly enhanced the quality of life and safety for all Americans, showing how these protections were won through the skillful and determined work of leading activists and activist organizations. Many of the stories told here are related by the activists themselves, often for the first time. More than 140 entries offer a comprehensive treatment of the consumer activism of specific organizations, their leaders, and strategies. The book also includes more than 40 entries about consumer movements in Europe, Asia, Africa, and Latin America. A timeline of key events and a listing of the most important books on the subject of consumer activism help provide context for the individual entries as do two introductory essays. Cross references in each entry establish linkages among topics. • Provides the single most comprehensive source available of information about consumer activism and advocacy • Shows how activism has influenced laws and regulations affecting more than 40 consumer issues • Shares personal accounts from activists about their work on these issues • Details information on U.S. national consumer organizations and many state and local consumer groups, including their goals, strategies, leaders, finances, and impact • Offers insights into the ways consumer activist groups have interacted with other nonprofits, policymakers, regulators, and business groups

Broadcasting & Cable "O'Reilly Media, Inc."

Now available in paperback—with a new preface and interview with Jessica Livingston about Y Combinator! Founders at Work: Stories of Startups' Early Days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days. These people are celebrities now. What was it like when they were just a couple friends with an idea? Founders like Steve Wozniak (Apple), Caterina Fake (Flickr), Mitch Kapor (Lotus), Max Levchin (PayPal), and Sabeer Bhatia (Hotmail) tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company. Where did they get the ideas that made them rich? How did they convince investors to back them? What went wrong, and how did they recover? Nearly all technical people have thought of one day starting or working for a startup. For them, this book is the closest

you can come to being a fly on the wall at a successful startup, to learn how it's done. But ultimately these interviews are required reading for anyone who wants to understand business, because startups are business reduced to its essence. The reason their founders become rich is that startups do what businesses do—create value—more intensively than almost any other part of the economy. How? What are the secrets that make successful startups so insanely productive? Read this book, and let the founders themselves tell you.

Atlanta Magazine Cambridge University Press The Federal Regulatory Directory, Sixteenth Edition continues to offer a clear path through the maze of complex federal agencies and regulations, providing to-the-point analysis of regulations. Information-packed profiles of more than 100 federal agencies and departments detail the history, structure, purpose, actions, and key contacts for every regulatory agency in the U.S. government. Now updated with an improved searching structure, the Federal Regulatory Directory continues to be the leading reference for understanding federal regulations, providing a richer, more targeted exploration than is possible by cobbling together electronic and print sources.

Television & Cable Factbook Apress Now in a second edition, this textbook

surveys the channels, platforms, and programming through which television distribution operates, with a diverse selection of contributors providing thorough explorations of global media industries in flux. Even as legacy media industries experience significant disruption in the face of streaming and online delivery, the power of the television channel persists. Far from disappearing, television channels have multiplied and adapted to meet the needs of old and new industry players alike. Television viewers now navigate complex choices among broadcast, cable, and streaming services across a host of different devices. From Networks to Netflix guides students, instructors, and scholars through that complex and transformed channel landscape to reveal how these industry changes unfold and why they matter. This second edition features new players like Disney+, HBO Max, Crunchyroll, Hotstar, and more, increasing attention to TV services across the world. An ideal resource for students and scholars of media criticism, media theory, and media industries, this book continues to offer a concrete, tangible way to grasp the foundations of television—and television studies—even as they continue to be rewritten.

Plunkett's E-Commerce & Internet Business Almanac 2006

The Internet didn't kill TV! It has become its best friend. Americans are watching more television than ever before, and we're engaging online at the same time we're tuning in. Social media has created a new and powerful "backchannel", fueling the renaissance of live broadcasts. Mobile and tablet devices allow us to watch and experience television whenever and wherever we want. And "connected TVs" blend web and television content into a unified big screen experience bringing us back into our living rooms. Social TV examines the changing (and complex) television landscape and helps brands navigate its many emerging and exciting marketing and advertising opportunities.

Social TV topics include:

Leveraging the "second screen" to drive synched and deeper brand engagement
Using social ratings analytics tools to find and target lean-forward audiences
Aligning brand messaging to content as it travels time-shifted across devices
Determining the best strategy to approach marketing via connected TVs
Employing addressable TV

advertising to maximize content relevancy
Testing and learning from the most cutting-edge emerging TV innovations
The rise of one technology doesn't always mean the end of another. Discover how this convergence has created new marketing opportunities for your brand.
